## Today's Racing Digest FAQ

**What is Today's Racing Digest?** Since 1970, Today's Racing Digest has been the leader in providing unique and powerful handicapping information that goes beyond any other handicapping product or service. From easy to use features like the Quick Picks and Fractional Charting to our powerful data lines already adjusted to today's race distance and surface along with the insightful workout report no other handicapping publication provides an easier more effective handicapping product. Each issue is available in print and on-line at [www.todaysracingdigest.com](http://www.todaysracingdigest.com). Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

**What makes Today's Racing Digest different from other racing publications?** It takes more than just a final speed number, performance rating, or set of raw past performances to uncover hidden value. A consistently winning handicapper approaches each race from multiple angles. Today's Racing Digest products are designed to give you a comprehensive and complete look at each race through unique features, data and information covering the most important angles required to identify the real contenders while uncovering hidden value, and overlooked betting opportunities. With, insightful statistics and data looking at class, breeding, form, workouts, speed, pace, running styles, track bias and variants, value, key races, and much more you will be confident you are getting the complete handicapping picture while not missing out on any critical handicapping angle or piece of information.

**What are Data Lines?** A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

**Why Should I Purchase Today's Racing Digest?** In order to consistently win at the track you must know more about the horses and their connections than the rest of the betting public. If you are a casual race-goer this is an impossible task. With 80+ horses running every day at multiple tracks across the country it takes a team of professional handicappers, a powerful database utilizing sophisticated algorithms and years of experience to consistently find over looked contenders and hidden value. Today's Racing Digest's staff of experienced handicappers does this work for you. The Digest's staff of seasoned experts spend all of their time watching the races, workouts, gathering all the pertinent data, and then presenting it in an informative and valuable format.

# DEL MAR FRACTIONAL TIMES COMPARISONS

*Today's Racing Digest*

Shown below is the order of finish that would be likely if each horse repeated a representative race. There are many reasons why this may not happen. Foremost of these is that, like humans, horses have good and bad days. Also, today's race may differ from the representative race due to changes in the post position, weight carried, class, track, surface, pace characteristics etc. Nevertheless, plotting and studying times from previous performances is a basic part of handicapping. If the representative race was not on a normal track, the times shown have been adjusted by the track variant applicable. The underlined fractions indicate the leader(s) at that particular point in the race. Except for the LF = Last Fraction, which indicates the fastest closer(s). X = No recent or available time at or about the distance. The date of the selected, representative race is shown preceded by a letter indicating which track (A = Aqueduct, B = Bay Meadows Fair, B = Bay Meadows, D = Del Mar, F = Fairplex Park, FO = Fresno, G = Golden Gate, H = Hollywood Park, K = Keeneland, MO = Monmouth, S = Santa Anita, S = Santa Anita/oak Tree) and followed by a number indicating how many races back it was.

## TIM OSTERMAN'S FAST FIGS

The Fast Fig rating is one of our most profitable figures and typically will uncover overlooked value that offer larger than average payouts. Historically a win bet on the top Fast Fig in each race will return an average of 112% profit. Place and Show bets typically return 106% and 102% profit respectively. The Fast Fig is a combined class/performance figure based on the horse's overall effort and the strength and level of the fields faced. Horse's scoring within FIVE points of the top figures should be considered contenders in today's race. Runners rated 'X' are either first-time starters, shippers from a new circuit, comebackers off more than four months or horses that simply could not be assigned a reliable rating. If there are multiple horses that share the highest Fast Fig you can narrow the choices down by selecting the horse with the highest FIRE and/or CPR listed in the Digest Race Sheets.

## RACE APPRAISAL

**ANALYSIS:** We hear about win/win transactions all the time, but who really tracks them to find out. However, **Pink Ace** has worked out for her first two sets of owners, or is at least on her way to providing a profit for her current owners. The former \$5,000 yearling grossed \$63,000 when she was claimed out of her debut win and she returned to collect \$28,000 more when she set the pace in a \$150,000 two-turn Stakes and lasted well enough to win the photo for 2<sup>nd</sup>. She'll add \$37,000 to her bank account with a win here, as she's a Ship & Win qualifier (plus she gets \$5,000 more for starting today). That would bring her to \$60,000 gross on the \$40,000 claim. She's trained well for D'Amato and is quick enough to either contest the lead or track recent Los Al wire-to-wire winners **Song of**

**Shadows** and **House of Magic**. Both earned Final Time Ratings that exceeded the RCL of their race. **'Magic** was winning as a comebacking second-timer and gets blinkers despite winning last time. She may be the one to catch turning for home with **'Ace** capable of playing the trump card late. **Camp Bashors Candy** won debuting here July 23 and did it by rallying wide. The Baffert second-timer may benefit the most should the early pace be too fast. Speed began to hold up better last week, but **'Candy** may be underrated the most on paper.

**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Pink Ace and Camp Bashors Candy :24.8 - Blonde Bombshell :25.2

## HORSE COMMENTS

**Blonde Bombshell** won a four-horse \$50,000 Maiden-Claimer May 14, but the front-wrapper didn't earn much of a number and she proved no threat to this kind on turf June 9. The return to dirt should help, but . . .

**Pink Ace** seems to have worked out well for everyone. Ken McPeck bought her for \$5,000 for his public racing syndicate Magdalena Racing and saddled her to win debuting at Oaklawn March 18 and watched her get claimed for \$40,000. That was a good return for the investors. She was subsequently stretched out in a \$150,000 dirt mile and set a Lone 'F' trip until faltering late. She's been sent to D'Amato and returns following a 3-1/2 month break. She can obviously fire fresh and we don't get many Stakes-placed runners in these NW2 Starter events. Her last two works over this oval were solid. Beat her to win?

**Camp Bashors Candy** is a homebred that scored at first asking for Baffert July 23, as she settled and rallied wide. Bravo rides her back and she can improve.

**Song of Shadows** was moved from Yakteen to Knapp after she failed to fire on the grass March 19. She returned sprinting on dirt while racing without her usual blinkers July 2 and parlayed a Lone 'F' trip into a win. She's unlikely to be the only speed today, but she may improve with regency. The 111 Final Time Rating that she earned last out exceeded the 105 RCL of the race and that's the mark of a horse that can be competitive on the raise.

**Quicklikeabunny** has only been close once in four starts as a winner and her last two tries under these conditions suggest that she needs \$16,000 NW2 types.

**House of Magic** scored as a comebacking second-timer when she dominated three rivals July 4. She went wire-to-wire that day and is refitted in blinkers for her first start as a winner. She, too, earned a FTR > RCL (120/115) and her speed and outside post may serve her well.

## RACE APPRAISAL

**ANALYSIS:** Wesley Ward bred and owns **Des Doigts**. He was troubled in his debut and, like all of the experienced runners, was no real threat. However, he was 5/2 in his bow and this move into the Maiden-Claiming ranks suggests that he's probably well meant. Fellow second-timers **Nurcan** and **Nesso's Lastharrah** have room to improve with the latter a

stab-in-the-dark longshot candidate (honestly, this whole race is a stab in the dark). The rookies should be monitored on the track and tote. None of them jumps off the page, but it won't take much to win this.  
**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Fact or Fiction :19.4 - Nurcan :19.7

## HORSE COMMENTS

**Southern Slang** is his dam's fourth starter and the first three are winners. Fincher can fire with a rookies and this one is worth following.  
**Fact Or Fiction** ran to huge odds debuting July 29, but is back relatively quickly and might improve.

**Rojo Pequeno** is not bred to win early and Howey tends to race his stock into shape. He will be his dam's fifth starter and the last two were winners. They were better going long and this one is not bred to win early. Watch one?

**Nesso's Lastharrah** raced evenly debuting in Florida July 8 and can improve the second time around. He didn't show anything in his bow, but wasn't terrible and the homebred is worth a look.

**Pleaseusethportal** gets blinkers after being outrun debuting June 18. The \$50,000 2-yo is quickly put up for sale and it may be OK to watch one.

**Des Doigts** is a Wesley Ward homebred that lost his best chance at the break debuting June 16. He's worked twice here and Ward is deadly with second-timers.

**Veritas Aequitas** is not bred to win early, but the homebred is related to three winners (he's his dam's fifth starter). The works are nothing special, but neither is this field. Watch the betting.

**Nurcan** made his debut at Keeneland April 7 and was done early that day. Mendez can pop with a second-timer, but he's gone 0-for-10 with comebacking second-timers. That's a caution.

## RACE APPRAISAL

**ANALYSIS:** Morning Addiction saw her 2022 season come to end after she won under these conditions Aug 26, but had the vets step in a void an \$8,000 claim for her. She didn't run again for 10 months, but was made claimproof for her June 25 sprint return and she proved way too fast for those. She's shooting for her fourth win from her last five starts and perhaps last year's 'void' and the subsequent long layoff makes her claimproof. Speed had struggled at this trip, but we had our first two

**Beachgrass** gets a price cut after winning a restricted \$10,000 claimer at Pleasanton July 8. The late-runner fits on numbers, but might be too far back of a relatively paceless group.

**Pens Street** ran into traffic troubled in the middle of the race before getting clear to check in 3rd in her West Coast debut July 29 and has her price halved for this. She figures in the hunt and this may be where she fits around here.

**Agreetodisagree** was never a threat in that July 29 \$16,000 affair, is a question mark on dirt, and would be a surprise.

**Blossoming** beat \$4,000 NW2 types on Tapeta at Golden Gate April 9, but would be a surprise in this spot.

**Roses R Blue** is tried without her usual blinkers that is back up for sale while making her seconds start for Aquino. Watch another?

**Jacrodra's Devil** was setting the pace at this distance at Golden Gate, but has not been close early in her last three starts. She was troubled in the July 29 common affair and has her price halved. Let's watch another from her, too.

frontrunning wins at this trip last Friday and Saturday and the trend may continue with warm weather in the cards this week. **Pens Street** had traffic trouble here July 29 and recovered to run 3<sup>rd</sup> for \$16,000 and should be more competitive here. The late-running **Beach Grass** may be finishing fastest and fits with this group.

**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Beachgrass :26.2 - Pens Street :27.0 - Agreetodisagree :27.9

**B B Gun Bullseye** beat Louisiana-bred sprinters June 10 and should be relatively close early on the stretch-out. He can improve.

**Lucy L** has regressed in three starts since Metz claimed her for \$12,500 June 9. She once again figures down the list.

**Dallas Alice** upset set a field of restricted \$12,500 sprinters at Los Al June 25 and might be able to lay close on the stretch-out.

**Morning Addiction** is stretched out while making her second start following a 10-month break. She was made claimproof in her comeback sprint and is now offered up for sale with this group to \$8,000. She won for fun June 25 and may be well in front early again.

**Zzyzx** is a soph facing older claimers. She's been something of a dead end in 2023.

**Aspirational** is another Cajun-country runner that has been sent to Scott Stevens. The state-bred runner gets a price cut to run around here and better is possible.

### Post Positions of Winners by Size of Field

July 16, 2021 thru July 30, 2023

For fans of the Pick Six Scramble, simply employ the following strategy with the horses listed on the Quick Pick Page. The requirements are two 'singles' somewhere in the Pick Six. Place your 'singles' in their proper spot and then select three horses in each of the other four races. Label the first three horses 'A,B,C', the second set as 'D,E,F' the third set as 'G,H,I' and the fourth as 'J,K,L'. Use the following patterns to build your nine \$2 tickets. In this example our 'singles' are in legs 2 (s1) and 4 (s2) of the Pick Six.

## RACE APPRAISAL

**ANALYSIS:** A dozen runners have been signed up and the first six are all rookies. **Impeachment** and **Capital Outlay** both have reasons to come out running and both go for trainers that can fire with a rookie. **Impeachment** has the better works. Peter Miller, who trains 'Outlay, also trains **Donnie the Chiro** and that one has had a race. Rispoli takes over

and he's riding the turf course as well as anyone with a mount in this race. We'll start with those three. **Gantry** has trained OK for his debut while paper race winner **Mr Chivas** can extend his in-the-money streak to four if he goes.

## HORSE COMMENTS

**Gantry** is his dam's second starter and the first is a non-winner. The \$15,000 yearling shows some quick half-mile gate works and they may help him get going.

**Stolen Treasure** is bred to win early, but Freeman tends to give his rookies a race. His three half-sisters are all winners, but let's watch this first one.

**Special Club** is his dam's fourth starter and the others were all 2-yo winners, with at least one debut winner. Lewis is another that tends to give his rookies a race, but watch the betting.

**Capital Outlay** is his dam's seventh starter and his six siblings are winner with four of them having won as a 2-yo, including two win-types. This one's bred to win early, too. The works don't show much, but perhaps he doesn't need much work.

**Impeachlot** has been working 5F for over a month now, has worked well out of the gate and both of his siblings to race are winners, with one of them scoring as a 2-yo. He seems well meant and Koriner does well with Cal-bred rookies.

**Cussin N Fussin** is his dam's ninth starter and is related to six winners, though they combined to produce just one 2-yo win. The \$25,000 yearling is another Freeman rookies and he may be in for the education.

**Halo Uncle** chased and tired in his Los Al debut and Bonde has a terrible win record with second-timers. Better is possible, but a win would be a surprise even with the addition of blinkers.

**Donnie the Chiro** was 3/1 debuting on dirt July 22, but lost all chance at the break. Rispoli is riding this turf course better than most and Miller does well with second-timers. Count him 'in'.

**Buraq's Reflection** is tried in blinkers and moved to turf. He chased the pace in his first two before regressing from the inside here July 22. He's not particularly bred for the lawn, but can move forward.

**Gentlemen's Club** finished evenly in his July 28 debut and Lewis can scratch Special Club to get this one into the starting grid. Give this one extra points if Lewis does just that. On the other hand, he debuted with Maiden-Claimers and is up in class for this.

**Mr. Chivas** has finished in-the-money in three consecutive sprints, has tracking speed and might keep his check-cashing streak alive.

**Ballymun** will race without blinkers after popping and stopping debuting with Gentlemen's Club in that July 28 \$50,000 Maiden-Claimer. He was 7/2 in that one, but was buried in the one hole and deserves a good chance to improve if he goes.

## RACE APPRAISAL

**ANALYSIS:** This is an open \$25,000 claimer, but we had to keep re-checking the conditions as 7 of the horses entered are still eligible for a NW2 race. Our three main contenders are multiple winners and our top choice is **Post Facto**. He's been freshened since a poor showing in a NW3 \$50,000 Starter April 29, but prior was competitive with similar to that, including a turf win over NW2 \$50,000 Starters Feb 3. He graduated on the dirt and has been working strongly for this return, including three 59 and change works in July at SA. He gets the HF 15a. **Nauvoo** is a 5-time winner that is 2-for-2 in dirt routes. He's struggled in his last two starts with non-claimers on synthetic at GG, but tops the charting off his 9-length romp over restricted \$16,000 claimers at SA March 31. He could be a rebound threat moving from Wong to Mulhall and back to dirt. **Jerry Jeff**

**Walker** is another No Cal shipper. A two-time winner, he almost wired NW2 \$50,000 Starters on synthetic at GG March 14 and set the pace and held 2<sup>nd</sup> with restricted \$20,000 claimers on dirt at Pleasanton June 17. He failed to fire in a \$50,000 Starter at Pleasanton July 9, but might surprise if he can revert to his front-running ways. He's the HF 20. **Tiz Tok** is a barnmate of the top choice that is just 1-for-5 and needs to scratch in. He struggled with tougher in his last two starts, but did easily beat \$40,000 Maiden-Claimers at SA Feb 17, his only race when in for a claiming tag. We won't rule out him making an impact if he starts. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Star Prospect :25.6 - Post Facto :26.0 - Thirsty Pappy :26.2

## HORSE COMMENTS

**Wrong Spot** finished a no threat 3rd with \$20,000 NW3 claimers May 21 and again was 3rd with restricted \$12,500 sprinters June 24. He seems overmatched in this open \$25K claimer.

**Dos Vicios** won his last two starts for \$12,500 on synthetic at GG, one a State-bred event, and then finished 3rd in an Allowance on dirt at Pleasanton June 17. He's in solid form, but might be in a little steep at this level in So Cal.

**Thirsty Pappy** is 0-for-5 on dirt, all sprints, and was no factor in his last two turf routes, most recently when tried in a \$32,000 NW2 claimer Aug 3. He has plenty to prove.

**Nauvoo** moves from Wong to Mulhall. He tops the charting off a 9-length win over restricted \$16,000 claimers at SA March 31, but has struggled in his last two starts on synthetic in No Cal, the last a bottom-level Allowance May 26. He is 2-for-2 in dirt routes, so perhaps the return to the surface will help him rebound.

**Star Prospect** ran 2nd with Cal-bred Allowance foes at LRC July 3, but that was only a 3-horse field. That last effort would only have plotted midpack, but he charts well off his big Cal-bred Maiden in March. We're really not sold him as a win threat.

**Post Facto** graduated on dirt and beat NW2 \$50,000 Starters on turf Feb 3. He's been freshened since a poor showing in a NW3 \$50,000 Starter on turf April 29, but has remained in steady training and shows several strong 5F works. He could be dangerous.

**Goldenspa** has been sprinting and his recent form hasn't been great, including when out of the money vs. restricted \$32,000 claimers June 3 and \$20,000 sophs July 23. We'd rather see him in a NW2 claimer for his first route.

**Jerry Jeff Walker** failed to show speed and finished midpack in a \$50,000 Starter at Pleasanton. He had been showing speed before that, including a 2nd with restricted \$20,000 claimers at Pleasanton June 17 and a near miss with \$50,000 Starters on synthetic at GG May 14. He might be a threat if he can revert to his front-running ways.

**Circle the Moon** easily wired \$20,000 Maiden-Claimers in his third start and first dirt route July 3 at LRC. He's facing other speed and is another we'd prefer to see in a NW2 claimer.

**Trusty Rusty** finished 4th in a couple of NW2 \$50,000 Starters before a poor showing with restricted \$32,000 claimers on turf June 16. He's been gelded and the return to dirt could help, but he's eligible for a NW2 and hasn't run great in his three tries around two turns.

**Tiz Tok** easily beat \$40,000 Maiden-Claimers in his only claiming race to date Feb 17 at SA, but was a bit overmatched in a minor Stake at Turf Paradise March 11 and didn't run well in a NW2 \$50,000 Starter at SA May 26. We won't rule him out if he starts, but we do prefer his barnmate Post Facto.

## METHOD HORSE II

An approach to isolate the contender in each race.

1. Draw a line through all scratched horses in the top section of the Digest race page.
2. Award 10 points to all horses with a COLUMN 4 score that is 10 points higher than the Race level shown in the heading for each race.
3. Note the top 3 high scores in COLUMN 6. Award 8 points for 1st (and ties). 5 points for 2nd (and ties); and 3 points for 3rd (and ties). Be sure to eliminate the scratched horses before awarding points.
4. If there is only one "F" ("Lone F") in PER COLUMN 7, award 5 points.
5. The following Handicapping Factors in COLUMN 8 receive points:
  - HF 2 = 15 pts.
  - HF 15 = 8 pts.
  - HF 15a = 4 pts.
  - HF 20 = 4 pts.
  - HF 21\* = 2 pts.
- \* - Assign no points for HF 21c, 21d or 21r.
6. Fractional Chart Order of Finish: (First line under each race table).
  - 1st (and ties) = 10 pts.
  - 2nd (and ties) = 6 pts.
  - 3rd (and ties) = 3 pts.
- "Too many unshowns" award no points.

If necessary, refer to the Fractional Time Comparisons page in the front of the Digest for the complete fractional chart order of finish to determine complete point totals.

7. In case of ties, split contenders in this method:

- A. Prefer the horse with the highest ratings in Col. 6.
- B. If still tied, prefer the high score in Col. 5.
- C. If still tied, prefer the contender with the highest number in Col 15.

After tie breakers, the top two horses should be considered solid contenders with the first choice, of course deserving the strongest support. The final betting selection rests with the individual but it is suggested that the novice player stick to the top selection. Although this method will produce a play in every race, advanced handicappers may wish to improvise with additional rules (recency, jockey/trainer, price or weight restrictions, for example). Considerations of this sort will limit action somewhat but should also increase long-term profits.

## RACE APPRAISAL

**ANALYSIS:** If this race is any indication, the backstretch must feel speed is absolute in turf sprints here. This field is loaded with front-runners and none of them are proven from off the pace. The Crichton barn ships a pair from Gulfstream in **Cruzin Man** and **Rolling On**. They finished 2-4 in a Fla-bred Allowance turf sprint May 11, a race in which **Man** sizzled on the front end and **Rolling On** was a bit outrun throughout. **Cruzin Man** was claimed by Crichton when tiring in a restricted \$35,000 claimer on synthetic June 16, but has run well in both of his turf sprints and we'll make him our gambling HF 15a. **Rolling On** sizzled 58 and change from the gate going a second faster than **Cruzin Man** July 31, but will that translate to the turf? **Please Focus** wired NW3 \$50,000 Starters May 26 at SA before tiring to 4<sup>th</sup> in a bottom-level Allowance June 17. He looks

like a solid threat at this level. **Acquired Class** was outrun behind a sizzling pace in a Stake May 21 and did nothing in an Allowance turf mile June 11. He would have topped the charting had we plotted his big Maiden win three back, so he could rebound and is our modest HF 20. **Rachel's Coach** tops the charting off his wire-to-wire win over NW2 \$50,000 Starters at GG March 12, but tired in an Allowance up there when claimed by Kitchingman April 7. He's only raced on synthetic and could get hung wide drawing outside all the other speed. We won't rule him out, but also aren't really sure about his lofty paper race standing. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Rachel's Coach :11.8 - Please Focus :12.1 - Mendez Mile :12.3

## HORSE COMMENTS

**Castleknoek** is a front-running router that finished last in an Allowance sprint May 6 and faded vs. that kind at a mile June 11. The barnmate of **Acquired Class** faces claimers for the first time, but draws the rail in a race with lots of other speed.

**Acquired Class** finished behind barnmate Castleknoek in an Allowance route June 11. However, he charts decently off a sprint Stake May 21 and would have topped the charting had we plotted his big Maiden win April 22. He could be a rebound threat.

**Marks Hip** just missed in a bottom-level Allowance March 19, but has struggled in three starts since, including a couple of NW3 \$50,000 Starters. He has some proving to do.

**Rolling On** was beaten by barnmate Cruzin Man when 4th in a Fla-bred Allowance at Gulfstream May 11. He then ran 2nd with that kind on synthetic June 17. He's tough to gauge, but he did sizzle in a 5F gate work here July 31 when working faster than Cruzin Man.

**Please Focus** wired NW3 \$50,000 Starters May 26 and finished 4th after setting the pace in a bottom-level Allowance June 17. He's 2-for-3 in turf sprints and looks dangerous in this 3yo claimer.

**Silent Sunday** earned both of his wins in a 1000 yard races. He then just missed in a \$20,000 soph claimer on synthetic at GG when claimed by

Mathis (from Wong) May 29 and ran 2nd in a bottom-level Allowance on dirt at Pleasanton June 30. He's facing a lot of other speed in his first turf try, and he does come up light in the charting.

**Mendez Mile** won a couple of 1000 yard dashes, but faded badly in a \$25,000 claimer on dirt at LRC July 2 and did nothing in his previous two turf sprints. We'll pass.

**Cruzin Man** beat Rolling On when 2nd in a Fla-bred Allowance on turf at GP May 11 and then was claimed by Crichton (from Lorito) when tiring to 4th in a restricted \$35,000 claimer on synthetic there June 16. He was outworked from the gate by now barnmate Rolling On July 31, but has run well in both of his turf sprints.

**Rachel's Coach** has only raced on synthetic at GG and has been freshened since a 4th in a bottom-level Allowance when claimed for this price by Kitchingman (from Tamayo) April 7. He tops the charting off his wire-to-wire win in a NW2 \$50,000 Starter May 26 and appears to rate respect. Drawing way outside in a race filled with other speed is a concern.

**Johnny Drama** was a big price and did nothing debuting with straight Maidens on dirt June 18. He has turf breeding, but seems oddly spotted. We'll have to watch if he scratches in.

**SIRE TURF, SYNTHETIC and MUD STATS for every horse**

For years we have included the win percentages of each sire's first time starters. These stats have helped isolate early winners. The Digest also includes the win percentages for each sire's turf and mud starters. The stats appear after the sire's name in the Breeding line of each horse's comment. In the example below, Deputy Minister's offspring have won 20% of their turf starts, 11% of their synthetic track starts and 17% of their mud starts. For this study, mud is considered any dirt race where the track condition

was not 'Fast'. The turf win percentage is followed by the letter code 'T' and the mud win percentage is followed by the letter code 'M'. If a horse shows just a single stat, or no statistic, it means that the sire had no corresponding statistic in our turf and/or mud sire studies. In this example (below), Lahib had no Mud Starters and his Turf Starters were winless. Our Turf and Mud studies cover over 10 years of racing, beginning Aug 1, 1989.

**BREEDING:** Deputy Minister (20%T, 11%S,17%M) – Seewillo By Pleasant Colony

**BREEDING:** Lahib(0%T) – Tragic Point By Tragic Role

## RACE APPRAISAL

**ANALYSIS:** We're not sure about this race. **Stay And Scam** seems the obvious one to beat coming off a near miss with this kind on turf in just her second start June 18. She tops the charting off that effort. She won her dirt debut at Indiana May 9, but that race earned a pretty low rating.

**'Scam** would be no surprise, but we could also see trying to beat her if she's a short price as expected. **Trouble N Paradise** would be a toss out off last year's form in normal sprints. However, she's run very well in four 1000 yard dashes this year, with 3 straight wins, including a Stake June 18, before running 3<sup>rd</sup> in an open Allowance July 16. It's tough to argue with what Morfin has done at the meet (3-for-5 as this was written), so we'll make **Trouble N Paradise** our HF 15a. **She's Bulletproof** is a closer that

hasn't raced since December. She's finished in the money in three of her last four with this kind and did run 2<sup>nd</sup> with this kind over this course last September. Miller is strong with comebacks, so she might be one to look for late. **Danzing Cat** is a lightly raced barnmate of **She's Bulletproof**. She faded badly with this kind at a mile June 10, but is reunited with Vazquez and ran well in both her sprints, including a win over Cal-bred Maidens off the layoff April 29. She could do some rebounding, and we'll be curious to see which Miller goes off at lower odds.

**CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Fried Asparagus :24.6 - Stay And Scam :25.4 - She's Bulletproof, Flymetothemoonbaby :25.5

## HORSE COMMENTS

**She's Bulletproof** hasn't raced since December, but has finished in the money in 3 of her last 4 with this kind. She was 2nd here Sept 9, but finished out of the money in her other two tries with this kind at DMR. She's worked 8 times since June 3 and Miller is strong with comebacks. She might be a late threat.

**Roubaix** rallied to beat Cal-bred Maidens in a race moved from the turf May 5, but ran last in a turf sprint with \$50,000 Starters June 9. She's 1-for-17 and soft on numbers.

**Stay and Scam** wired Maidens at Indiana in her debut May 9, then just missed wiring this kind on turf at SA June 18. Her dirt win earned a very soft rating, but that turf effort tops the charting. She appears a contender.

**Trouble N Paradise** runs for the claiming tag. She finished a distant 2nd with \$10,000 claimers here last August, but has 3 wins and a 3rd in 1000 yard dashes this year, including a minor Stake win June 18. Morfin has been excellent at the meet (3-for-5), so this one may rate consideration.

**Flymetothemoonbaby** charts well off a daylight win over Cal-bred Maidens at LRC July 4, but did nothing in a bottom-level Allowance here July 28. She could rebound with a better trip, but aside from the big win, her form is pretty suspect.

**Fried Asparagus** rallied to finish in the money with restricted \$32,000 claimers May 19 and June 11, but didn't really fire when facing this kind at LRC June 23. She might pass some horses late, but class still seems a cloud.

**Danzing Cat** came off a 9-month layoff and beat Cal-bred Maidens in her second start April 29. However, she chased and faded badly vs. this kind going a mile June 10. She'll add blinkers and the return to sprinting may help, and she does get back Vazquez, who was aboard for her first two. Class is a cloud, but she might rebound.

**Everlys Girl** runs for the claiming tag. She finished 3rd of 5 with similar at LRC June 23 and then was claimed by Stute (from Naranjo) when a distant 2nd in a \$20,000 NW3 claimer here July 28. She should get a good stalking trip, but does come up light in the charting.

## RACE APPRAISAL

**ANALYSIS:** The Track Profile isn't that kind to front-runners, so of course we like a couple of speed types. **Cane Creek Road** set a wicked pace with **Dominant Soul** sitting 2<sup>nd</sup>, and both paid the price as they faded in a bottom-level Allowance here July 22. **Road** just missed with much tougher 'true' \$50,000 Starters when getting away with a soft pace June 2, and maybe the return of Fresu in the saddle will help him ration his speed better. He just missed with this kind here last August and is our HF 15a. **Dominant Soul** has struggled in three starts this year, but actually tops the charting off his July 22 effort. He won a NW3 \$50,000 Starter on this course last year and we'll make him the HF 20. **Mongolian Wind** is a 6yo trying turf for the first time, and that's a concern. He would be a big-time threat off his dirt route form last year, and he did run 3<sup>rd</sup> with open \$25,000

claimers in a dirt sprint prep off the year layoff July 2. He's by a decent turf sire, so he could be a threat if he handles the surface. **Light Fury** ran midpack with open \$25,000 claimers here July 23 after racing in Florida. He could improve with a local race in the books and might offer some value on the tote. **Our Silver Oak** has been running well with open claimers at and around this price tag on both turf and synthetic at GG. He seems a solid class fit and is another that could be a factor in his first off the claim for Puype. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: **Light Fury**, **Mongolian Wind** :24.1 - **Daniel Sun** :24.2 - **Our Silver Oak** :24.3

## HORSE COMMENTS

**Light Fury** shipped from Gulfstream and finished midpack with open \$25,000 claimers here July 23. He charts well and might challenge in this restricted claimer now that he's had a local race.

**Mongolian Wind** is a 6yo trying turf for the first time. He ran 3rd with open \$32,000 claimers on dirt here last July, and then finished 3r with open \$25,000 claimers in a sprint comebacker at LRC July 2. He'd be a big threat off last year's dirt route form, and he is by a solid turf sire.

**New York Dreams (GB)** is 1-for-17 and has faced softer \$32,000 NW2 claimers in his last three starts. He's failed to finish in the money in 4 turf routes and would be a big surprise.

**Daniel Sun** was claimed by Crichton (from Preciado) when midpack in a restricted \$20,000 claimer Jan 4 at Gulfstream. The barnmate of Light Fury has worked seven times since May 21, the last 4 drills in So Cal. We'll watch today.

**Chasin Munny** has chased and faded in two turf sprints this year, an open Allowance June 16 and a bottom-level Allowance here July 21. The blinkers added come back off and the class drop should help. He is a 6yo that is trying two turns for the first time, though, so the distance is a concern.

**Our Silver Oak** finished 2nd in a couple of open \$32,000 claimers before running 3rd (of 5) in an open \$25,000 claimer, all at GG and two of them were on turf. He was claimed by Puype (from Wright) and seems like a solid fit in this restricted race. Pupe isn't having a strong year, but has a very strong record off the claim.

**Derecho Dandy** rallied for 4th in a NW2 \$50,000 Starter off the layoff May 7, but chased and faded vs. that kind June 2. We can't rule him out, but he seems a bit of a question mark right now.

**Cane Creek Road** is a front-runner that just missed with similar here last August. He then came off the layoff and just missed in a much tougher 'real \$50,000 Starter Allowance June 2. He went way too fast early and faded in a bottom-level Allowance here July 22, but could be dangerous at this level if Fresu, who rode him two back, rations his speed better.

**Dominant Soul** tracked the hot pace set by Cane Creek Road and tired to 5th in a bottom-level Allowance July 22. He also faded in a \$25,000 Starter March 25 and in an Allowance Jan 20. He tops the charting off that July 22 effort and he did wire NW3 \$50,000 Starters on this course last August. We might give him a longesth look.

## TRACK BIAS

Race tracks play differently every day due to weather, track maintenance, etc. Sometimes the track seems to favor no particular running style and no part of the track seems better than another. That's not always the case, though, and trip handicappers have long made their money by noting whether the track favored one type of running style or another and then following the horses that ran 'against the bias'. We divide track bias into two types on the main track. There are running style biases in which either horses with speed, we call them Front Runners in this table, or no early speed, Late Runners, have an advantage. There are also days when the rail is better than the outside and vice versa. These biases run from moderate to strong to dominant. We will code the biases as follows: 1= Moderate, 2= Strong, 3 = Dominant. The strong and dominant biases deserve the most attention. In turf racing, we report the position of the auxiliary rails, as the position of the temporary rails can affect which running styles win. Watch for our **new track profile by position of the rail**. It's in the Digest most everyday now.

## HANDICAPPING FACTORS

(Column B on each race page contains the following numbers that refer to these factors.)

- FIRST TIME STARTER** - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.
- LIVE HORSE** - It appears this horse is ready for a top performance.
- DISTANCE CAPABILITY** - This distance may present a problem for this horse.
- EQUIPMENT CHANGE** - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.
- TROUBLE PRONE** - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly, etc. This one seems to be that type.
- 6a. WEIGHT** - This horse is carrying enough weight to cause a problem.
- 6b. WEIGHT** - This horse is carrying little or less weight. It may be an advantage.
- INSIDE POST POSITION** - This inside post position may cause a problem for this horse at this distance.
- OUTSIDE POST POSITION** - This outside post position may cause a problem for this horse at this distance.
- PACE** - The probable pace or speed in the early part of this race may not be suitable to the racing style of this horse.
- 10c. HIGHER CLASS** - This horse is being tried at a higher level.
- 10d. LOWER CLASS** - This horse is being tried at a lower level.
- FEMALE vs. MALE** - Since it usually takes a better-than-average female to beat an average male, there could be a problem here.
- FOREIGN RACES** - Previous races for this horse were out of this country. It is difficult to appraise them.
- RELEASED FROM CLAIMING JAIL** - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').
- WORKOUTS** - Horsemen vary in their training methods and horses vary considerably in their requirements for conditioning, hence, while workouts give some indication of a horse's fitness, they can be greatly influenced by the training methods being employed. Therefore, reliance on the speed of workouts may be dangerous, as may be the case here.
- IN-THE-MONEY** - This horse appears to have all the elements suitable for an in-the-money performance.
- 15a. IN-THE-MONEY** - This horse appears to have most of the elements suitable for an in-the-money performance.
- LONG LAYOFF or RECENCY** - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
- LEG WRAPS** - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
- AGE** - The age of this horse is not consistent with that of his competition. A young horse against mature horses or a particularly old horse against younger horses may be at a disadvantage.
- IMPROVING** - This horse seems to be improving or should improve in this field.
- LONGSHOT** - Some indicators that are present when horses surprise with a good performance at high odds are noted.
- FITS RACE** - This horse seems to fit this race.
- 21c. FITS RACE** - This horse seems to fit this race except for class.
- 21d. FITS RACE** - This horse seems to fit this race except for the distance.
- 21r. FITS RACE** - This horse seems to fit this race except for a lack of recency.
- CONDITIONS HORSE** - The conditions for eligibility are ideal for this horse.
- WORK READY** - Previous patterns and/or special circumstances make recent works very important here.
- SURFACE** - The type of surface for this race may not suit the horse.
- BETTING** - If the betting on this horse is heavier than expected contention is likely.
- VETO** - There is no justification for a win to be expected.

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and, FBH indicates a Foreign-bred horse. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old is the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one is the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, FW=front wraps, 4W=four wraps,
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horse's last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times run by horses at today's particular class level.
29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances.
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3<sup>rd</sup> the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done sprinting or routing over today's surface. We also list the overall record on the surface whether it is sprints or routes.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board"). The " " indicates the horse was the post time favorite.
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track pars and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, pars and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).

## RACE APPRAISAL

<b>29</b> ANALYSIS: All six of these plot within less than three lengths at the wire, and they appear about that hard to separate. Looking for a price, we have some interest in <b>Warrens Stormalert</b> as a potential improver. He was ambitiously placed in the Snow Chief Stakes April 25, his first as a winner and first route, and, though he faded toward the rear, the effort figures OK	with these. Low-profile connections should prompt some decent odds, so he's the HF 20 (longshot).
<b>30</b> CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Green Card James :31.0 - Benezit :31.3 - Troubletimethree :31.	

## HORSE COMMENTS

<b>31</b> <b>Troubletimethree</b> has usually run pretty well in five starts at this level, but was favored in three of them and finished farther back than usual April 15. He charts in the hunt, but he seems to have a bit to prove. NOTES: Outrun April 15. Mild rally March 18. Mild wide rally Feb 19. Lacked racing room entering the stretch Jan 25.	<b>Warrens Stormalert</b> is bred to route, but the April 25 jump up to the Snow Chief Stakes for his first try with winners and initial route was pretty ambitious. He tracked a Lone 'F' leader and faded badly. Still, the effort gives him a shot on paper, so he can't be denied a chance on the drop. NOTES: Wide around the first turn, chased and tired April 25.
