WORK TRK

Never asked for much in $1 / 2$ mile session while producing an initial $1 / 4$ in 24.3
\& finishing up slightly better than started in 24.2.
08/17 DMR/FT 4F 48.4h
Went an easy $1 / 2$ mile from the three eighth's pole. Found the wire in 36.2 \& finished up the final furlong in a solid 12.0 flat.
$\begin{array}{lllll}\text { Just Grazed Me } & 10 / 27 & \text { SA/FT } & 4 F & 49.8 \mathrm{~h}\end{array}$
Spotted stablemate ROCKO'S WHEEL a length advantage leaving the $1 / 2$ on the training track \& played the stalker's role going around the turn \& finished up well to be all even at the wire while appearing best while under a strong hold late.

10/05 $\quad$ SA/FT $\quad$ 5F 101.8 h
Began three lengths behind OUR ROMANCE \& was content to track from that position until upper stretch as the pair finished up stride for stride in the final sixteenth.

08/08 DMR/FM 4F 47.6h
Looked very comfortable over the local sod while flashing good speed from the outset. Just missed in comeback effort after being away seven months \& will likely improve with the recent experience.

## Ippodamia's Girl

10/24 $\quad$ SA/FT $\quad 5 \mathrm{~F} \quad 102.2 \mathrm{~h}$
Departed the $1 / 2$ mile marker under a hold \& traveled easily through splits of 12.3, 25.2 \& 37.4. Hit the wire in 50.0 \& continued on on out to the seven eighth's pole in 12.1.

08/22 DMR/FM 6F 113.6h
Looked very good covering six furlongs on the grass as a solo while finishing up well to cover the last $1 / 4 /$ in 24.2. First try at today's distance. Gypsy Blu 10/05 SA/FT 4F 48.4 h Departed the $1 / 2$ under a hold while producing splits of $12.2,24.2$ \& negotiating the length of the stretch in 24.0 flat.

08/08 DMR/FM 3F 37.8h
Easy three panel gallop over the local lawn while appearing capable of offering much more if called upon.
$\begin{array}{lllll}\text { Don't Sell } & 10 / 26 & \text { SA/FT } & 4 F & 48.2 \mathrm{~h}\end{array}$
Easy $1 / 2$ mile maintenance mode maneuver while producing fairly even fractions from the outset. Finished up well to cover the final $1 / 4$ in 24.0 flat.

09/23 SA/FT 4F 48.0h
Looked much the best over HAMMERING LEMON in $1 / 2$ mile team session while earning five lengths faster time. The turn back in distance should lead to improved effort.
$\begin{array}{lllll}\text { Dearborn } & 10 / 27 & \text { SA/FT } & 5 \mathrm{~F} & 100.0 \mathrm{~h}\end{array}$
Departed the $1 / 2$ mile marker as a solo \& traveled well early to post splits of 12.1, 24.2 \& 36.0 . Found the wire in 48.1 \& continued on out another furlong in 11.4.

09/19 SA/FT 5F 101.4h
Better than average mid range session while producing splits of 12.2, 24.3
\& 37.0. Picked up the pace in the stretch run to finish off the final $1 / 4$ in 24.2 . Apache Princess $10 / 26$ SA/FT $4 F \quad 50.2 \mathrm{~h}$
Effortless solo run from the $1 / 2$ mile marker while never under a hint of pressure for drill's duration.

10/19 SA/FT 5F 102.4h
Worked in company with GRECIAN FIRE \& moved stride for stride in well matched team drill from the outset while neither competitor was being asked for much in the way of serious run.

08/10 DMR/FT 5F 101.2h
Appeared slightly best over FREDRICKTOWN in five furlong team drill while winning out by a length in the final yards. The added distance today could help her turn the tables on MUCHO UNUSUAL this time around.

## $2^{\text {nd }}$ RACE

## Roadster 10/22 SA/FT 5F 59.6h

Spotted HOT SEAN a length advantage leaving the five eighth's pole \& was content to track for the bulk of the drill. Picked up the pace in upper stretch to make up the initial deficit to finish up more or less on even terms in very solid team drill.
$\begin{array}{lllll}\text { Horse Greedy } & \text { 10/25 } & \text { SA/FT } & \text { 5F } & \text { 101.0h }\end{array}$
Worked in company with FLAGSTAFF \& was spotted a length advantage leaving the five. Was content to lead the way until mid turn as the pair finished up the length of the stretch on even terms.

## Flagstaff $10 / 25$ SA /FT $\quad 5 \mathrm{~F} \quad 100.8 \mathrm{~h}$

 Worked in company with HORSE GREEDY after spotting his rival a length advantage leaving the five. Was content to track until mid turn as the pair finished up the length of the stretch on even terms in strong mid range team session.SA/FT 5

COMMENT
DATE COND DIST WORK
Easy solo run from the five while posting an internal split of 37.1 . Finished up the length of the lane in 24.1.

08/10 DMR/FT 5F 100.4h
Looked good in five panel solo session while earning a 36.3 interior split \& kicking home the final $1 / 4$ in a strong 23.4.
Extra Hope 10/26 SA/FT 5 5F 100.8 h
Traveled stride for stride with stablemate, TIGER SILK from the outset of leaving the five eighth's pole in well matched team drill while leaving a positive impression. May come running late to catch the tiring speed.

09/21 SA/FT 5 5F 100.8 h Worked in company with a stablemate DRAMA FOR MAMA The duo traveled on even terms to finish up all square at the wire while covering the length of the stretch in 23.3 .

## Comical Ghost

10/24 SA/FT 4F 48.4h
Solid maintenance mode $1 / 2$ mile solo session while under some sense of restraint from the outset. Finished up willingly to cover the length of the stretch in 24.0 flat.

09/21 SA/FT 5 5F 100.8 h
Hooked up with MAGIC ON TAP leaving the five in equal terms \& traveled stride for stride for drill's duration in well matched team drill. _ $3^{\text {ra }}$ RACE
Succeedandsurpass (IRE) $\quad 10 / 16$ SA/FT $\quad 5 \mathrm{~F} \quad 102.2 \mathrm{~h}$
Departed the five on the training track two lengths behind ZUCHERA \& tracked through splits of $25.2 \& 38.1$. Finished up well to make up the original deficit \& win out by three lengths at drill's conclusion. Should appreciate the added furlong today \& appears to be on the improve.

09/22 SA/FT 4F 49.2h
Was in no hurry early while opening with a 24.4 \& finished up better than started in 24.2.
Originaire (IRE) $10 / 27$ SA/FT 4 4F 49.2 h
Easy $1 / 2$ mile maintenance mode maneuver while never under a glimpse of pressure while galloping out a strong five furlongs in 101.3.

08/25 DMR/FM 5F 101.4 h Appeared comfortable over the local lawn which comes as no surprise since he already has a win over the course from well off the pace in average time but in his defense the fractions were a gallop on the front end \& still able to run them down.
$\begin{array}{llll}\text { Ocean Fury } & 10 / 26 & \text { SA/FT } 4 \mathrm{~F} & 49.4 \mathrm{~h}\end{array}$
Never summoned for much in maintenance $1 / 2$ mile maneuver while remaining under a hold for drill's entirety.

08/24 DMR/FT 5F 102.0h
Appeared much the best over CALL ME DADDY in five panel session over the main track. Good win in most recent going a mile \& the extra sixteenth of a mile today should not pose a problem.
$\begin{array}{lllll}\text { Nolde } & 10 / 25 & \text { SA/FT } & 5 \mathrm{~F} & 102.2 \mathrm{~h}\end{array}$
Never asked for much in mid range solo maneuver while appearing capable of more if called upon in the stretch run.

08/24 DMR/FT 5F 100.4h Looked best over TAKEO in team drill while winning out by three lengths at drill's conclusion.
Neptune's Storm $\quad 10 / 25$ SA/FT 5 5F 103.0 h
Spotted BOB AND JACKIE a length advantage departing the five on the training track. The pair were on even terms after the opening eighth \& finished up stride for stride for the final $31 / 2$ furlongs.

08/25 DMR/FM 5F 102.2 h
Maintenance mid range maneuver over the grass while never being asked for a hint of run.

| $M o$ | Forza | DMR/FT | 4 F |
| :--- | :--- | :--- | :--- |
| Has proven | 49.4 h |  |  |

Has proven himself on the grass having never been worse than third in three career starts all on sod. Recent drill was of the maintenance variety while never tapping into any energy reserves in the process. Repeat of last race would make him a standout.
$\begin{array}{llll}\text { Kingly } & 10 / 26 & \mathrm{SA} / \mathrm{FT} & 5 \mathrm{~F} \\ 102.8 \mathrm{~h}\end{array}$ Easiest of maintenance mode mid range maneuvers while never under a glimpse of pressure to finish up the final $1 / 4$ in 24.3 .

08/26 DMR/FT 5F 102.6h
Looked very good in lone grass start while leading from the outset in very quick time on a very fast course. Connections rarely run on the grass but this guy could be a standout. Most recent five panel move was an easy five furlong gallop while holding on to full energy reserves.
$\begin{array}{lllll}\text { Hackberry } & 10 / 26 & \text { SA/FT } & 5 \mathrm{~F} & 101.2 \mathrm{~h}\end{array}$ Looked better than average in solo five eighth's run while earning an interior split of 36.4 \& finishing up the final $1 / 4$ in 24.2.
2

Easy $1 / 2$ mile maintenance mode maneuver while holding on to full energy reserves in the process.

08/25 DMR/FT 4F 48.6h
Easy $1 / 2$ mile solo session while finishing up better than started in a solid 24.1.
$4^{\text {th }}$ RACE
Selcourt 10/26 SA/FT 5F 59.6h
Looked good in solo five furlong session while showing good speed from the outset \& finishing up willingly in 23.3.

09/21 SA/FT $6 F 113.8 h$
Good solo elongated run while posting fractions of 24.0, 36.1 \& 48.2. Finished up slower than the drill began but in her defense she was on cruise control getting the final $1 / 4$ in 25.2. She fits nicely with these in wide open event.
Heavenhasmynikki $10 / 24$ KEE/FT 5F 104.8b
Easiest of five furlong drills at KEENELAND while surely being capable of more if called upon. This gal is a win machine having won eight times from her fifteen career starts. She'll be a price with this bunch but she's all heart.

## Covfefe <br> 10/18 CD/FT 6F 112.2b

broke from the 5 and worked 24.4, 36.4 and 59.3 and finished in 112.1.
She also looked good on the gallop out in 125.3 while kept to her task by her rider.
Come Dancing 10/19 BEL/FT 6F 110.2b
sizzled six furlongs in 110 and change. She was given a target horse eight lengths in front and 'Dancing responded with 22.2 and 33.1 and
56.2. She galloped out in 1:23 and change.

Bellafina $10 / 26$ SA/FT 4F 48.2 h
Once considered one of the best three year-old fillies in the land she's taken a step back in her last three races. This maintenance mode $1 / 2$ mile session was easily accomplished while finishing up better than started in 23.4. Loves this distance.

## $5^{\text {th }}$ RACE

## Stubbins $\quad 10 / 26$ SA/FT 4F 49.2h

Never asked for much in solo $1 / 2$ mile maintenance mode move while surely being capable of more if called upon. She looked good in winning a grass sprint at Keeneland at this very distance. Exotic's players looking for a price may want to us this three-year-old in your plans.

## Stormy Liberal

08/11 DMR/FT 4F 49.2h
Been away since late March when third in DUBAI TURF SPRINT. Loves this course having won the BREEDER'S CUP GRASS SPRINT here in 2017. The two local drills we've seen have been mere gallops while never being summoned for a glimpse of run. Is her vulnerable off the layoff at a short price?
Legends of War $10 / 25$ SA/FT $\quad 4 \mathrm{~F} \quad 48.2 \mathrm{~h}$
Produced even fractions throughout in solo $1 / 2$ mile session while never under a hint of urging. First try at this distance but it should compliment his running style.

## Eddie Haskell

10/26 SA/FT 4F 47.0h
Flashed good speed from the outset of departing the $1 / 2$ mile marker as a solo to polish off the final $1 / 4$ mile in 23.4. Should relish the $51 / 2$ furlong distance \& Rosario returning to ride adds to the attraction.

09/20 SA /FT 4 4F 48.8h
Easy solo $1 / 2$ mile session while finishing up better than started in 24.1 void of any urging. Love the rider switch to Rosario.

08/11 DMR/FM 3F 36.8h
Has won four of his last five \& six of seven runs over this course \& has beaten STORMY LIBERAL in the recent past. Three panel grass drill was just to get some air into his lungs at his leisure. Another that loves this distance.
Double Touch (GB) 10/25 SA/FT 6F 118.0h Worked in company w/ DECLARATIONOFPEACE while appearing slightly second best but in his defense he wasn't being asked for much in this elongated gallop.

09/20 SA/FT 5F 102.4h
Worked all square with NOBLE PURSUIT while matching strides from the outset of leaving the five eighth's pole with neither competitor being asked in the final stages. Turn back in distance is interesting \& this sprint could suit him well.

## $6^{\text {th }}$ RACE

Snapper Sinclair
10/21 SA/FT 5F 101.4h
Looked pretty comfortable over the main track in solo five panel maintenance maneuver while finishing up the final $1 / 4$ in 24.2 .

## Omaha Beach

10/23 SA/FT 5F 59.6h
Looked exceptionally good in comeback effort to win the Santa Anita Sprint Championship in very game fashion in very quick time of this dull surface at not his best distance. He was weary the next morning while still asleep in his stall after the 8:00 AM hour. This drill was impressive. Left the five full of run to post splits of 11.3, 23.4 \& 35.3. Finished up very well to cover the length of the lane in 24.0 flat. Looked great in schooling session on Wednesday morning. The mile distance should be to his liking.

09/27 SA/FT 4F 46.6h
Worked in company with MAGIC RATE \& proved much the best in the stretch run after leaving the $1 / 2$ on even terms but MAGIC RATE did experience some traffic problems in the final furlong.

Mr. Money
10/19 CD /FT 5F 59.2b
worked 5 furlongs in a solid 59.1 and galloped out well in 111.4 and a mile in 141 and change. He reportedly has always been a very willing worker in the morning.
Improbable $10 / 27$ SA/FT 5 5F 59.2 h
Traveled very well from the outset in solo session while flashing good speed \& finishing up with that same energy in the stretch run. Easier winner in both tries at this distance.

08/18 DMR/FT 5F 100.0hG
Came out of the gate with GEORGIAN ROAD. The pair broke on even terms \& traveled well through the lane while matching strides around the clubhouse turn to finish up all square after completing five furlongs. Been away since the Preakness \& foundation of drills for return have been very solid.

Giant Expectations $10 / 26$ SA/FT |  | 5F | 101.0 h |
| :--- | :--- | :--- | :--- |

Not sure whether by design or fate but looked second best to DRAFT PICK in team session while losing out by a length in five panel team drill.

08/17 DMR/FT 5F 58.2h
The quick time speaks for itself while cruising at a high speed from the outset of departing the five \& traveling very well in deep stretch. Won this race in 2017.
Coal Front $10 / 25$ BEL/FT 4F 51.0b
worked a half in 25.2 and 25.3 before galloping out in 104 in strictly a conditioning drill.
worked five furlongs coming to the wire in 24.3 for five furlongs in 101.3 b change before galloping out seven furlongs in 128 and change. $\begin{array}{lllll}\text { Blue Chipper } & 10 / 29 & \text { SA/FT } & 3 F & 34.8 \mathrm{~h}\end{array}$
Caught to this guy in easy five panel gallop for the most part. Posted splits of $13.4,27.2 \& 40.2$. Finished up in decent fashion in 25.1 in get acquainted gallop over the main track. He's won seven of eighth in Korea so he's good but not sure where he really fits in this country facing some of the top three-year-olds.
$7^{\text {th }}$ RACE
Vasilika $\quad 08 / 25$ DMR/FT 4F 47.8h
Turf specialist works mainly over the dirt \& this particular drill was solid from the outset while showing good speed while under a strong hold for drill's entirety.
Sistercharlie (IRE) 10/26 BEL/FM 5F 100.9b
worked in company with her race rabbit, Thais, and came home in 35.3 for five furlongs in a shade under 101 on the Belmont grass. Her trainer was reportedly very pleased with how she's coming up to the race.

10/20 BEL/FM 4F 49.1b
was strictly getting some leg stretching exercise today working in company on the turf in 49.0.
Mirth
10/27 SA/FT 5F 101.8h
Began the drill ten lengths behind two stablemates leaving the five on the training track. Posted splits of 12.2 \& 24.1. Finished up the final three eighth's of a mile in 37.3 while making up much less than $1 / 2$ of the initial deficit.

$$
09 / 16 \quad \mathrm{SA} / \mathrm{FT} \quad 4 \mathrm{~F} \quad 51.0 \mathrm{~h}
$$

Never showed much over the training track in solo $1 / 2$ mile run. Opened with a 25.0 split \& finished up the last $1 / 4$ in a dull 26.0 flat.

08/11 DMR/FM 4F 50.6h
Appeared very comfortable over the grass in $1 / 2$ mile maintenance session while under some sense of restraint for drill's duration.
$8^{\text {th }}$ RACE
Shancelot 10/26 SA/FT 4F 46.4h
Game second to OMAHA BEACH in the Santa Anita Sprint Championship. He's very comfortable over this surface \& most recent drill was more of the same. Lots of speed. You get a better price here over MITOLE who may be vulnerable over this more tiring surface.

09/29 SA /FT $4 F \quad 47.2 \mathrm{~h}$
Looked very comfortable over the local main track in solo run while never being asked for much in the process.
Mitole $10 / 22 \quad$ SA/FT 5 F 58.8 hG
Looked great out of the gate while flashing good speed from the outset to earn a $1 / 2$ mile split of 46.0 flat. Was geared down a bit in the final stages while covering the final furlong in 12.4.
Landeskog
Traveled very well from the outset of leaving the $1 / 26$ SA /FT $4 F$ 47.0h
Traveled very well from the outset of leaving the $1 / 2$ as a solo while showing good speed \& interest for drill's entirety.

## Firenze Fire $10 / 26$ BEL/FT 5F 100.8 b

opened in 24.4, but spotted a horse in front of him and that got the $\begin{array}{lllll}\text { competitive juices going as he went } 23.1 \text { and finished up in 100.4. } \\ \text { Engage } & 10 / 21 & \text { SA /FT } & 5 \mathrm{~F} & 103.0 \mathrm{~h}\end{array}$ Went an easy five from the $1 / 2$ mile marker to the seven eighth's pole while under some sense of restraint for drill's duration.

## Catalina Cruiser $10 / 25 \quad$ SA/FT $4 F \quad 47.8 \mathrm{~h}$

Traveled in hand from the outset of leaving the $1 / 2$ mile marker while still showing good speed from the outset while never being allowed to run. Inside post a bit of a hindrance but we love the rider switch to ROSARIO.

Barn having a great meet with multiple graded stakes wins. Left the five in hand \& traveled willingly for drills duration. Hit the wire in 100.4 \& continued on out to the seven eighth's pole to cover the final furlong in 11.4.

## $9^{\text {th }}$ RACE

## Uni (GB)

10/26 BEL/FM 4F 49.1b
worked on the grass at Belmont in company. They went off a bit slow in 27.0, but were asked to pick it up and came home strong in 22.1. She worked like she races.

10/20 BEL/FM 4F 49.5b
looked very good working in company on the lawn. The duo came home in $\mathbf{2 2 . 2}$ for a half mile in 49.2.
$\begin{array}{lllll}\text { True Valour (IRE) } & 10 / 26 & \text { SA /FT } & 5 \mathrm{~F} & 101.4 \mathrm{~h}\end{array}$ Easiest of mid range maintenance mode maneuver while appearing surely capable of more if called upon. Ran huge at this trip in very fast time over this coast in most recent \& the 20-1 morning line is attractive.

09/29 $\quad$ SA /FT $\quad$ 5F $\quad$ 101.4h
Typical five panel maintenance mode maneuver for this guy while surely being capable of more if called upon.

## Got Stormy $\quad 10 / 19$ CD/FT 5 5F 101.2 b

broke off a few lengths behind a barnmate, caught up as they left the turn and was in front at the wire in 1:01.1 before galloping out in 1:15 and change.
Bowies Hero $10 / 26$ SA/FT 4 4F 49.6h
Was part of a staggered threesome over the training track while leaving in front of MISCHIEFFE \& ABUSIVE GARY by a length. The trio finished up on more or less even terms while in maintenance mode from the outset.

08/11 DMR/FM 5F 103.4h
Worked more or less with RED ISLAND after being spotted a two length advantage leaving the five \& finishing up all even at the wire while drilling over the local lawn.

## Bolo 10/26 SA/FT 5F 102.4 h

Departed the $1 / 2$ on even terms with SMOKEY IMAGE \& looked best at the wire in 48.1 but went on out to the seven eighth's pole in dull fashion. He's run some big races locally at this distance but he's not the same gelding that won the Grade 1 Shoemaker Mile last May.

09/25 SA/FT 5 5F 102.6h
His last three five furlong drills have just been average for this guy but in his defense he wasn't being summoned for much in the process. Felt apart late in most recent at Del Mar when beaten soundly by PRINCE EARL. He loves this surface having won five of ten starts on the local lawn.

08/08 DMR/FM 5F 101.6h Maintenance mode maneuver over the grass as a solo while surely appearing comfortable in the process.

## $10^{\text {th }}$ RACE

## Street Band $\quad 10 / 21$ CD /FT 5 F 59.8b

worked solo starting off slow and picking up the pace in 35.2 and coming to the wire in 59.3. She continued out in 113.2 and 127 and change. Solid work.
Secret Spice 10/26 SA/FT 5F 59.8 h
Good solo session while going off in quick fashion in 11.4 \& finishing up the final $1 / 2$ mile in 48.0 flat. First try at this distance but has had good success over this surface.

09/14 $\quad$ SA/FT 6 6F 112.6 h
Looked very good in solo elongated six furlong move. Left the six under a hold with rider high in saddle. Remained under restraint traveling down the backstretch \& into the turn. Was striding out nicely through the lane under a long hold when asked to pick up the pace in the final furlong while responding nicely to the slight shake of the reigns. OLLIE'S CANDY clipped her by a nose in their latest match up but this gal to the worst of it early with a bad start.

## $\begin{array}{lllll}\text { Paradise Woods } & 10 / 27 & \text { SA/FT } & 5 \mathrm{~F} & 100.0 \mathrm{~h}\end{array}$

Typical solo session for this gal. She is very eager always early \& sort of flattens out in the final stages. Still she's very capable of throwing in a big effort when SHE wants.

$$
09 / 23 \quad \text { SA /FT } \quad 5 \mathrm{~F} \quad 59.6 \mathrm{~h}
$$

Looks good physically but she either shows up or she doesn't without the consistency we saw earlier in her career. Easy solo five panel run while in no hurry early. Traveled well around the turn while appearing keen to go on. Was wide in the stretch \& never allowed really run through the lane.

## Ollie's Candy 10/26 SA/FT 4F 47.0h

Worked on even terms with TIZAANILLUSION as the duo flashed good speed from the outset in well matched team drill.

09/21 $\quad$ SA/FT 5 5F 102.0 h
Just nosed out SECRET SPICE in most recent in G1 event at Del Mar at this distance. Most recent five panel drill was all maintenance while never being allowed to offer much in the way of effort.

## Mo See Cal 08/06 DMR/FT 4F 47.8h

Looked very good in solo session while getting a $1 / 2$ mile. Opened with a 23.4 split \& finished up the length of the lane in 24.0 flat.

## Midnight Bisou <br> 10/21 SA/FT 5 5F 100.4 h

Has had the benefit of training locally for almost a month \& she appears to like the main track track despite being a bit slower than most other surfaces. Hooked up with stablemate, COMEDIAN leaving
the five on even terms \& matching strides for drill's duration. She's a standout in this crowd \& is unbeaten in seven starts this year including four Grade 1 events.
$\begin{array}{lllll}\text { La Force (GER) } & 09 / 22 & \text { SA/FT } & 5 \mathrm{~F} & 101.2 \mathrm{~h}\end{array}$
Easily accomplished mid range maintenance mode session while finding best stride in the stretch run to cover the final $1 / 4$

08/22 DMR/FM 5F 100.6h
Traveled well going five furlongs over the local lawn while never under a hint of pressure but her career grass results have been less than impressive.
Dunbar Road $10 / 19$ BEL/FT 4F 48.8b

$11^{\text {st }}$ RACE
United 10/23 SA/FT 6F $\quad 113.2 \mathrm{~h}$
Looked best in company with Gary Mandella trained, VEGAS PALM while leaving the five trailing by several lengths \& drawing clear hundred yards out from the wire \& continuing on out another furlong to post solid elongated six panel time in stamina session. Never has been this far but bred to run all day.

09/20 $\quad$ SA/FT $\quad 7 \mathrm{~F} \quad 125.6 \mathrm{~h}$ Looked very good in company with Gary Mandella trained, IF I'D TOLD YOU. The duo left the six on equal terms \& traveled stride for stride to mid stretch. Looked best at the wire \& continued on an extra furlong to earn solid seven eighth's time.
Should relish the added distance being by GIANT'S CAUSEWAY even through he's never been this far. Most recent drill was an easy five panel maneuver while under some sense of restraint from the outset \& holding on to full energy reserves. Likes this course \& leading rider jumps off OSCAR DOMINGUEZ to climb aboard this guy.
Channel Maker $10 / 27$ SA/FT 4 4F 49.8 h

Never asked for a hint of run in $1 / 2$ mile gallop over the main track while surely being capable of tons more if called upon. He's proven at this distance \& should give a good account of himself.

10/18 BEL/FT 4F 50.0b
was not asked for much and was under a hold working a half mile in 50.0 . Just some exercise before leaving NY.

## Channel Cat <br> 10/25 BEL/FT 4F 49.4b

worked in company on the Belmont training track and went 24.4 and 24.3 before galloping out in 102.3. It was a decent drill for a turf horse.
Bricks and Mortar 10/26 BEL/FM 4F 49.1b
worked an easy half outside a workmate on the inner turf course at Belmont getting the last three furlongs in 35.3 .

10/20 BEL/FM 5F 100.0b worked in company on the turf going five furlongs in a minute with the final three furlongs in 35.3. Chad Brown was reportedly very happy with the work.
Arklow
10/19 CD/FT 4F 47.8b
worked in company and was just best in 47.4. He had to be tapped a couple of times by the rider going into the turn on the gallop out in 1:01 and change and galloping out in 128.3.

## Acclimate $10 / 26$ SA/FT $\quad 5 \mathrm{~F} \quad 101.2 \mathrm{~h}$

Easy five eighth's maintenance run on his own while earning an interior split of 37.0 flat $\&$ finishing up the final $1 / 4$ mile in 24.1.

09/16 SA/FT 5 5F 102.2 h
Found some company with ISOTHERM. Ran away from his company leaving the five which was not part of the plan running off to a five length advantage. Led the way while under a hold waiting on his company to catch up. Held a two length advantage going around the turn. The pair were on even terms for the final furlong while both horses were under strong holds.

08/11 DMR/FT 5F 100.4h
Traveled well from the beginning in solo five furlong session while finding best stride in the latter stages to cover the final furlong in 11.3.

## $12^{\text {nd }}$ RACE

Yoshida (JPN) $\quad 10 / 27$ SA/FT $4 \mathrm{~F} \quad$ 50.0h
Was in no hurry early departing the $1 / 2$ mile marker to record splits of 13.3 \& 26.2. Found best stride in the stretch run to finish off the final $1 / 4$ in 23.3. Finished a close up fourth in last year's Breeder's Cup Classic. Should be running late.
War of Will $\quad 10 / 25$ SA/FT 4 4F 47.4 h
Showed good speed for this $1 / 2$ mile drill while sustaining a good pace from the outset \& finishing up better than started in 23.3. Preakness winner appears comfortable over this surface.

## Vino Rosso

10/25 BEL/FT 4F 48.4b
again worked on the training track at Belmont and broke off a couple of lengths behind a workmate. Went the first quarter in 24.4 and easily went by on the outside coming home in 23.3 . He galloped out in 101.1 and 114.3.

10/18 BEL/FT 5F 101.6b worked on the Belmont training track. He broke off a length behind a workmate, pulled even after three furlongs in 37.4 and finished in front in 1:01.3 before galloping out 1:14.4 and 1:27. The connections are reportedly very happy with his training.

## Seeking the Soul

10/26 SA /FT 5F 101.4h Was keen to go upon leaving the five as a solo to produce splits of 11.4 \& 23.4. Didn't keep that same pace as he finished up the final three eighth's of a mile in an average 37.3.

## Owendale 10/19 CD/FT 6F 113.6 b

was supposed to sit behind a workmate, but that one didn't cooperate, so Owendale led inside under a strong hold in a pedestrian 26.1 and 34.0. He was asked a bit to come home in 23 and then drew off when asked in 1:13.3 and 1:27.

## Mongolian Groom

## 10/27 SA/FT 5F 102.0h

Surprise winner of the Awesome Again Stakes at odds of 25-1 going a furlong shorter. Most recent drill five panel session was easily accomplished while posting fractions of $24.4 \& 37.2$. Finished up better than started to cover the final $1 / 4$ in 24.3 .

## 09/14 SA/FT 3F 36.6h

Easy three furlong run while opening with a 12.2 split \& finishing up the final

## 1.4 mile in 24.1 while traveling effortlessly. <br> McKinzie <br> 10/22 SA/FT 7F 124.4h

Had no excuse in the Grade 1Awesome Again locally when second to longshot, MONGOLIAN GROOM. Looked very good in this solo session while leaving the six furlong marker and posting a five eighth's time of 100.0, six panels in 112.0 flat \& going on out seven furlongs in 124.2. Pretty solid stamina move. Gets a new rider in strong riding JOEL ROSARIO who replaces MIKE SMITH.

09/16 SA /FT 5F 59.8h
Drilled five panels by himself. Left the pony at the six \& had a good run leaving the five eighth's pole. Traveled comfortably under a long hold around the turn. Picked up the pace at the quarter pole while
under the same long hold he started with while galloping out a good six furlongs in 112.4.

## Higher Power <br> 10/26 SA/FT 6F 112.6h

 Began the drill about five lengths behind FOXTAIL departing the six \& was content to track early. Began picking up the pace going into the turn \& proved best in the stretch run to win out by daylight. Lost all chance in most recent with troubled start. A repeat of Pacific Classic winning effort would put him in this mix.09/22 SA/FT 6F 113.0h Worked in company with FOXTAIL. Left the six about two lengths back \& was content to trail early while under a hold. Tracked from the position heading into the turn. Dropped as much as four lengths back at mid turn \& picked up the pace to chase his workmate down fairly easily as he drew away late in traffic.

$$
\text { 08/10 DMR/FT 6F } 113.4 \mathrm{~h}
$$

Better than average elongated stamina solo session for this guy while finishing up well to negotiate the length of the stretch in 24.3. Returns to the dirt after two good efforts on the grass \& was a well beaten fifth in lone try at this distance.

## Elate

## 10/27 SA/FT 3F 36.8h

Easy three panel get acquainted drill to get a feel for the main track while not being asked for a hint of run. Interesting to note she's unbeaten at this classic $11 / 4$ distance in three tries \& has to be respected despite facing the boys. This is the ten year anniversary of Zenyatta besting her male counterparts in the BC Classic in 2009. Is it possible again?

10/19 $\quad$ CD /FT 3 3F 34.6 b
officially worked just 3 furlongs in 34.3 and out in 47.3, but she had galloped a mile prior to that and the work was visually very good.

## TIM OSTERMAN'S FAST FIGS

## Nov 02 2019-SANTA ANITA

|  |  |
| :---: | :---: |
| Lady Ninja tracked the pacesetting Selcourt while saving ground and appeared to be in good striking distance throughout. She also appeared to be blocked into the stretch when a seam magically opened and she was able to get outside of Selcourt without breaking striding. She gamely wore that one down to win a very tight photo. Any trouble getting through, though, and she no doubt comes up short. |  |
| Come Dancing got paid for what was essentially a glorified team drill as five went and two were outrun from the bell. She quickly assumed a 3wide position tracking the leaders, loomed up on their outside into the stretch and assumed command relatively quickly while dropping down to the rail for the final 100 yards. The whip was never out and this looked a lot like Covfefe's prep a day earlier. |  |
| Spiced Perfection broke very awkwardly in the TCA and found herself dead last early. However, she quickly pulled herself up into a midpack position on the backstretch, came off the rail to split horses entering the turn and then was blocked and lost a bit of momentum while trying to split the leaders in mid-stretch. However, she was able to get through without losing much steam and had enough left to off the late-running Dawn the Destroyer. Impressive win. |  |
| Dawn the Destroyer was allowed to lag early in the TCA at Keeneland, started her run on the turn and finished steadily out in the middle of the track. She was finishing fastest, but could not quite catch up to troubled winner Spiced Perfection. She was much farther back than usual in this one. |  |

| 5th RACE |  |
| Eddie Haskell broke well from the rail and was not asked for early speed as the jock took him back towards the rear of the field. He unleashed a furious rally on the outside, but ended up second best. With a better post, he might not lose position early and that could help him improve next time out. |  |
| Imprimus didn't have the best of trips as he had to steady entering the far turn, he was bumped and behind runners while trying to rally in the stretch and it was too late when he was finally clear as he finished 3rd. He didn't accelerate late, but a cleaner trip can only help. |  |
| Om started from the outside post and received a four-wide trip throughout. He shot to the lead at the $1 / 8$ pole when he finally switched leads and was able to hold on at the wire. |  |
| 6th RACE |  |
| Omaha Beach was coming off a six-month layoff and using this sprint as a prep for the B.C. Dirt Mile. He broke decently and was about three lengths off the frontrunning heavy favorite as they hit the turn. He was boxed in on the rail on the turn with the rider sitting chilly waiting for room. The leader drifted out as they turned for home and 'Beach dug in on the inside and was able to get his nose up at the wire after a stretch-long duel. |  |
| Improbable acted up in the gate, got caught flat-footed when the gates opened and was last early. He raced in 4th a couple of lengths off the leaders down the backstretch in a very slow first half mile. He was kept inside and a whole opened up on the rail as they turned for home, but he showed no burst and finished 4th as a big longshot went last to 1st on the outside. It was reported the rail was dead, but it was still a disappointing effort. |  |

## th RACE

Lady Ninja tracked the pacesetting Selcourt while saving ground and appeared to be in good striking distance throughout. She also appeared to ocked into the stretch when a seam magically opened and she was able to get outside of Selcourt without breaking striding. She gamely wore and she no doubt comes up short
Come Dancing got paid for what was essentially a glorified team dril as five went and two were outrun from the bell. She quickly assumed a $3-$ wide position tracking the leaders, loomed up on their outside into the re and assumed command relatively quickly while dropping down rail for the final 100 yards. The whip was never out and this looked a lot Spiced Perfection broke

Spiced Perfection broke very awkwardly in the TCA and found her posion on pack position the che he turn and then was blocked and lost a bit of momentum while trying to able to get through

Dawn the Destroyer was allowed to lag early in the TCA at Keeneland, started her run on the turn and finished steadily out in the the track. She was finishing fastest, but could not quite catch up o troubled winner Spiced Perfection. She was much farther back than

Selcourt broke on top and set all the pace in the five-horse LA Woman, but didn't corner all that well into the stretch and then was put under a long drive when Lady Ninja was able to split horses and come running late. She did everything but win, but her only excuses were self caused
Covfefe was a very, very short price in the Dogwood, a race that was nothing more than a workout. She settled behind the pacesetter, had another horse come up to join them around the turn and she found herself between horses when Bridgmohan let out a notch and she scooted away . userulprep.

Eddie Haskell broke well from the rail and was not asked for early speed as the jock took him back towards the rear of the field. He unleashed a furious rally on the outside, but ended up second best. With a better post, he might not lose position early and that could help him improve

Imprimus didn't have the best of trips as he had to steady entering the , he was bumped and behind runners while列 Om stard from

Om started from the outside post and received a four-wide trip toad was able to hold on at the wire.

Omaha Beach was coming off a six-month layoff and using this sprint as a prep for the B.C. Dirt Mile. He broke decently and was about three engths off the frontrunning heavy favorite as they hit the turn. He was boxed in on the rail on the turn with the rider sitting chilly waiting for room. a Improbable acted up in the gate, got caught flat-footed when the gates opened and was last early. He raced in 4th a couple of lengths off the leaders down the backstretch in a very slow first half mile. He was kep ind a whole opened up on the rail as they turned for home, but he showed no burst and finished 4th as a big longshot went last to 1st on the effort
Giant Expectations broke Ok but was content to drop back last as he other five horses lined up on the lead down the backstretch. He sat outside just off the heavy favorite, Catalina Cruiser, and moved when that the length of the grandstand with 'Cruiser just getting his nose in front on the inside at the wire. Great 7 -furlong effort, but he might be a bit suspect around two turns.

7th RACE
Sistercharlie (IRE) had her stablemate, Thais, as a rabbit and that one opened up a big lead early while 'charlie was content to sit far back with the others racing in 4th. The pace wasn't overly quick but the pack started to reel in the frontrunner on the far turn with 'charlie staying outside. Thais actually was pretty game while 'charlie went by midstretch and maintained about a length advantage over Mrs. Sippy the final furlong to win her 6th straight. All 3 are again entered in this race
Castle Lady (IRE) is a 3yo filly that was 3-for-4 overseas before her U.S. debut in a Gr I for 3 -year-olds at Kee. She broke from the 5 hole but went to the rail and sat midpack early. She stayed tucked on the rail only a couple of lengths behind eventual winner Cambier Parc thru the far turn. She got her hole at the top of the stretch, but couldn't close on 'Parc while finishing a couple of lengths clear of the rest of the field.
Vasilika sat in the back half of the field early and actually dropped back to next to last on the outside entering the far turn. Eventual winner, Uni (entered in the Mile against the boys), is a strong closer that got first run over this mare and won easily. Vasilika did finish well down the stretch to grab 3rd about a length behind the place horse.

## 8th RACE

Imperial Hint quickly established the tempo in the 4-horse Vosburgh with second-choice Firenze Fire tracking in 2nd (and the other two of no consequence). 'Hint was still clear turning for home, but was quickly engaged by, and passed by, 'Firenze who appeared headed to an impressive win. However, 'Hint dug in once he lost the lead and came back on to win the tightest of photos. The tiny speedster seems much better when he has a target, so perhaps 'Firenze just moved too soon.
Whitmore broke very slowly in the Phoenix at Keeneland and was far back early. He was roused into action as the field headed into the stretch and he was angled out widest to stage his rally. He finished steadily to win the photo for 2nd. Visually, all of these seemed to be struggling a bit and he did rally on the good outside.
Engage raced on the good outside throughout while in the middle of the pack. He drew closer as the field bunched into the stretch and he wore down the leaders while out in the 5-path. He's 2 -for-2 since joining the Asmussen barn and seems to be peaking at the right time even if this was visually not the greatest race.
Mitole had cracked in the Vanderbilt when the inside horse on a fast pace, but cruised to a sharp win in the Forego when he was the outside horse on a slower pace. He opened up into the stretch and responded when the reins were shaken. He maintained his advantage to the wire and has now won five of six in 2019.
Shancelot did everything but win. He broke best and set the pace early, turned back a challenge from Flagstaff on the turn and came into the stretch a little wide. That left a big hole for the comebacking Omaha Beach to rally and he wore down the gritty sprinter. He never quit, but was simply beaten by a bigger, stronger horse (one that should be dangerous in the dirt mile)
Firenze Fire had zero excuses in the Vosburgh, as he tracked heavy favorite Imperial Hint into the stretch before taking over. He appeared ready to roll right on by, but couldn't extend the margin and was headed late. Of the two horses, he seems far less likely to move forward.
Catalina Cruiser was hammered down to 2-to-5 in the 7F Pat O'Brien and was life-and-death to get up in time. Six went and five of them lined up early, with 'Cruiser widest. The leading pack was down to four entering the turn, with 'Cruiser in a pressing spot some half-length back of the leader. He loomed up 4-wide into the stretch, but Giant Expectations had rallied 5-wide and got his head in front entering the stretch. Those two fought it out down the lane with 'Cruiser getting the lead back in deep stretch, only to nearly lose it again when 'Expectations re-rallied. He's 3-for-3 in 2019 and perhaps the time off before the Breeders' Cup will have done him some good.

## 9th RACE

El Tormenta broke from the rail and was part of the second flight a length or so behind three dueling leaders. He had to sit chilly boxed in around the long turn, but a hole opened up at the top of the stretch just inside of Got Stormy, and those two dueled it out the final 1/8th with El Tormenta grinding out the big upset win over the heavily favored filly. The top two were flattered when the 3rd-place finish (Lucullan) came back to win a Grade II at Belmont Oct 14.
Lucullan was Dq'd to 4th the race before in the Woodbine Mile when sort of taking a right turn in deep stretch chasing El Tormenta and Got Stormy. Today, he tried to get out early breaking from the 3 hole, but got under control and sat three lengths off the lead inside on the first turn. He fell a bit farther back and then was swung out wide midway on the far turn and was asked as they straightened out. He finished strong to get the win, but twice tried to drift out in the stretch

Uni (GB) is a late running mare that finished 3rd vs. Gr 1 males at Saratoga Aug 10, a race won by the filly Got Stormy and the only loss in her career. She faced her own gender today at Kee. As usual she fell far back around the turn and down the backstretch. She picked off a few horses inside on the far turn, swung out wide as they started to straighten out and came home like shot to win going away from a game leader. She had zero trouble in this one, but does possess a very strong closing kick.
Got Stormy a filly facing the boys, was the heavy favorite in the
Woodbine mile. She broke alertly and sat in the second flight just behind the leaders. She tracked that way around the long turn and the jockey took a peak back and sat chilly as she pulled to the lead at the top of the stretch. The eventual winner, El Tormenta, came up on her inside and just out gamed her the final $1 / 16$ th.

## 10th RACE

Midnight Bisou is such a pro as most horses would've been uncomfortable with her rail-skimming trip. She tracked the leader up the backstretch, took over the lead entering the stretch and had to battle Wow Cat from there. Those two bumped entering the stretch which jostled the rear end of 'Bisou. However, she was given a tap on the shoulder and she drew off late while only being shown the whip. A display of class and professionalism.
Dunbar Road is a large mare and it was nice to see Cedillo just let her float out a bit around the first turn. She tracked the leader from then on and grinded out the win in deep stretch. She likely needs a clear trip like this one so she doesn't have to steady as it could take more than a few strides to get her large stride going again.
Paradise Woods is a large mare and it was nice to see Cedillo just let her float out a bit around the first turn. She tracked the leader from then on and grinded out the win in deep stretch. She likely needs a clear trip like this one so she doesn't have to steady as it could take more than a few strides to get her large stride going again.

## 11th RACE

Anthony Van Dyck received a ground-saving tracking trip throughout and while no threat to the winner Magical, he stayed on well. 'Dyck actually dropped back to 6 th or 7 th as the real racing began in the stretch, he was angled out to the two-path when he began to find his best stride and just missed in a photo for second.
United didn't appear to have any excuses in this race. He had no problem handling crossing over the dirt track after the start and was all along in the fifth spot behind a strong pace. He rallied along the rail around the final turn and entering the stretch, but could not even catch the winner to finish 3rd. Not a bad effort, but he likely needs to find another gear to win at this level.
Bricks and Mortar just seems to be a push-button horse as he was asked to settle in midpack while a few others to his outside rushed to gain position around the first turn. He was behind a wall of horses entering the stretch, but was able to find clear sailing at the eighth pole and wore down the leaders nearing the wire.

## 12nd RACE

Math Wizard lagged behind a slow pace while saving ground early, got outside as the field hit the far turn and loomed up 4 or 5 wide into the stretch. The race turned in a sprint for home and he was able to wear down the pacesetting Mr. Money. It was a nice win given the race shape.

War of Will had no excuses in the Pennsylvania Derby as he tracked the pacesetter from the second spot and had dead aim turning for home. He couldn't find another gear down the lane and ended up a one-paced 3rd. He's now lost three straight since winning the Preakness.
Mongolian Groom was recording just his second win in the Awesome Again and had everything go his way. He was able to drop over to the rail and establish the early tempo, kicked away from the field on the far turn and then gamely turned back McKinzie down the stretch. This was an absolutely-perfect, jump-up longshot win, but he had shown signs of coming around when chasing Higher Power throughout in the Pacific Classic in August.
Yoshida (JPN) lagged about eight lengths back of the pace in the Woodward, but got into gear on the far turn and was well placed outside at the head of the stretch. He still had considerable work to do, though. He finished steadily and really leveled out the last 100 yards, but it was too late at that point. He can make an impact if he gets some pace help.
Owendale broke alertly from the outside, but let the speed kick away and dropped over into the middle of the pack. He raced 4 -wide throughout and began to move up entering the far turn. He engaged the leaders while 4 -wide around the turn and drew off after changing leads at the top of the stretch. The outside seemed like it was better than the rail, but it was a solid win abetted by a fast pace.
Higher Power stumbled badly and went right to his nose at the break. The rail-sitter was able to recover but was taking dirt in his face and climbing heading into the clubhouse turn. He pulled his way up between horses, was blocked while a little rank on the first turn. He was always behind and between horses and finished well enough to hold 3rd in a race that looks like a throw-out. He looked much sharper in the Pacific Classic and everything went wrong here.
Vino Rosso made all the running in Jockey Club Gold Cup and responded gamely when challenged by Code of Honor in mid-stretch. However, he drifted out down and bumped with 'Honor despite Ortiz using a right-handed whip in the tight space between them. 'Rosso came out a path or two and bumped 'Honor enough to get DQ'd. He showed some grit down the lane and would likely prefer to track the pace rather than set it.
Code of Honor had looked very good rallying very wide around the far turn and down the stretch to beat Tacitus and Mucho Gusto in the Travers at Saratoga in his previous start. He had just four rivals in the Jockey Club Gold Cup, though, and didn't get as much pace help. He found himself much closer to the two leaders on the backstretch. He made his move to challenge the pacesetting Vino Rosso into the stretch and briefly stuck his head in front before 'Rosso bumped him late. The steward gave him the win and this was a good race given the race shape.
McKinzie got what appeared to be a perfect trip in the Awesome Again after easily winning the Whitney at Saratoga the month before. He tracked the pacesetting Mongolian Groom while racing out in the the 3-path, loomed up 4 -wide into the stretch and appeared to have head aim at the leader, but couldn't get by. He arguably wasn't helped by the slowish fractions and 'Groom also ran the race of his life. He had not visible excuses, but this was not the goal for Baffert anyway. The Classic is the goal. Of course, Baffert is changing riders for the Classic which suggests that he thought that McKinzie was fit enough to win.

## RACE APPRAISAL

ANALYSIS: The second day of the Breeders' Cup starts off with three non-BC races as appetizers before we get into the main course. Girls Know Best is a heavy ML favorite shipping in from Kentucky. The frontrunner wired Classified Allowance foes at Churchill in her first start of the year Sept 15 and faded a tad late when $3^{\text {rd }}$ in a Grade III at Keeneland Oct 11. She's an obvious threat and probably the one to beat, but she won't offer any value on the tote. Kentan Road is the other frontrunner. She faded to $5^{\text {th }}$ in her only Stakes start July 20, but rebounded with a strong win vs. Classified Allowance foes Aug 25, both at Del Mar. She's won three of her last four, but has been racing at 5 furlongs and will have to try and carry her speed a half furlong farther while likely having to dealing with a speedy Girls Know Best from the get go. Just Grazed Me
and Don't Sell ran 1-2 in a Cal-bred Stake Oct 12. Just Grazed Me has won two straight and Don't Sell won a 3yo open Stake in her second to last start. Both can sit just off the pace and seem to rate attention. Apache Princess is a dead closer that will be hoping for a pace meltdown. She has mostly been routing recently and just missed in a 3yo Grade II July 20. She did rally for $2^{\text {nd }}$ behind Don't Sell in a turf sprint Stake Sept 28 and could come running late. In the end, Girls Know Best does look like the one to beat, but we'll gamble that the pace is hot early and Apache Princess can roll late and pulls off minor upset, HF 20 style. CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Apache Princess :17.1 - Just Grazed Me :17.7 - Escapade :17.8

Ippodamia's Girl has routed this year and hasn't really been a factor in her last three Stakes tries, most recently running last in a Grade II Aug 31. She's tough to like.
Don't Sell won an ungraded 3-year-old Stake Sept 28, but then finished 2nd in a Cal-bred Stake for older Oct 12, both on this turf course. She's 3 for-4 in turf sprints and seems to fit ok on numbers with these.
Kentan Road has won three of her last four, but the three wins were Allowance races and the one loss was a 5th in her only Stake try July 20. Class is a bit of a cloud, but she did earn a strong rating in that Classified Allowance win Aug 25 at Del Mar. She has been racing at 5 furlongs and will have to carry her speed a half furlong farther.
Just Grazed Me beat mid-level Allowance foes Aug 14 and repeated in a Cal-bred Stake Oct 12, a race in which she beat Don't Sell and Gypsy Blu. She tends to fire every time out and stacks up well in the paper race off that last win.
Apache Princess finished 2nd behind Don't Sell in a 3yo Stake Sept 28. She had been routing before that and did just miss in a 3yo Grade II at a
mile July 20. She's a deep closer in a race with mostly speed types, so she could be passing tired horses late.
Dearborn beat $\$ 40,000$ claimers Aug 22, but was 3rd in a bottom-level Allowance Sept 29. She seems overmatched at this level.
Gypsy Blu finished 3rd in a mid-level Allowance Aug 14 and again was 3rd behind two of these in a Cal-bred Stake Oct 12. She has a strong course record, but the three wins came when they used to race down the hill at $61 / 2$ furlongs. She'd be a bit of a surprise today.
Girls Know Best ships from Kentucky where she won a Classified Allowance in her first start of the year Sept 15 at Churchill and was 3rd in a Grade III at Keeneland Oct 11. She's a dedicated frontrunner that has the numbers to win. She may be the one to beat
Escapade ships from Laurel where she won a high-line Allowance Aug 3 and was 3rd in a $\$ 100 \mathrm{~K}$ Stake Sept 21. She'll likely have to sit just off the pace like she did in her win two back, and it's worth noting the Laurel figures are often on the high side, so we're not really buying her position atop the charting. That's not to say she can't make an impact.

| (Column 8 on each race page contains the following numbers that refer to these factors.) |  |  |  |
| 1 | FIRST TIME STARTER - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential. | 15a | IN-THE-MONEY - This horse appears to have most of the elements suitable for an in-the-money performance. |
| 2 | LIVE HORSE - It appears this horse is ready for a top performance. | 16 | LONG LAYOFF or RECENCY - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative. |
| 3 | DISTANCE CAPABILITY - This distance may present a problem for this horse. | 17 | LEG WRAPS - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them. |
| 4 | EQUIPMENT CHANGE - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today. | 18 | AGE - The age of this horse is not consistent with that of his competition. A young horse against mature horse or a particularly old horse against younger horses may be at a disadvantage. |
| 5 | TROUBLE PRONE - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly etc. This one seems to be that type. | 19 | IMPROVING - This horse seems to be improving or should improve in this field. |
| 7 | INSIDE POST POSITION - This inside post position may cause a problem for this horse at this distance. | 20 | LONGSHOT - Some indicators that are present when horses surprise with a good performance at high odds are noted. |
| 8 | OUTSIDE POST POSITION - This outside post position may cause a problem for this horse at this distance. | 21 | FITS RACE - This horse seems to fit this race. |
| 9 | PACE - The probable pace or speed in the early part of this race may not be suitable to the racing characteristic of this horse. | 21c | FITS RACE - This horse seems to fit this race except for class. |
| 10c | HIGHER CLASS - This horse is being tried at a higher level. | 21d | FITS RACE - This horse seems to fit this race except for the distance. |
| 10d | LOWER CLASS - This horse is being tried at a lower level. | 21r | FITS RACE - This horse seems to fit this race except for a lack of recency. |
| 11 | FEMALE vs. MALE - Since it usually takes a better-than- average female to beat an average male, there could be a problem here | 22 | CONDITIONS HORSE - The conditions for eligibility are ideal for this horse. |
| 12 | FOREIGN RACES - Previous races for this horse were out of this country. It is difficult to appraise them. | 23 | WORK READY - Previous patterns and/or special circumstances make recent works very important here. |
| 13 | RELEASED FROM CLAIMING JAIL - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail'). | 24 | SURFACE - The type surface for this race may not suit the horse. |
| 15 | IN-THE-MONEY - This horse appears to have all the elements suitable for an in-the-money performance. | 25 | BETTING - If the betting on this horse is heavier than expected contention is likely. |
|  |  | 86 | VETO - There is no justification for a win to be expected |

## RACE APPRAISAL

ANALYSIS: We're not sure what this 5-horse race is doing on the card other than reminding everyone what the typical racing at Santa Anita looks like. Flagstaff is strictly the one to beat as he'd easily top the charting off either of his last two efforts, a mid-level Allowance win Aug 18 and a $3^{\text {red }}$ in a Grade I Oct 5. The two horses that beat him in that Grade 1, Omaha Beach and Shancelot, are prime contenders in the B.C. Dirt Mile and B.C. Sprint, respectively, so he was facing some pretty stiff competition. We'll make him a solid HF 15 and possible key. Baffert has a couple of entrants that rate attention. Roadster is the more accomplished of the two,
although he's done most of his work in routes. The Grade I Santa Anita Derby winner also ran $2^{\text {nd }}$ in a 3yo Grade II in his last start June 16. He's been working fast and Baffert will add blinkers for the cut back in distance. Comical Ghost is 2 -for-2 sprinting, most recently beating bottom-level Allowance foes Sept 28 . He'll be tested for class, but has done nothing wrong and might offer the best value on the tote of the three main threats.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Roadster :37.0 - Horse Greedy :37.1 - Flagstaff :37.2

## HORSE COMMENTS

Horse Greedy just missed in an open Allowance at Los AI June 30, but was up the track when overmatched in Graded Stakes in his other two starts this year. He still seems overmatched vs. these and might have been entered to fill the race for barnmate Flagstaff.
Extra Hope finished 4th in a 3yo Grade II at Oaklawn March 16, but didn't run again until a poor effort in a 3yo Classified Allowance turf route Sept 27. His two wins were routes, and the last was a bottom-level Allowance in $t$ he slop Jan 31. We'll pass.
Roadster has been a 3yo router this year, including a win in the Grade I Santa Anita Derby April 6 , a poor effort in the Kentucky Derby May 4 and a 2nd in a Grade III for sophs here June 16. He'll add blinkers and has

worked nine times since Aug 31. He's more accomplished than his barnmate Comical Ghost and has to be respected.
Flagstaff beat mid-level Allowance foes Aug 18 and then stepped up and finished 3rd behind Omaha Beach (the favorite in the B.C. dirt mile - 6th race) and Shancelot (a solid threat in the B.C. Sprint - 8th race) in a Grade I Oct 5 . He tops the charting and is strictly the one to beat.
Comical Ghost a barnmate of Roadster, beat Maidens in his debut June 1 and repeated against bottom-level Allowance foes Sept 28. His
stablemate has accomplished more, but he's done nothing wrong and charts Ok. You'll get a much better price playing him as the 'other Baffert'

## LAST 10 FIRE: 87, 83

FIRE NUMBER - FIRE stands for Final Race Equation and it's a true velocity rating that accounts for a horse's speed during the 'entire' race, not just his final time. We developed the FIRE number with every tool available to us. The projected FIRE number for each horse can be found in the top section of each race under the column headed FIRE NUM. This is the figure to which the horse is projected to run TODAY! Additionally, we print up to 10 FIRE numbers for each horse in the Data Lines (beginning with the horse's most recent race - look for LAST 10 FIRE). First-time starters and foreign horses will be marked with an 'X'; lightly-raced horses who seem better than the FIRE number would suggest will get a '?', read this last symbol as 'capable of improvement'.

## RACE APPRAISAL

ANALYSIS: It would not surprise us if this produced the narrowest win on the card. There are three sharing the paper race win and the top eight are separated by just two lengths. Nolde ran down Neptune's Storm to win another photo finish in the Del Mar Derby. He's done little wrong in four turf routes and can repeat. The Del Mar Derby has produced several winners of this race. 'Storm was shipped to New York and produced an upset in the Grade 2 Hill Prince Oct 5. He should get a dream trip tracking Kingly. He ran that one down before losing the Del Mar Derby and a similar scenario may unfold today. However, Baffert takes off Kingly's blinkers and a Lone ' $F$ ' trip is possible. Kingly exits a good try with older
runners, a 4th in the City of Hope. He has upset potential. Jais's Summer arrives in good form from the East Coast and deserves respect while Succeedandsurpass is racing in good form and may be this good. He's longshot material, too. Gray Magician, the son of a multiple turf winner, gets his first chance on the lawn. He's been in good form for some time for Peter Miller and is eligible to take a big leap forward if he takes to the lawn. Mo Forza nearly beat winners before becoming a winner himself and gives Miller a second starter. He may be underrated on paper. CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Jai's Solitude :31.9-Henley's Joy :34.1 - Originaire :34.7

Originaire (IRE) just missed behind Nolde in the Del Mar Derby Sept 1 and returned to be a close 3rd behind Ocean Fury Sept 27. The laterunner is sharp and there may be enough pace to set up his late run. He plots 'right there' based on the Del Mar race.
Hackberry exits the same two races as Orginaire. He was lapped on him when 4th Sept 1, but regressed Sept 27. His numbers returned to normal that day and that Del Mar Derby race seems like a fluke.
Nolde won his first two turf routes before just missing in the Oceanside Stakes on Opening Day at Del Mar. He returned at the end of the meeting to score a close win in the Del Mar Derby Sept 1. He was flattered when show horse Neptune's Storm shipped to New York to win. He can repeat.
Temple was claimed for $\$ 35,000$ July 28 and returned to be a good 3rd in a marathon Stakes at Kentucky Downs. Class is a cloud, but that last one offers hope.

Succeedandsurpass (IRE) finished with good energy to be 2nd behind Ocean Fury (below) and retains Velazquez. He's lightly raced and has room for further improvement.
Jais's Solitude has either won or been lapped on the winner in his last five turf routes. He earned his best number yet in a Laurel marathon Sept 21 (he was DQ'd) and is a potential Tri key horse.
Ocean Fury, scored a $\$ 30$ surprise when beating some of these home Sept 27. He's won every other start, figures 'right there' on paper and deserves a chance to repeat.

Neptune's Storm pressed the pace and just failed to last in the Del Mar Derby and returned to win the Grade 2 Hill Prince at Belmont Oct 5. He should get another dream trip just off the leader (neighbor Kingly?). Catch him to win
Kingly will race without the blinkers that went back on for his Aug 4 win in the La Jolla. He went wire-to-wire that day and set the pace unsuccessfully in his next pair. However, he took on older turfers when a close 4th in the City of Hope Oct 5 and this return to the soph-only ranks makes him a major player. The equipment change may enable him to relax early, too.
Gray Magician is one of three with a share of the paper race win. He's finished 1st or 2nd in four consecutive dirt routes. His dam has yet to produce a turf winner, but she won three times on the lawn and this one is certainly sharp enough to succeed.
Henley's Joy was one-paced when 4th behind Neptune's Storm in the Hill Prince Oct 5. He won the Grade 1 Belmont Derby July 6 and there may be enough speed to set up his balanced attack.
Real Master (FR) was one-paced when 4th behind Neptune's Storm in the Hill Prince Oct 5. He won the Grade 1 Belmont Derby July 6 and there may be enough speed to set up his balanced attack.
Mo Forza was one-paced when 4th behind Neptune's Storm in the Hill Prince Oct 5. He won the Grade 1 Belmont Derby July 6 and there may be enough speed to set up his balanced attack.

## RACE APPRAISAL

## ANALYSIS: Javier Castellano rode both Come Dancing and Spiced

Perfection to victory in their final preps. 'Dancing won very easily Sept 22 and she won very easily when he rode her for the first time Aug 24 . His win on 'Perfection required a tremendous amount of athleticism of both horse and rider, as she came away very awkwardly and then had to repeatedly split horses to find a winning path. Castellano has chosen to stick with 'Dancing and she should get a dream trip. Her only knock is that she's never raced outside of New York. Perhaps the travel will take a toll. 'Perfection is a multiple winner on the surface and is a proven shipper for Peter Miller. She gets a good outside post and is the first alternative.

Covfefe draws the inside, but is very sharp and is quick enough to flee the fence. She does very well on paper and her only knock is the presence of so much other speed on her immediate outside. Dawn the Destroyer completed the Exacta behind 'Dancing Aug 24 and 'Perfection Oct 5. That makes her a Tri threat at the very least and a fast pace would flatter her late run.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Dawn the Destroyer :36.6-Covfefe and Spiced Perfection :37.0 - Come Dancing :37.1

Covfefe is a 3 -yo that has won four of her five 2019 starts. Her last win was nothing more than a paid workout and she understandably earned a big number after tracking dueling leaders. She can press or set the pace and won from the rail earlier this year. She figures 'right there' and would be no surprise.
Danuska's My Girl had set the pace in seven consecutive starts, including when winning the Rancho Bernardo at Del Mar Aug 11. However, she was away slowly and never recovered when no threat behind Spiced Perfection (below) in the Thoroughbred Club of America at Keeneland. The Hollendorfer trainee is eligible to rebound.
Heavenhasmynikki dominated softer sprinters at Thistledown in Cleveland Oct 5 . That was her third consecutive sprint win and first start in nearly five months. She adds speed to the lineup and figures to be overlooked in the wagering.
Come Dancing specializes in longer one-turn races. She was beaten around two turns June 8, but sandwiched that between four one-turn wins in 2019, most recently when best in the Gallant Blossom. This will be her first start outside of New York. She worked fast Oct 19 and should get a good trip with so much speed drawn inside of her. Will she handle the weather/surface? That may be the biggest question (and she wouldn't be the first horse that didn't travel well).

Lady Ninja was 3rd to Danuska's My Girl at Del Mar Aug 11. That was her first Graded Stakes and she returned to run down Selcourt here in the Grade 3 L A Woman. She's on the upswing, but needs better.
Bellafina is back around one turn after struggling in his last three starts. She should appreciate the change, but her current form leaves a lot to be desired.
Selcourt set the pace in the L A Woman and couldn't last to the wire. She had been off for six months and likely needed the race, but she seems a cut below the best of these.
Dawn the Destroyer was beaten by Come Dancing Aug 24 and just missed to Spiced Perfection in the TCA Oct 5, a race in which was allowed to lag and make one run. Those two are the ones to fear most on paper, so this one would seem to rate a long look in both the Exacta and Trifecta.
Spiced Perfection broke very awkwardly in the TCA at Keeneland and Castellano was lucky to stay on. He got her back into gear relatively quickly and then guided her through a few potential trouble points and was able to split horses and get her up in time to hold off an onrushing Dawn the Destroyer. She won the Grade 1 Maidson at this trip in April before getting some time off after regressing in the Grade 1 Humana May 4. She likes this 7 F trip and is a multiple winner on this layout.

## RACE APPRAISAL

ANALYSIS: Locally-based horses have won five of the six BC Turf Sprints at Santa Anita, but those were all run on the downhill course which will not be used this year. Instead, this will be run at five furlongs which has been no problem for all but one runner in this field. Eddie Haskell didn't get to show his early speed as he was shuffled back early along the inside, but he rallied strongly to finish 2nd in a Grade 2 over this course Sept 27. He draws outside today, Rosario is back to ride and maybe he can make amends with clear sailing. 'Haskell is the HF 15a. Stubbins tops the charting off his win in a Grade 2 at Keeneland Oct 5 . He won twice over the downhill course at Santa Anita, Prat knows him well and maybe he can win right back. Stubbins is the HF 20. Totally Boss has won four of his
five starts this year and he just won a Grade 3 at Kentucky Downs Sept 7. He tends to settle in midpack early, J. Ortiz is aboard and he seems too sharp to ignore. Leinster could not hold off Stubbins when 2nd in that Oct 5 affair at Keeneland. He has run well in all five turf sprints this year, though, and he has the numbers to defeat these. Maybe he can turn the tables. Imprimis was favored in that Oct 5 turf sprint and he finished 3rd with a less than ideal trip. Dettori takes over, he makes his third start off the bench and his odds figure to be more playable today. Look for Shekky Shebaz, Pure Sensation and Belvoir Bay to carve out the early fractions. CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Stubbins :10.9-Double Touch :11.0-Eddie Haskell :11.1

## HORSE COMMENTS

Totally Boss is a nose away from being 5-for-5 in 2019 and he just won a Grade 3 at Kentucky Downs Sept 7. He was closer to the pace than usual in that win as he usually settles in midpack early and we expect that kind of trip this afternoon. J. Ortiz takes the call and he plots close. Mark him a contender.
Pure Sensation is back for his fourth try in this event with his best finish over this course when 3rd in 2016. He has won four of his five starts this year including a pair of Grade 3's on the softer circuits back east. He is quick from the blocks and charts well, but he will likely have plenty of pressure to his outside if he breaks cleanly and maybe he will have to settle for another minor award.
Imprimis finished 3rd as the favorite in a Grade 2 turf sprint at Keeneland Oct 5 . He was in sharp form earlier this year, he makes his third start off the bench and he attracts Dettori. Look for him to be running on late once again.
Shekky Shebaz set a strong pace and held 2nd in a \$150k Stakes at Belmont Oct 5 . He won for a $\$ 25,000$ tag three starts back July 27, but he has run well while in the Servis barn since and Ortiz Jr. is back to ride.
Stubbins rallied from the back to win that Grade 2 Oct 5. He loses Rosario, but Prat has ridden him in the past and he tops the charting. The colt has won both sprints over this course and he could be one to fear late.
Stormy Liberal has won the last two runnings of this event, but hasn't won in six starts since last year's win. He receives another rider switch as well, but he has been in the mix in five of his six starts and maybe he can impact the exotics. But as for the win...
Leinster took the lead late, but was outfinished to finish 2nd in that Oct 5 affair at Keeneland. He plots close, Gaffalione is back to ride and maybe he can turn the tables today.

Legends of War made it two straight when he led all the way in that Grade 3 event at Kentucky Downs Sept 12. He was $2 n d$ in his lone sprint over this course June 9, Bejarano is back to ride and his numbers are going the right way.
Final Frontier proved best late in that $\$ 150 \mathrm{k}$ Stakes at Belmont Oct 5. He is on a win one lose one pattern, though, and Lezcano is not back to ride. However, Saez is a nice replacement and he charts well.
Eddie Haskell did not show his early speed, but still rallied to finish 2nd in a Grade 2 over this course Sept 27. Rosario is back to ride and he worked in exceptional fashion Oct 26. He might show more early speed now that he is off the rail and another big effort could be on tap.
Om just missed over this course in this event in 2016 and he has not been seen since his narrow win in an open Allowance turf sprint at Churchill June 29. He has had plenty of jockey switches of late, but he is proven at this level and he worked fast out of the gate Oct 26.
Belvoir Bay (GB), a mare, finished 4th at this level at Belmont June 8. Off since, she has proven she can run well off the bench and has won five of her six sprints over this course. Castellano takes the call and she figures to be a pace factor at the very least.
Girls Know Best, a mare, finished 3rd in a female Grade 3 turf sprint at Keeneland Oct 11. She is quick from the blocks and J. Ortiz knows her well, but she might have a tough time clearing the field if she draws in and her recent numbers are a bit soft.
Double Touch (GB) hasn't won since July 22, 2018 when he beat turf routers in an $\$ 80 \mathrm{k}$ Stakes at Del Mar. He has won sprinting over this course, but he seems like an outsider based on his recent form.

## *** DIGEST POINTERS ***

## Common Handicapping Factors (HF's) used in Today's Racing Digest

While picking winners is everybody's \#1 goal, not everyone likes to spend the entire day pouring over a bunch of stats and figures that are about as easy to understand as a calculus exam. So, how exactly can you get a decent grasp of who the main contenders are in each race, and still have time to down a few refreshments and catch some rays? We here at Today's Racing Digest just may have the answer, as we identify both the contenders and the pretenders with what we refer to as Handicapping Factors. Listed below are the most common
HF's that you will find in the Digest, and if you have trouble finding where these figures are listed, just look up at the top of each race page and you'll locate them in Column 8, which appropriately enough is entitled 'Handicapping Factors'. Good luck, and if you win, just consider it dinner on us.

HF 2: This is a horse that we feel is about as close as you can get to a 'sure thing'. The price likely won't be great, but if you just want a winner, this is the number to look for.

HF 15: This number goes to horses that look like a winner, and are extremely likely to hit the board (i.e. run first, second or third). More often than not, horses with a 15 designation will earn you enough money for a hot dog, but if you happen to see a 15 attached to a horse that is $3 / 1$ or better on the tote board, then he's a pretty good 'value' bet as well.
HF 15a: The most common of the Digest 'push' factors, this number basically means that the handicapper likes this horse, but not as much as an HF 2 or HF 15. Basically, the horse has a good chance to win, but please don't bet your rent money on the win end.

HF 20: The longshot play. This popular number designates a runner we feel may be ready for a winning effort at odds that are likely to be 6-1 or higher. It's not as high a percentage of a play as the other HF factors, but the reward more than justifies the risk when they win.
HF 19: We use this number to point out horses who should show improvement in today's race.
HF 21: Certain horses entered in a race may have run well under similar conditions. When you see a 21, that means the horse seems to fit well in that race.

## RACE APPRAISAL

ANALYSIS: The Charting suggests this is a wide open race, but we do think Omaha Beach is a deserving favorite. He won two 3yo Graded Stakes preps leading up to the KY Derby, but had a few setbacks and was shelved for six months before a very impressive Grade I sprint win over B.C. Sprint contender Shancelot Oct 5. That was supposed to just be a prep for this race and he certainly passed with flying colors. He's worked strongly since, is probably better around two turns and will take down HF 15 honors. You'll probably have to key him on top in exotics to get any value if he's your play, though. When it comes to the B.C., Parx racetrack isn't where you generally look, but four of these made their last start there. Mr. Money just missed in the 3yo Grade I Pa Derby Sept 21, a race in which Improbable and Spun To Run ran 4-5. Before that, Mr. Money had rattled off four straight easy wins in 3yo Grade III's and two of them were at Churchill Downs. He looks like a good fit and is our gambling HF 15a if you decide you want to try and beat Omaha. Improbable and Spun To Run actually co-top the charting, Improbable off his highly-rated Stakes win at Del Mar Aug 25 and Spun To Run off a daylight romp in an
ungraded Stake at Parx Oct 12. We can't rule either out, but Improbable seems like he might be an underlay and we're just not sure we buy the big rating on Spun To Run. A couple of possible longshots are Giant Expectations and Diamond Oops. 'Expectations ran poorly in this race last year and hasn't won in a long time, but he just missed in a restricted Stake May 27 and was very impressive in a Grade II sprint when just missing to B.C. Sprint contender Catalina Cruiser Aug 24. Diamond Oops has primarily been a sprinter that won a Grade III in Florida June 29 and was $2^{\text {trd }}$ in a Grade I at Saratoga July 27 . He just missed in a Grade I turf mile at Keeneland, his first ever route. That showed he can handle the distance as he dueled from bell to wire. He might upset if he rates better in his second route and is our HF 20. Coal Front took some time to recover after winning a Grade II mile in Dubai in March, but he won a Stake at Parx Sept 21, so perhaps he's back on his game.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Snapper Sinclair :24.8-Mr. Money :25.1 - Omaha Beach :25.3

## HORSE COMMENTS

Giant Expectations is winless this year, but just missed in a restricted Stake at Belmont May 27 and then gave B.C. Sprint contender Catalina Cruiser all he could handle when 2nd in a grade II at seven furlongs Aug 24. He ran poorly at long odds in this race last year, but might have some price appeal if he can duplicate that last effort around two turns.
Improbable co-tops the charting off a highly-rated win in a 3yo Stake at Del mar Aug 25, but disappointed in a 3yo Grade I at Parx Sept 21. A bad break and a reported dead rail hurt him in that last one, and he's worked strongly since. We're just not sure we'd want to take lowish odds on him in this spot.
Spun to Run like improbable, ran poorly in the 3yo Grade 1 Pa Derby Sept 21, but he rebounded with a daylight romp in an ungraded Stake at Parx Oct 12, a race that earned a big rating. He also won a Grade III over that track three back. The numbers say he's a threat, but we usually don't look to Parx when looking for a Breeders' Cup winner.
Mr. Money rattled off four straight Grade III wins in pretty easy fashion before just missing in the Grade 1 Pa Derby Oct 12, a race in which he beat Improbable and Spun To Run. His last three wins were at minor tracks, but he twice won Grade III's at Churchill before that and could be worth a look.
Omaha Beach has had some health issues, but has won four straight and was pretty impressive beating Sprint contender Shancelot by a nose in a Grade I sprint when coming off a six month layoff Oct 5 . He's worked well
since, is a multiple Graded Stakes winner routing and might be a deserving favorite.
Ambassadorial has been racing overseas and finished 3rd in a minor Stake on synthetic in England, was 3rd in a Grade 1 on dirt in Korea Sept 8 and 3rd in an Allowance on synthetic in England Oct 8. He looks overmatched on paper.
Coal Front won a Grade II mile in Dubai in March, struggled in a couple of Graded Stakes when returning to the U.S., but then won an ungraded Stake at Parx as a heavy favorite Sept 21. He has a bit of proving to do at this level, but it's not unusual for horses that ship to Dubai to take some time to recover and he does seem back on his game.
Blue Chipper ships from Korea where he's won seven of eight starts
lifetime and is 5 -for-5 this year. He dominated a Group III at a mile July 28 and won a Group 1 sprinting in the mud Sept 8 . Prat was a late addition to ride, but we really don't know what kind of competition he's faced and he is 20/1 on the ML.
Diamond Oops has primarily been a sprinter and was 2nd in a Grade I sprint at Saratoga July 27. He just missed in a Grade I going a mile on turf at Keeneland Oct 5, so that might bode well for his ability to get the distance. He might have some price appeal.
Snapper Sinclair won a high-line Allowance in the slop at Churchill June 23, was 3rd in a Grade III at Mountaineer Aug 3 and won a $\$ 750 \mathrm{~K}$ Stake on turf at Kentucky Downs Aug 31. He's in good form and charts Ok, but we're still looking elsewhere.

## METHOD HORSE II

An approach to isolate the contender in each race.

1. Draw a line through all scratched horses in the top section of the Digest race page.
2. Award 10 points to all horses with a COLUMN 4 score that is 10 points higher than the Race level shown in the heading for each race
3. Note the top 3 high scores in COLUMN 6. Award 8 points for 1st (and ties). 5 points for 2nd (and ties); and 3 points for 3rd (and ties). Be sure to eliminate the scratched horses before awarding points.
4. If there is only one "F" ("Lone F") in PER COLUMN 7, award 5 points.
5. The following Handicapping Factors in COLUMN 8 receive points:

HF $2=15$ pts
HF $15=8$ pts.
HF 15a = 4 pts.
HF $20=4$ pts.
HF 21* $=2$ pts.

*     - Assign no points for HF 21c, 21d or 21r.

6. Fractional Chart Order of Finish: (First line under each race table).

1 st (and ties) $=10 \mathrm{pts}$.
2nd (and ties) $=6$ pts.
3rd (and ties) $=3$ pts.
"Too many unshowns" award no points.
If necessary, refer to the Fractional Time Comparisons page in the front of the Digest for the complete fractional chart order of finish to determine complete point totals
7. In case of ties, split contenders in this method:
A. Prefer the horse with the highest ratings in Col. 6.
B. If still tied, prefer the high score in Col. 5.
C. If still tied, prefer the contender with the highest number in Col 15

After tie breakers, the top two horses should be considered solid contenders with the first choice, of course deserving the strongest support. The final betting selection rests with the individual but it is suggested that the novice player stick to the top selection. Although this method will produce a play in every race, advanced handicappers may wish to improvise with additional rules (recency, jockey/trainer, price or weight restrictions, for example). Considerations of this sort will limit action somewhat but should also increase long-term profits.

## TRACK VARIANTS

This feature is a supplement to the Race Fractional Times Section. It lists the Track Variants for as many recent races as space will permit.

## HANDICAPPING FACTORS

(Column $B$ on each race page contains the following numbers that refer to these factors.)

1. FIRST TIME STARTER - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.
2. LIVE HORSE - It appears this horse is ready for a top performance.
3. DISTANCE CAPABILITY - This distance may present a problem for this horse.
4. EQUIPMENT CHANGE - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.
5. TROUBLE PRONE - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly, etc. This one seems to be that type.
6a. WEIGHT - This horse is carrying enough weight to cause a problem
6b. WEIGHT - This horse is carrying little or less weight. It may be an advantage
6. INSIDE POST POSITION - This inside post position may cause a problem for this horse at this distance.
7. OUTSIDE POST POSITION - This outside post position may cause a problem for this horst at this distance.
8. PACE - The probable pace or speed in the early part of this race may not be suitable to the racing style of this horse.
10c. HIGHER CLASS - This horse is being tried at a higher level.
10d. LOWER CLASS - This horse is being tried at a lower level.
9. FEMALE vs. MALE - Since it usually takes a better-thanaverage female to beat an average male, there could be a problem here
10. FOREIGN RACES - Previous races for this horse were out of this country. It is difficult to appraise them
11. RELEASED FROM CLAIMING JAIL - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').
12. WORKOUTS - Horsemen vary in their training methods and horses vary considerably in their requirements for conditioning, hence, while workouts give some indication of a horse's fitness, they can be greatly influenced by the training methods being employed. Therefore, reliance on the speed of workouts may be dangerous, as may be the case here.
13. IN-THE-MONEY - This horse appears to have all the elements suitable for an in-the-money performance.
15a. IN-THE-MONEY - This horse appears to have most of the elements suitable for an in-the-money performance.
14. LONG LAYOFF or RECENCY - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
15. LEG WRAPS - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
16. AGE - The age of this horse is not consistent with that of his competition. A young horse against mature horses or a particularly old horse against younger horses may be at a disadvantage.
17. IMPROVING - This horse seems to be improving or should improve in this field.
18. LONGSHOT - Some indicators that are present when horses surprise with a good performance at high odds are noted.
19. FITS RACE - This horse seems to fit this race.

## RACE APPRAISAL

ANALYSIS: Sistercharlie won this race last year even though her regular rabbit, Thais, broke slowly and failed to impact the pace. Sistercharlie is 3 -for-3 this year with Thais setting the pace in all of them, and her last win was much easier than it might look on paper. She's won 7 -of- 9 in the U.S. and her two losses were by a neck and a head, and one of those was her U.S. debut in 2017. She's strictly the one to beat and seems deserving of HF 15 honors. Those looking to beat her might turn to the foreign contingent and we'd look at Iridessa, Billesdon Brook and Villa Marina. Billesdon Brook and Iridessa ran 1-3 in a Group I in England at a mile Oct 5. 'Brook has won three of her last four, but all those were at a mile or less and she was a distant $4^{\text {th }}$ in her only 10 -furlong race last August. Iredessa won a Group 1 in Ireland Sept 14 and also won a Group I at 10 furlongs June 28, so we like her to turn the tables on 'Brook at this
distance. Villa Marina won a Group I at this distance Oct 6 in France. Her last three wins have all been at this distance and two of them were Group Stakes. We'll make her the HF 15a value alternative. Vasilika is another horse that has to be respected. She was $3^{3 d}$ in a Grade I mile at Keeneland Oct 5, but won a Grade II at Del Mar Aug 31 and just adores the Santa Anita turf (11-for-12) and won a Grade I here at 10 furlongs last year. Mrs. Sippy has run very well in two U.S. starts, including a good $2^{\text {nd }}$ to Sistercharlie in a Grade I at Belmont Oct 6. We'd include her underneath in exotics. Mirth wired Grade I foes here Sept 28, but could get hurt by Thais, who will certainly gun for the early lead and make sure Sistercharlie gets an honest pace to run at.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Mrs. Sippy :22.6-Castle Lady :22.7-Just Wonderful :23.3

## HORSE COMMENTS

Iridessa (IRE) has a couple of Group I wins in Ireland from her last four starts and was 3rd behind Billesdon Brook in a Group I in England Oct 5 One of her Group I wins was at 10 furlongs June 28, so she looks like she could be dangerous.
Sistercharlie (IRE) has rattled off six straight wins and has never run a bad race in the U.S. He won this race last year at Churchill, has won three times this year and his win a Grade I at Belmont Oct 6 was easier than it looks on paper. She's strictly the one to beat.
Fleeting (IRE) finished 4th behind Sistercharlie in a Grade I at Arlington when she shipped to the States Aug 10. She's 0 -for-3 since returning to Europe, but just missed behind Villa Marina in a Group I in France Oct 6. We'll limit the 3yo filly to minor award consideration.
Billesdon Brook (GB) has three wins and a near miss in her last four starts in England, most recently winning a Group I in which she beat Iridessa Oct 5 . The races before that were slightly softer, but she's sharp and will go off at a good price. Those last four races were at a mile or less, so 10 furlongs is a bit of a concern.
Mirth looked pretty good wiring a Grade I field at this distance Sept 28 over this turf course. She had lost six straight before that and the trainer of Sistercharlie has entered a rabbit (Thais) to make sure none of these slow it down and steal the race. That could hurt this one.
Thais (FR) has acted as a frontrunning rabbit for barnmate Sistercharlie to ensure that one gets an honest pace in their last three starts together. She also ran in this race last year, but broke poorly and was no factor. She held 3rd in a Grade I Oct 6 at Belmont, but look for her to show speed and give it up in crunch time - that's her job.

Vasilika was very sharp earlier in the year winning foru straight. Her last three races haven't been bad, either, as she won a Grade II Aug 31 and was 3rd behind B.C. Mile contender Uni in a Grade I Oct 5 at Keeneland. She's mainly run at shorter distance, but won a Grade I at 10 furlongs last year and adores this turf course (11-for-12).
Castle Lady (IRE) was 3 -for-4 in Europe and finished 2nd in a 3yo Grade I at Keeneland Oct 12. She comes up kind of light on numbers in her first try with older and has never raced this far (she was a miler in Europe and that last start was 9F).
Villa Marina (GB) has won three of her last four in France and beat Fleeting when winning a Group I Oct 6. The distance is no problem as all three wins were at 10 furlongs. She looks dangerous if she handles the firm So Cal turf.
Mrs. Sippy won a Grade II in her U.S. debut at Saratoga Aug 31 and was a good 2nd to Sistercharlie in a Grade I Oct 6 at Belmont. She wasn't going to beat the top mare that day, but rallied nicely from the back of the pack. She at least rates some exotics attention again today.
Just Wonderful finished 4th in the B.C. Juv Fillies Turf last year. She's been back and forth across the pond a couple of times this year, most recently returning to the U.S. and finishing midpack in a Grade I at Keeneland Oct 5. We like barnmate Fleeting more.
Fanny Logan (IRE) won her last four starts in England, although only her last win Oct 11 was a Group Stake (Group III) Her last three wins were at 10 furlongs, so she can handle the distance, but class seems like a cloud.

## TRACK BIAS

Race tracks play differently every day due to weather, normal maintenance, etc. Sometimes the track seems to favor no particular running style and no part of the track seems better than another. That's not always the case, though, and trip handicappers have long made their money by noting whether the track favored one type of running style or another and then following the horses that ran 'against the bias'. We divide track bias into two types on the main track. There are running style biases in which either horses with speed, we call them Front Runners in this table, or no early speed, Late Runners, have an advantage. There are also days when the rail is better than the outside and vice versa. These biases run from moderate to strong to dominant. We will code the biases as follows: $1=$ Moderate, $2=$ Strong, 3 = Dominant. The strong and dominant biases deserve the most attention. In turf racing, we report the position of the auxiliary rails, as 'rails Up' can promote speed. The strong and dominant biases deserve the most attention. On turf, we report the position of the auxiliary rails, as 'rails Up' can promote speed.

## RACE APPRAISAL

ANALYSIS: This race seems well suited to Imperial Hint's running style. He seems best when he has a target and he should be able to sit just back of Mitole, Shancelot, and, potentially, Matera Sky and pounce turning for home. 'Hint is very fast, worked fast Oct 24 and deserves top billing. Mitole has only lost once in 2019. That loss came when he was pinned inside on a fast pace at Saratoga and he may wind up dueling inside of the quick Shancelot. He loves to win, so he's hard to bet against, but that may be the way to go if he's favored. Shancelot could prove hard to run down
while Whitmore, who ran 2nd in this race last year, may be finishing fastest again. Catalina Cruiser is undefeated in 2019, but is arguably a 7 F type. He's stuck inside and may have to work to get position. That said, he's sharp. Firenze Fire headed Imperial Hint before getting outfinished Oct 5 . He has exotics potential again.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Mitole :23.6-Whitmore :23.8 - Firenze Fire :24.3

## HORSE COMMENTS

Catalina Cruiser is 3 -for-3 in 2019, all Grade 2 wins. He came back to races at Belmont before winning twice at Del Mar, including the two turn San Diego Handicap July 20. The rail is probably no bonus, but he successfully pressed the pace in his last win and figures in the hunt.
Hog Creek Hustle got going too late in the Phoenix at Keeneland Oct 4. The soph did win the Grade 1 Woody Stephens for sophs June 8 and he figures to lag and make one run. He needs to improve per the pape race.
Firenze Fire headed Imperial Hint when both were prepping in the fourhorse Vosburgh. It was essentially a match race and 'Fire gets credit for catching up to the Lone ' $F$ ' tripper as speed usually have a big edge in such circumstances. However, he also appeared poised to run right on by and wound up losing a photo to a resurgent 'Hint. He fits here, but 'Hint may get a better trip, too.
Mitole has won nine of his last 11 starts. He threw in a stinker at Saratoga July 27 when he was caught inside on a fast pace and faded. He reportedly hit the gate at the break, too. He rebounded to press a much softer pace from the outside and drew off to easily win the Forego Aug 24. He's drawn inside the other speed and might himself in a situation similar to the one that he faced July 27. He's the horse to beat, but the race shape might not suit him perfectly.

Engage rallied to win the Phoenix at Keeneland Oct 5, holding off the comebacking Whitmore in the process. He's shooting for the hat trick in comeback start \#4. The numbers suggest that he needs to improve, but improvement is possible.
Shancelot ran a winning race in defeat when he was collared late by Omaha Beach in the Santa Anita Sprint Championship. He has worked fast since raced and figures to show that zip. He may forget to stop.
Whitmore is a 6 -year-old that returned from a four-month break to be a solid 2nd in the Phoenix Oct 5 . He's been part of the Exacta in 19 of his 25 dirt sprints and there is plenty of speed to flatter his late run. He can improve. He completed the Exacta in this race and the Phoenix in 2018, too. Deja vu?
Landeskog has been scratched.
Imperial Hint should get a dream trip. He wants to sit just off the leaders and have a target. There is more than enough speed on his side to set up his preferred race shape. He was beaten by Matera Sky in Dubai, but has run better than 'Sky since then.
Matera Sky was the runner-up in the Golden Shaheen in March. He's run twice more in Japan since then and performed poorly in both. He has speed and his jockey spent a few winters riding here, so he's familiar with the oval.

| :---: | :---: | :---: | :---: |
| (Column 8 on each race page contains the following numbers that refer to these factors.) |  |  |  |
| 1 | FIRST TIME STARTER - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential. | 15a | IN-THE-MONEY - This horse appears to have most of the elements suitable for an in-the-money performance. |
| 2 | LIVE HORSE - It appears this horse is ready for a top performance. | 16 | LONG LAYOFF or RECENCY - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative. |
| 3 | DISTANCE CAPABILITY - This distance may present a problem for this horse. |  | LEG WRAPS - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them. |
| 4 | EQUIPMENT CHANGE - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today. | 18 | AGE - The age of this horse is not consistent with that of his competition. A young horse against mature horse or a particularly old horse against younger horses may be at a disadvantage. |
| 5 | TROUBLE PRONE - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly etc. This one seems to be that type. |  | IMPROVING - This horse seems to be improving or should improve in this field. |
| 7 | INSIDE POST POSITION - This inside post position may cause a problem for this horse at this distance. | 20 | LONGSHOT - Some indicators that are present when horses surprise with a good performance at high odds are noted. |
| 8 | OUTSIDE POST POSITION - This outside post position may cause a problem for this horse at this distance. | 21 | FITS RACE - This horse seems to fit this race. |
| 9 | PACE - The probable pace or speed in the early part of this race may not be suitable to the racing characteristic of this horse. | 21c | FITS RACE - This horse seems to fit this race except for class. |
| 10c | HIGHER CLASS - This horse is being tried at a higher level. | 21d | FITS RACE - This horse seems to fit this race except for the distance. |
| 10d | LOWER CLASS - This horse is being tried at a lower level. | 21r | FITS RACE - This horse seems to fit this race except for a lack of recency. |
| 11 | FEMALE vs. MALE - Since it usually takes a better-than- average female to beat an average male, there could be a problem here | 22 | CONDITIONS HORSE - The conditions for eligibility are ideal for this horse. |
| 12 | FOREIGN RACES - Previous races for this horse were out of this country. It is difficult to appraise them. | 23 | WORK READY - Previous patterns and/or special circumstances make recent works very important here. |
| 13 | RELEASED FROM CLAIMING JAIL - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail'). | 24 | SURFACE - The type surface for this race may not suit the horse. |
| 15 | IN-THE-MONEY - This horse appears to have all the elements suitable for an in-the-money performance. | 25 | BETTING - If the betting on this horse is heavier than expected contention is likely. |
|  |  |  | VETO - There is no justification for a win to be expected |

ANALYSIS: The B.C. Turf Mile is always one of the hardest races to handicap with 14 horses in the starting gate making 'trip' paramount, and many talented Euros that may or may not take to the firmer turf in the U.S. or U.S. racing in general. We might be off base, but we really weren't thrilled by the Euros this year aside from Circus Maximus. The 3yo has two wins and a near miss from his last four Group I races and two of those good efforts were vs. older, including his last win in France Sept 8 . We are surprised he'll be refitted in blinkers after winning with the hood taken off last time, but who are we to question a trainer like Aiden O'Brien. As for the U.S. contingent, El Tormenta, Got Stormy and Lucullan ran 1-2-3 (Lucuallan was Dq'd to $4^{\text {th }}$ ). El Tormenta was $44 / 1$ that day, but it might not have been a fluke as he was sprinting in his previous races this year and has never been worse than $2^{\text {nd }}$ in four turf routes. Got Stormy is a filly that ran very well in that Sept 14 heat and she beat the boys in a Grade I at Saratoga Aug 10. She has to be respected. Lucullan drifted out late when Dq'd in that Sept 14 heat and he also tried to get out a
couple of times when winning a Grade II Oct 14. He could be ok covered up from an inside post, and he does co-top the charting off that last win. He'll also likely be a good price. Uni is a mare with a strong closing kick. She's won six of her last seven starts, but finished $3^{3 d}$ behind Got Stormy the one time she faced the boys Aug 10. She could be rolling late if she can find room in this huge field, but will probably be too short a price for us to play. True Valour will be a price and has won two straight over this turf course, most recently winning a Grade II when coming off an eight month layoff Oct 5 . He's definitely facing tougher, but charts Ok and is our HF 20. As for the top pick and the HF 15a, we're again going to look for value and make El Tormenta the gambling HF 15a. We'd probably have to 'spread' this race pretty good in serials if affordable.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Lord Glitters :22.2-Caribou Club :22.9-Lucullan, Bowies Hero :23.1

## HORSE COMMENTS

Suedois (FR) was 20/1 when rallying to finish a close 3rd behind Bowies Hero in a Grade I at Keeneland Oct 5. The runner-up ,Diamond Oops, was slated to run in the 6th, a dirt race, so you might see how he ran. We could see including him underneath in the exotics at a price.
Lucullan was 3rd (Dq'd to 4th) behind El Tormenta and Got Stormy in a Grade I at Woodbine Sept 14, but then won a Grade II at Belmont, a highly rated race that co-tops the charting. He might be better at longer than a mile and has a tendency to try and 'get out', but Fractional Chart players will get a good price.
Space Traveller (GB) won a Group II in Ireland Sept 14. He's won a couple of lesser Group Stakes this year, but we're leaning elsewhere in this spot.
Trais Fluors (GB) has been finishing in the money without winning in Group Stakes since May (5 of them). His last two starts were at 10 furlongs and his last two wins were on synthetic. Pass.
True Valour (IRE) shows a rising numbers pattern and won a Grade III Feb 9 and a Grade II when coming off the layoff Oct 5. He was doubledigit odds in both wins and may be a price again today. He might have some longshot appeal.
Got Stormy a filly, won a Grade I against the boys at Saratoga Aug 10 and just missed behind El Tormenta in a Grade I vs. the boys at Woodbine Sept 14. She's finished in the money in all six of her starts this year and has to be respected.
Bolo won a Grade I here at 32/1 May 27, but has run poorly in his last two starts vs. Grade II company. He's tough to endorse.
El Tormenta pulled off a 44/1 upset when beating Got Stormy and Lucullan in a Grade I at Woodbine Sept 14. She was sprinting prior to that and actually has never been worse than $2 n d$ in four turf routes. That upset win last time might not have been a fluke.

Circus Maximus (IRE) has been running in Group I Stakes and won June 18 and Sept 8 and just missed July 31. It's interesting that he had blinkers removed and won a Group I Sept 8, but now will have the blinkers put back on. In any event, he's a talented 3yo that merits attention.
Without Parole (GB) has been no better than 5th in his last five starts and ran last in a Group I in his second start of the year May 18 in England. He's been moved from Gosden to Chad Brown and has worked eight times since Sept 2. He's tough to endorse.
Uni (GB) is a mare with a strong closing kick. She's won 6 of her last 7, including a Grade I Oct 5, but the lone loss came when 3rd in her only start against the boys in a Grade I Aug 10 at Saratoga, a race ironically won by fellow female Got Stormy. She could be rolling late, but might get overbet off the connections.
Lord Glitters (FR) won a Group I June 18, but has been no better than 5th in his last three starts, all Group l's. He was no threat when shipped to Woodbine last year and this is a tough spot for a bounce back.
Hey Gaman (GB) ran well earlier in the year, but has been no factor in his last two starts in England and France. Again, this is a tough race for a horse to find his form, so we're looking elsewhere.
Bowies Hero won a Grade II at Del Mar three back and won a Grade I at Keeneland Oct 5. He's in good form and charts well, but breaking from the 14-hole in a mile turf race seems like a major disadvantage.
Caribou Club needs scratch help. He won a minor Stake at Mountaineer Aug 3 and won a Grade III at Laurel Sept 21. The Laurel numbers tend to get very inflated, so take his position co-topping the charting with a grain of salt. We'd pass if he starts.
Next Shares finished midpack in a Grade I at Keeneland Oct 5. His form before that was poor and he ran next to last in this race last year. Pass.

## RATING PERFORMANCE

A horse's performance can be rated in any number of methods, from final time to pace. The Digest offers four performance ratings: The FIRE number, our newest rating, the Pace and Final Time Ratings, found in each horse's Data Lines; and the CPR, our original performance figure. For all of these ratings, the higher the rating, the faster the horse is. Here's a quick rundown on what each rating figure means:

FIRE: The FIRE number is a figure based on a horse's speed through the whole race. This number is based on a 100 par, where our other figures are based off a 150 par.

CPR: The CPR is based on a horse's final time rating, as well as his relative early position in the race. The CPR, with its pace Component built in, tends to favor horses with a good mix of speed and stamina. If, a frontrunner and pace-presser were to deadheat for the win, the pace-presser would likely earn the better figure. And, since pace-pressers tend to win more than their fair share locally, this bias works well in California.

PACE RATING: The pace rating measures early speed by comparing each horse's early fractions against our track pars. This is a good separator when judging the likely pace of a race.
FINAL TIME RATING: This measures a horse's final time against our track pars, with the daily track variant factored in. A horse equaling the track par for the distance would earn a 150 Final Time Rating. Three points are deduced for each length slower than par.

## RACE APPRAISAL

ANALYSIS: Midnight Bisou has won all seven starts this year including a Grade 2 at Belmont Sept 28. She tops the charting off her Grade 1 win at Saratoga Aug 24, she is reunited with Mike Smith and she has won all three of her Santa Anita dirt routes. Make 'Bisou the HF 15. Dunbar Road finished 3rd in a Grade 1 at Keeneland Oct 6. She raced along the slower rail that day, though, and she won her previous three starts including a Grade 1 soph dirt route at Saratoga Aug 17. She is reunited with J . Ortiz and a more favorable track could be in her favor. 'Road is the

Paradise Woods proved best late in a Grade 2 route over this track Sept 29. All four of her dirt route wins have been at Santa Anita, she has worked fast since raced and Cedillo is back to ride. The mare was 3rd in this event two years ago and she figures to be a pace factor at the very least.
Ollie's Candy rallied for 3rd in that Sept 29 affair. She won a Grade 1 at Del Mar July 28, she has worked fast since raced and Rosario takes over. However, her numbers are going the wrong way and we'll limit her to another minor award.
Street Band sat near the back off a fast pace and rallied outside for the win in a Grade 1 soph dirt route at Parx Sept 21. She worked in exceptional fashion Oct 21 and the charting suggests there could be a faster than par pace. However, she tackles older for the first time and her numbers are a bit soft. Mixed signals.
Midnight Bisou finished 3rd in his event last year, but she hasn't lost since and is off a nice win in a Grade 2 at Belmont Sept 28. She tops the charting off her Grade 1 win at Saratoga Aug 24, she has won all three routes over this track and she is reunited with Mike Smith. Give her a long look.

Dunbar Road tried to rally along the slower rail ("L1/O2" bias) and finished 3rd in a Grade 1 at Keeneland Oct 6. She won her previous three starts including a Grade 1 soph dirt route at Saratoga Aug 17, her connections are easy to like and she plots close. The filly could be dangerous over a fairer track.
alternative HF 15a. Paradise Woods owns all four of her dirt route wins at Santa Anita including a Grade 2 last time out Sept 29. She has tactical speed and a fast work Oct 27 suggests she is doing well. Blue Prize rallied outside to win that Oct 6 affair at Keeneland. The late-runner may need a strong pace to help set up her rally, but she is sharp and she plots well.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Dunbar Road :37.0 - Blue Prize :37.2 - Midnight Bisou :37.6

Wow Cat (CHI) finished 2nd in this event last year and chased home 'Bisou (above) when 2nd Sept 28. She seems to have lost a step of late per the numbers and her biggest plus may be her connections.
Secret Spice has caught a case of seconditis of late at and below this level this year. Both of her dirt route wins have been over this track, Johnny V. takes over and she has worked fast since raced. However, her numbers are going the wrong way and she tries nine furlongs for the first time. Tough call.
La Force (GER) hasn't threatened in three starts since her Grade 2 win over this track June 1. Her numbers are soft and she might need a strong pace meltdown to enter the winner's circle this afternoon.
Serengeti Empress would top the charting at every call off her win in the Kentucky Oaks May 3, but she has finished 2nd in two shorter trips vs. sophs since and was 6th last time out in that Sept 21 affair at Parx. Prat takes over and she worked fast Oct 25, but she may have some company up front by neighbor Mo See Cal and she takes on older for the first time. Unless early speed has been dominant in the earlier races, we'll look elsewhere for the winner.
Mo See Cal set the pace and kept going vs. NW2 Optional Claimers over this track Oct 10. Class is a major cloud, though, and she would light up the tote with a win.
Blue Prize (ARG) made it two straight when she rallied from the back to win a Grade 1 at Keeneland Oct 6 . Her numbers are going the right way, Bravo is back to ride and maybe she can pull off the hat trick.

## UNDERSTANDING THE HF 2, 15, 15a and 20

The Handicapping Factors (HF's) $2,15,15$ a and 20 are used by our writers for selection purposes and each HF should be viewed a bit differently. The HF 2 is our strongest endorsement. A Digest writer will assign the HF 2 when he feels a horse is an absolute standout in a race. Usually the favorite, this horse will most often be below 2-to-1. HF 2's can be used as strong singles in the Pick-3 and Pick-6 or as 'keys' in the Exacta and Trifecta. (NOTE: A horse receiving an HF 2 will also automatically get an HF 15). A horse receiving an HF 15 is also considered a strong play and can be used in all exotics wagering. The HF 15 a is a bit more complicated as this designation is the writer indicating he likes the horse's chances, but the race is competitive. In a wide-open race when the HF 15a is below 3-to-1, refer to the race analysis for the other contenders or the main threats on our Quick Picks Page. Often times one or two of these contenders will offer more value at the windows and thus represent a better play. Finally, the HF 20 is our longshot. HF 20's go to horses who might not be the most-likely winner, but have a chance and likely will be overlooked by the betting public. Including the HF 20 in the exotics can often lead to a 'Big Payoff'.

## BEATEN LENGTHS

The beaten lengths shown in the data lines have been converted to decimal form. To help make them more understandable, here are our equivalents:

```
Nose = . 05
1/2 length =. . 
Head = .10
Neck = . }2
```

## RACE APPRAISAL

ANALYSIS: Old Persian easily won his North American debut in a like event at Woodbine Sept 14. He also won a Group 1 at this trip in Dubai March 30, he is reunited with Buick and maybe he can win right back. 'Persian is the HF 15. Bricks And Mortar has won three straight Grade 1 events at 10 furlongs or less and tops the charting off his last start Aug 10. He has strong connections in his corner and another win would be no surprise. 'Mortar is the alternative HF 15a. Arklow has earned solid numbers in his last two starts including his win in a Grade 1 at this trip at

Belmont Oct 5. Castellano takes the call and he could be one to fear late. Arklow is the HF 20. Anthony Van Dyck finished 3rd in a Group 1 at 10 furlongs in Ireland Sept 14. He finished 9th as the favorite in last year's BC Juvenile Turf Nov 2, 2018, but he did win a Group 1 vs. sophs June 1 and maybe he can make an impact once again.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Alounak :46.6-Zulu Alpha :47.7-Arklow :47.9

## HORSE COMMENTS

Zulu Alpha can fire big at times including his win in a Grade 3 at Kentucky Downs Sept 7. He just missed in a Grade 1 at Monmouth June 22 and J.
Ortiz is back to ride. However, he has also finished out of the Trifecta in three of his last five starts. We'll look elsewhere for the winner.
Acclimate set the pace and held 2nd in a Grade 2 at 10 furlongs over this course Sept 28. He won three of his previous four starts including a Grade 3 at 14 furlongs June 23 and he plots well. However, there appears to be a pair of other frontrunners lined up and they might help keep him from another Lone 'F' trip. Mixed signals.
United rallied for 3rd in that Sept 28 affair over this course. He was 2nd in a Grade 2 May 25 and he charts for a share. At least the pace figures to be honest and his odds figure to be much more playable this afternoon.
Mount Everest (IRE) is off a narrow victory in a $\$ 50 \mathrm{k}$ turf route Stakes in Ireland Oct 19. Lordan is back to ride and he was 2nd in a Group 2 last year, but he may be an outsider at this level.
Anthony Van Dyck (IRE) finished 3rd behind star runner Magical in a Group 1 in Ireland Sept 14. He was 9th in the BC Juvenile Turf last year, but he won a Group 1 vs. sophs at today's trip in England June 1 and Moore is back to ride. We'll mark him a contender.
Channel Cat has raced pretty evenly in two straight at this level earning minor awards in both. He plots in the middle, Saez is back to ride and he did win a Grade 2 July 27. Still, we'll pass on the win end.
Alounak (FR) finished 2nd in a like event at Woodbine in his North American debut Oct 12. He plots well off that one, but that was not the
strongest of fields and he raced in Germany prior to that one which is often the softer circuits in Europe. We'll try to beat him.
Bandua finished 8th beaten about two lengths vs. Grade 1 turfers at one mile at Keeneland Oct 5 . His lone turf route win was at 9.5 furlongs in a Grade 3 at Arlington July 13, but he did finish 3rd in a Grade 1 at 10 furlongs at Arlington Aug 10. A win may be a stretch, but maybe he can help spice up the exotics.
Bricks and Mortar was off for about 14 months and has won six starts since dating back to Dec 22, 2018. He has won three straight Grade 1 events, he tops the charting and his connections are top-notch. His biggest neg may be he is unproven past 10 furlongs, but he still seems to merit contender status.
Old Persian (GB) was a sharp winner in a like event at Woodbine Sept 14. That was his North American debut, he won a Group 1 at Dubai March 30 and Buick is in to ride back. The nine-time winner seems to merit plenty of respect and he could be dangerous right back if he can avoid the Eurobounce.
Arklow had a wide trip, but still proved best in a similar affair at Belmont Oct 5. He plots close, he has finished in the Trifecta in five straight and Castellano takes over. We wouldn't rule him out.
Channel Maker set the pace and held 2nd in that Oct 5 affair at Belmont. He won a Grade 1 at Belmont May 11, but hasn't finished better than 3rd in three routes over this course and he might not have a Lone 'F' trip today. At least his connections are easy to like.

## Santa Anita Recap for Thursday (10-24-19)

Fast main track and firm turf course. Three front running sprint winners on dirt (6f, 6f, $5.5 f$ ). The winning turf course running styles were a front runner at one mile, a front runner at 5.5 furlongs, and a last-to-first closer in a 4 -horse field at 5.5 furlongs (rail at 30 feet). Hat trick for Agapito Delgadillo. Trainer Richard Baltas saddled three winners and Delgadillo rode two. Oct 24 Claims: Race 4 - Short of Ez (\$10k, Anna Meah). Race 5 - Conquest Cobra (\$25k, Vann Belvoir), Getaloadofthis (\$25k, Doug O’Neill), Italiano (\$25k, Vann Belvoir). Race 8 - Big Barrel (\$12.5k, Gary Stute), Dawood (\$12.5k, Jeff Metz).

## Santa Anita Recap for Friday (10-25-19)

Fast main track and firm turf course. No front running winners on dirt. I have not said that in quite some time. The winning turf course running styles were a front runner at 5.5 furlongs, a dueling front runner at 5.5 furlongs, and a midpack stalker at a mile and an eighth (rail at 30 feet). Maiden claiming dirt sprint riding double for apprentice J. C. Diaz Jr. Oct 25 Claims: Race 1 - Cabin John (\$25k, Anthony Saavedra), Dukes Up (\$25k, Peter Eurton), Kylemore (\$25k, Paul Aguirre). Race 6 - Harmon ( $\$ 50 k$, Victor Trujillo), Volubile (\$50k, Bob Hess Jr).

## Santa Anita Recap for Saturday (10-26-19)

Fast main track and firm turf course. One front running winner at 6.5 furlongs on dirt. The main track has not been nearly as speed favoring this week. The winning turf course running styles were a stalker at one mile, a last-to-first closer in a 5horse field at one mile, a patient midpack runner in the Autumn Miss Stakes at one mile, and a front runner at 5.5 furlongs (rail at 10 feet). Tyler Baze and Abel Cedillo both booted home a pair. Big 3-win day for trainer Mark Glatt.

Autumn Miss Stakes (G3) Recap (10-26-19) - Winner: Keeper Of the Stars (\$12.20)
I am not surprised that Keeper Of the Stars won, but was not expecting her to rally. All four of her wins were wire jobs, and once again, jockey Abel Cedillo worked his magic. The pace was more than honest with Giza Goddess and Raymundos Secret mixing it up early. Keeper Ofthe Stars rated in 6th and ran past Giza Goddess in the lane to score by a length and a half. Giza Goddess gamely held 2nd over my value top choice Mucho Unusual. The latter was roaming around in the stretch looking for clear sailing, and she finished nicely for the show. Beaten favorite Hidden Message was next, followed by Raymundos Secret, Strike At Dawn, Great Sister Dane, K P Slickem, Holly Hundy, Free my Soul, Solent, and Alittlelesstalk. Oct 26 Claims: Race 5 - Blue Skye Jade ( $\$ 32 k$, Reed Saldana), Colosi ( $\$ 32 k$, Doug O'Neill).

## Santa Anita Recap for Sunday (10-27-19)

Fast main track and firm turf course. Two front running winners at six furlongs on dirt. The winning turf course running styles were a last-to-first winner at a mile and an eighth, a patient midpack closer at one mile, a stalker at one mile, and a last-to-first closer at 5.5 furlongs (rail at 20 feet). Two flat mile turf wins for Rafael Bejarano.

Comma To The Top Stakes Recap (10-27-19) - Winner: Midcourt (\$15.60)
Leading Score was a contender but could not be trusted at less than even money. He set the pace as expected, and this race played just like it looked on paper. Oliver kept the chalk busy up front, and my top choice Two Thirty Five was getting the right trip in 3rd. I was felling pretty good as they approached the stretch, and Two Thirty Five made his move turning for home. Midcourt was starting to get involved as they approached the stretch, and he had all the stretch momentum and scored by a neck over Two thirty Five. The top two ran well and were 2+ clear of Leading Score. It was another 4+ back to Ground Attack, and Oliver faded to last. Oct 27 Claims: Race 8 - Stealthediamonds ( $\$ 80 \mathrm{k}$, Mike Puype).

## Distance: $11 / 4$ Miles

Conditions: Grade 1 - Longines Breeders' Cup Classic FOR THREE-YEAROLDS AND UPWARD. Northern Hemisphere Three-Year-Olds, 122 lbs.; Older, 126 lbs.; Southern Hemisphere Three-Year-Olds, 117 lbs.; Older, 126 lbs. All Fillies and Mares allowed 3 lbs . $\$ 75,000$ to pre-enter, $\$ 75,000$ to enter, with guaranteed $\$ 6$ million purse including travel awards of which $55 \%$ to the owner of the winner, $17 \%$ to second, $9 \%$ to third, $5 \%$ to fourth, $3 \%$ to fifth, $1 \%$ to sixth, $1 \%$ to seventh, $1 \%$ to eighth; plus travel awards to starters not based in California.

ANALYSIS: Numbers, numbers, numbers. They go up, they go down. Most of these have run a recent race that could make them a winner. Mongolian Groom won Santa Anita's prep race, the Awesome Again, in wire-to-wire fashion Sept 28. 'Groom earned his best numbers to date and he projects as the winner. However, he got the easiest of leads in that one and the two main threats (McKinzie and Higher Power) failed to fire their best shots. Perhaps all he needed was a change in tactics (frontrunning) to win. However, he was $25 / 1$ and had not been on the lead before. Let's expect him to regress. Math Wizard earned his best marks when scoring a $\$ 60$ upset in the Pennsylvania Derby. He does well on paper, but insist on similar odds. Let's focus on McKinzie, Vino Rosso, Code of Honor,
Yoshida, and Owendale. McKinzie was taken back into a stalking spot that likely left 'Groom too strong for the stretch run last time. Baffert switches to Rosario and we speculate that he will send McKinzie right to the front and not try to get too cute in a field that is short on early speed.
Baffert likes to see his runners in front and that may be the plan. Vino
Rosso and Code of Honor were noses apart in the Jockey Club Gold Cup

Math Wizard gave the young Saffie Joseph (think a young Penn Jillette if you are looking for him in the paddock) an upset winner when he rallied widest at 31/1 in the Pennsylvania Derby Sept 21. That's a Grade 1 for sophs, but this year's event was not all that strong and these longshot improvers tend to revert to the norm. That would probably put him down the list.
Seeking the Soul had no excuses behind Mongolian Groom and he's won just one good race in 2019. He could be much sharper
Owendale looked good winning the Oklahoma Derby and he won the Ohio Derby and the Lexington Stakes earlier this year. Castellano takes over for the injured Geroux and, while this guy has been making bank in the second-tier soph events, he figures very much in the hunt.
War of Will is riding a three-race losing streak, so Casse adds blinkers in an attempt to turn things around. He won the Preakness this year and that race produced four next-out winners. He wasn't one of them, of course, but he figures to be well placed from the bell.
Yoshida (JPN) was not beaten too badly in this race last year and is making comeback start \#4 after showing signs of life in his last two. Mott has likely been pointing toward this race and this one may tag some tiring speed.
Elate is a 5-year-old mare that is sent after the big money. She figures in the hunt, but was outfinished in her last two starts, both small fields. She figures to get close early, but another secondary award may be her limit.
Higher Power scored a 9/1 upset when moved to dirt in the Pacific Classic Aug 17. That was by far the best race of his career and he returned in the Awesome Again Sept 28. He was let go at $3 / 1$ in that one, but went to his nose leaving the gate, didn't care for getting hit by dirt when stuck behind horses (it's referred to as 'climbing') and then understandably lacked a rally. His Pacific Classic win would make him a winner, but only one Pacific Classic winner also win this race. That horse

with the stewards awarding 'Honor the win following a late bumping incident. 'Rosso set the pace that day, but would prefer to have a target.
That's how he won at this trip here in May. He may get a dream trip in a race where the pace might be relatively slow. 'Honor has won his last three starts, including two consecutive 10F wins. He gets points for wearing down 'Rosso last time as it's not easy to catch a pacesetter in a small field. Yoshida and Owendale are the late threats. Yoshida is making comeback start \#4 and will be attempting to rally. He got close last year and may be ready for his best under new rider Mike Smith, late of McKinzie. Owendale has been winning lesser 3-year-old Stakes in 2019 and gets tested for class. Both have odds-beating potential. This is a spot to single or spread. McKinzie is our 'single' candidate. Include the other four if you choose to 'spread'.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Math Wizard :24.3-Owendale and Mongolian Groom :24.4Higher Power :24.8

## Fast Figs: Lightening in a Bottle?

If you handicap with the goal of making a profit then I would encourage to read the following article (full article with complete results be found on www.TodaysRacingDigest.com).

During our regular process of monitoring the results of Today's Racing Digest's speed, pace, and performance figures we decided to begin including the Fast Figs in our regular audit. It's a number we've had for over 30 years but haven't given it a whole lot of thought other then we knew it was a good quality number that could assist in narrowing down the field. While running our historical results scenarios we kept seeing an abnormally high return on profit. We've been developing and monitoring performance figures (ours as well as our competitors) for almost 50 years now and we've never seen a figure consistently produce a straight profit over the long haul for multiple tracks. By nature I'm a skeptic and thought it was a fluke so we kept triple checking our results and expanding our data sets. To our amazement Fast Figs continued to produce a profit on many tracks. I'm not one to jump to conclusions but I am wondering if we have found "lightning in a bottle". Our business is providing you the best possible data and information and we have an obligation to you as a customer to make sure you are aware of the potential of Fast Figs to consistently provide you a profit.

The analysis we have been doing is based on the scenario of betting straight win, place, or show bets on the highest Fast Figs for each race. In the case where there are more than one horse with the highest Fast Fig we use the CPR and FIRE number in the Digest race sheets to narrow down our choice. Below is a screen shot of a pivot table that tabulates the results by track for the last 16 weeks. The results listed below are based on placing a $\$ 2$ Win bet on the highest Fast Fig in each race and the profit earned on those bets. To limit space we only show the win bets for the top tier tracks across the country or those tracks tracks that consistently show a profit. The full report showing all track results for win, bet and show profits can be found on www.TodaysRacingDigest.com or we will email you the full report by texting FastFigs to 33444.

If you aren't already using them I would encourage you to begin to include Fast Figs in your handicapping process or as your primary and/or supplementary tip sheet. From the results we are seeing this is the best figure we've ever come across and over the long haul will out perform any other product, sheet or tool you have ever used.

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. Distance - This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. Conditions - We list the race conditions here. This particular race is a Starter Allowance.
3. Track Profile - This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won $22.7 \%$ of the 22 races at this distance while Late-Runners ("R") have won just $4.5 \%$.
( $\mathrm{F}=$ frontrunner, $\mathrm{P}=$ pressers, $\mathrm{M}=$ midpackers, $\mathrm{R}=$ Late-Runners.)
4. Race level - The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. Race Conditions - This is an abbreviation of the Conditions of the race.
6. Purse - This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. AFTL - The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. Favorites - We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. Horse - We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "\#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and. FBH indicates a Foreign-bred horses. We also note betting entries by a letter ("A" or "B") before the name.
10. Jockey - This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. Fire Number - This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. Weight \& Change - We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. Age/Sex - How old is the horse, you say? We list that here, along with the horse's sex. ( $c=$ colt, $\mathrm{g}=\mathrm{gelding}, \mathrm{r}=$ ridgling, $\mathrm{f}=\mathrm{fill} \mathrm{y}, \mathrm{m}=$ mare)
14. RRL - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. RCL - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An " $x$ " in this column indicates a horse hasn't been competitive at any level recently.
16. CPR - Comprehensive Performance Rating. Another Digest speed figure, this one is the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. Total - This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. PER - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, $\mathrm{F}=$ frontrunner, $\mathrm{P}=$ presser, $\mathrm{M}=$ midpacker, $\mathrm{R}=$ laterunner
19. Handicapping Factors - Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15 a (like) or 20 (longshot).
20. Equipment - This is the equipment the horse has been or is scheduled to wear. $\mathrm{B}=\mathrm{blinkers}, \mathrm{FW}=$ front wraps, $4 \mathrm{~W}=$ four wraps,
21. Trouble - If the horse was in trouble in any of its races, we list that here. A " 1 " indicates a horses last race, a " 2 " a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. Off Track - If the horse is proven over an off track, we list the Track Variant for that day here.
23. Best Prev Sur Dis - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. Past Class - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. Average RCL - This is an average of the horse's recent Race levels where it has been competitive.
26. Last CPR - Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. Fractional Chart Order of Finish - Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. Average Times - The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times 56
run by horses at today's particular class level.
29. Analysis - In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. Closers - Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. Horse Comments - Digest provide information about each horse and assess their chances.
32. Horse name - Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. Trainer/Jockey - The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one $3^{\text {rd }}$ the past three months.
34. Age/Breeding - The first number is the horse's age, followed by his sex. After the dash $(-)$, the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. Trainer Stats - We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. Notes - What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. Course Records - Shows how the horse has done sprinting or routing over today's surface. We also list the overall record on the surface whether it is sprints or routes.
38. Works - Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. Last $\mathbf{1 0}$ FIRE - These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. Track - Indicates at what track the horse's race occurred.
41. Date \& Race - Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. Distance/Surface - This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. Post Position \& Key Race Winners - The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. Weight - This is the weight carried by the horse.

Trainer/Jockey - The horse's trainer and jockey for the particular race is noted here. Track Condition - Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, $\mathrm{FT}=$ fast, $\mathrm{GD}=$ good, etc.)
47. Track Bias - A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias ( $\mathrm{O}=$ outside, $\mathrm{I}=$ inside, $\mathrm{F}=$ speed bias, $\mathrm{L}=$ late-runner bias) as well as the strength of the bias on a scale of 1 to 3 , with 1 being a mild bias and 3 being a dominant bias.
48. Race Type - Lists the type of race in abbreviated format.
49. Race Conditions - These are the conditions of the Race Type.
50. RCL - Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. CPR - The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. Finish Position \& Beaten Lengths - The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a " 1 ") crossing the wire.
53. Odds - The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board"). The ' indicates the horse was the post time favorite.
54. Track Variant - Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. Position at Each Call \& Beaten Lengths - The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track pars and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. Last Fraction - The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, pars and variants.
57. Pace \& Final Time Ratings - Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. Equipment - All the equipment worn by the horse for its race is listed here. (L=Lasix, $\mathrm{b}=\mathrm{blinkers}, 4=$ four wraps, $\mathrm{F}=$ front wraps, $\mathrm{C}=$ the horse was claimed out of the race).
