Today's Racing Digest FAQ

What is Today's Racing Digest? For over 47 years Today's Racing Digest has specialized in California racing, producing handicapping information in both a Southern and Northern California issue in print and on-line at www.todaysracingdigest.com. Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

What makes Today's Racing Digest different from other racing publications? The Digest offers many features that cannot be found in other horseracing publications. Features such as track bias, Pace Ratings, which measure early speed, and a "paper race" called the Fractional Charting which compares each horse in today's race based on a representative past performance. A page dedicated entirely to workout analysis has always been a popular feature, along with "Hot & Cold" trainer reports, a Claim Box report for owners and trainers, and our Better-Than-Looked List, which highlights horses exiting troubled or exceptional performances.

What are Data Lines? A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

Does the Digest offer performance ratings or speed figures? Today's Racing Digest prides itself in offering numerous performance figures for the handicapper. Pace and Final Time Ratings can be found at the end of each Data Line and are the most popular. The Pace Rating measures early speed, while the Final Time Rating assigns a figure for the final time. The Digest also offers the CPR (Comprehensive Performance Rating) and FIRE Number, ratings which take into account each time recorded in the race and put it all together in one number.

Where can I find a copy of Today's Racing Digest? Today's Racing Digest can be purchased at every major track in California, as well as major satellite facilities. The Digest is also sold at selected retail outlets throughout the state, and is usually available 24 hours before first post. For a location nearest you or for the number of your local distributor, please call (858) 453-0424 or email distribution@todaysracingdigest.com. The Digest, along with a stable full of simulcast handicapping information, can also be purchased on-line at www.todaysracingdigest.com. On our web-site you can purchase all issues of Today's Racing Digest for tracks across the country at a discount in price and selections from our stable of handicappers. There are also numerous "free" areas, such as the Daily Money Plays, Feature Races, and Week In Review, which provides commentary on all the previous week's races. Give it a look. We think you'll like what you see.

KEENELAND FRACTIONAL TIME COMPARISONS

Today's Racing Digest

Shown below is the order of finish that would be likely if each horse repeated a representative race. There are many reasons why this may not happen. Foremost of these is that, like humans, horses have good and bad days. Also, today's race may differ from the representative race due to changes in the post position, weight carried, class, track, surface, pace characteristics etc. Nevertheless, plotting and studying times from previous performances is a basic part of handicapping. If the representative race was not on a normal track, the times shown have been adjusted by the track variant applicable. The underlined fractions indicate the leader(s) at that particular point in the race. Except for the LF = Last Fraction, which indicates the fastest closer(s). X = No recent or available time at or about the distance. The date of the selected, representative race is shown followed by a number indicating how many races back it was.

KEENELAND FRACTIONAL TIME COMPARISONS

Today's Racing Digest

Shown below is the order of finish that would be likely if each horse repeated a representative race. There are many reasons why this may not happen. Foremost of these is that, like humans, horses have good and bad days. Also, today's race may differ from the representative race due to changes in the post position, weight carried, class, track, surface, pace characteristics etc. Nevertheless, plotting and studying times from previous performances is a basic part of handicapping. If the representative race was not on a normal track, the times shown have been adjusted by the track variant applicable. The underlined fractions indicate the leader(s) at that particular point in the race. Except for the LF = Last Fraction, which indicates the fastest closer(s). X = No recent or available time at or about the distance. The date of the selected, representative race is shown followed by a number indicating how many races back it was.

WORKOUT ANALYSIS FOR HORSES RACING – November 7th BREEDERS' CUP DAY 2

NAME/ COMMENT	WORK DATE	TRK COND	DIST	WORK
1st RACE				
Nashville	11/01	KEE/FT 3F	36.4b	
wasn't interested in just an easy three furlong drill in 36.2 as he was full of energy and a handful. His rider had a hard time pulling him up after galloping out in 50.3.				
2nd RACE				
Midnight Sands	10/31	KEE/FT 4F	47.2b	
worked a half mile and went strongly the final quarter in 23 and continued out very well in 59.3. Strong drill.				
4th RACE				
Speech	10/23	SA/FT 5F	100.8h	
didn't work as well as previous drills despite decent five furlong time of 100.4. She was working with a Maiden, who was being hard held, but she failed to go by in the stretch despite being roused. Her workmate was better on the gallop out, too.				
Gamine	10/24	SA/FT 5F	58.8h	
looked very good going five furlongs at Santa Anita 58.4. She worked outside a mate and then caught sight of a couple of workers in front turning for home. When allowed to run she left her workmate and made up the five lengths on the other pair in a flash. She looks terrific.				
Come Dancing	10/24	BEL/FT 4F	48.9b	
worked an easy half on the Belmont turf in a shade under 49. She was under a hold throughout and this looked like a maintenance drill only.				
5th RACE				
Wildman Jack	10/24	SA/FT 5F	100.4hG	
broke extremely well from the gate showing his speed and moving well on the dirt. He went five furlongs in 100.2 and looked good. He ran poorly when shipped to Kee July 11, but his trainer felt he was shipped too close to the race. He shipped early this time and his next drill would be at Kee.				
Oleksandra (AUS)	11/01	BEL/FT 6F	114.0b	
broke off about five lengths behind a workmate going the first three furlongs in 36.2. She caught her target and pulled away to win by three at the wire in getting six furlongs in 114. The work went exactly as planned.				
	10/23	BEL/FT 5F	101.6b	
last raced in June and has been playing catch-up after healing from a broken bone. This was her 5th work in 21 days. She broke off a couple of lengths behind a workmate, caught him at the top of the stretch and the pair finished in 23.3 for five furlongs in 101.1.				
Leinster	10/31	KEE/GD 4F	49.4b	
had a bit of trouble with a turf course that was pretty soft from the recent rains. He worked 49.2 with a final quarter in 24.2.				
Imprimis	10/24	GP/FT 4F	48.8b	
worked a half mile on the dirt at Gulfstream. He reportedly got a little hot with sweat on his neck. He switched leads and accelerated nicely, but his overall impression wasn't exactly what you'd want to see going into a big race.				
Chaos Theory	10/31	KEE/FT 4F	47.0b	
worked a half mile in 47 and was asked to get a final quarter in 23 and continued out in 59.3.				
Bombard	10/26	SA/FT 5F	59.2h	
worked a strong five furlongs at Santa Anita. He ran down a target getting four furlongs in 46.1 to the wire and continued out by himself in 59.1. He sure looks like he's on top of his game.				
6th RACE				
Rushie	10/23	SA/FT 5F	59.2h	
worked in company with Distaff entrant Ce Ce. They came home in 36.1 and he really wasn't being asked late, but his workmate seemed to be going the easier of the pair and looked better.				
Complexity	10/25	BEL/FT 4F	48.8b	
missed a work a week ago due to a 'minor issue', but was back on track after this half mile drill at Belmont. He went 25.2 under a tight hold and finished up in 23.2 before finishing out sharply in 101.3. He looks ready.				
Art Collector	10/22	CD/FT 4F	47.0b	
looked very sharp as he worked a half in 47 and continued out in 58.4, 111.1 and 125. He appears back on his game after disappointing effort in Preakness.				

NAME/ COMMENT	WORK DATE	TRK COND	DIST	WORK
7th RACE				
Sistercharlie (IRE)	11/01	BEL/SF 4F	50.7b	
again worked with Rushing Fall as she's been doing regularly and this was just exercise before shipping to Kee. With her on the inside, the pair went together a half in 50.3 over a soft turf course. Her trainer again reportedly was very pleased with how she's been training.				
	10/25	BEL/FM 5F	101.9b	
worked in company with fellow F & M Turf entry Rushing Fall. The two went together on the Bel lawn going 101.2 while coming home the final quarter in 24. The connections decided to skip a race and bring her in fresh and Brown thinks her last two works have been the best of the year.				
Rushing Fall	10/25	BEL/FM 5F	101.9b	
worked with Sistercharlie, also in this race. The pair went five furlongs in 101.2 with a 24.0 finish. 3-for-3 this year, she shows up every time she puts on a saddle and again was eager to do more in this drill.				
My Sister Nat (FR)	11/01	BEL/SF 4F	50.8b	
worked a half with a stablemate over a soft Belmont turf course coming home in 23.4 for a half in 50.2.				
Mucho Unusual	10/24	SA/FT 5F	100.6h	
broke way behind a Maiden and easily made up the ground by the quarter pole. She quickened without urging and drew off with an excellent gallop out. The question is how she handles the Kee turf as her only poor race this year was there in July.				
Civil Union	10/25	BEL/FM 5F	101.2b	
worked in company on the Belmont lawn and went a sharp first quarter on the inside in 23.4 and continued the quick pace thru the lane to work five furlongs in 101.1. Her trainer reportedly said she's been training super since her last start and looked great today.				
8th RACE				
Frank's Rockette	11/01	KEE/FT 4F	49.0b	
was going easy in half mile in 25.2 and 49.1 before continuing out in 102.3. She looked good despite the modest clocking.				
Firenze Fire	10/29	BEL/FT 4F	48.0b	
went out very early in the morning to beat the rain as he hates a wet track. He went an easy first 1/8 in 12.2 and then was asked to pick it up getting the last three furlongs in 35.3 for a half in 48. He wasn't allowed much of a gallop out, but the connections were reportedly pleased.				
	10/23	BEL/FT 5F	103.3b	
worked an easy five furlongs at Belmont in 103.1 getting the final quarter 24.3. His main work would be his next.				
Diamond Oops	10/26	PMM/FT 5F	59.4b	
had his work delayed a couple of times due to weather. Working in company he reportedly went 22.4, 35.1 and galloped out in 113 while going easy throughout.				
Collusion Illusion	10/26	SA/FT 5F	100.2h	
went easily in 25 and 36.4 before finishing strongly in 23.3 for five furlongs in 100.2. Very good work as you'd expect from a top sprinter.				
9th RACE				
Uni (GB)	11/01	BEL/SF 4F	50.6b	
got in her last work over a soft Belmont turf course. She worked in company and went slow early in 27.1 and finished up well in 23.2.				
	10/25	BEL/FM 5F	102.6b	
didn't have a good summer, but seems to have come around in time to defend her title. She looked good working in company in 102.3.				
Halladay	10/23	BEL/FT 5F	100.6b	
missed his last start with a leg infection. On the training track, he was worked in company to get the juices flowing and it worked as he was keyed up early going 35.3 for the first three furlongs before finishing a shade under 25. He galloped out 113.4 and 127.2.				
Digital Age (IRE)	10/25	BEL/FM 5F	102.0b	
worked in company and went slow early before coming home fast. They were given a 102 time, but may have gone a full second faster.				
10th RACE				
Valiance	10/31	BEL/GD 4F	49.0b	
worked in company and went 24.1 and 23.4 for a half in 48 with a gallop out in 101.2. Pletcher reportedly feels she's never been better and will see if that's good enough in this company.				

WORKOUT ANALYSIS FOR HORSES RACING – November 7th BREEDERS' CUP DAY 2

NAME/ COMMENT	WORK DATE	TRK COND	DIST	WORK
Swiss Skydiver worked a sharp half mile in 47.4. She went solo and was reportedly under a strong hold and enjoying herself with her ears flicking about. She reportedly looked fantastic after shipping to Kee and galloping on the training track Nov 2.	10/24	CD/FT	4F	47.8b
Ollie's Candy broke off a couple of lengths behind a workmate and took command mid-stretch to post a strong six furlongs in just over 111 and being urged to keep going out in 124.2.	10/31	KEE/FT	6F	111.0b
Horologist looked good working a half in 24.1 and 47.2 with a good gallop out in 100.4. She did it easy and looked good.	11/01	KEE/FT	4F	47.4b
Dunbar Road was worked in company today and went five furlongs in 100.3. Brown reported that he worked her in company because he wasn't happy with the effort she gave in her solo work Oct 24. He was very happy with today's effort.	11/01	BEL/FT	5F	100.6b
11st RACE				
Red King is another in a long list that has struggled with the quagmire that has been the turf course in recent days. He looked decent in the early going, but struggled to finish going five furlongs in 104. He did gallop out Ok around the turn. Don't hold this work against him unless the turf on race day is 'soft'.	11/01	KEE/GD	5F	104.0b
Channel Maker worked in company on the dirt with Classic entrant Tacitus. 'Maker gave his workmate a bit of a target, but was caught mid-stretch and was edged at the wire with Tacitus opening up after the wire in the more serious drill. 'Maker went 24.2, 47.2 and finished out in 100.2. Turf horse was just getting some exercise on the dirt.	11/01	KEE/FT	4F	47.4b

NAME/ COMMENT	WORK DATE	TRK COND	DIST	WORK
12nd RACE				
Tiz the Law continues to train sharply as he worked five furlongs in 59.1 doing it all on his own with a final quarter in 23.3 and galloping out in 112.2.	10/31	KEE/FT	5F	59.2b
	10/23	KEE/FT	6F	113.2b
was shipped from New York early to see how he handles the Keeneland surface. He worked six furlongs solo getting the first half in 49.3 and six furlongs in 113.1 before galloping out in 125.4. The connections were pleased believing he handles the surface better than Churchill.				
Tacitus broke off a couple of lengths behind Turf contender Channel Maker, who was getting exercise and being a target for a horse that doesn't always give an honest effort in the morning. Tacitus went 24.4, caught his workmate midstretch and finished in front at the wire in 47.3 before continuing out in a shade under a minute and around the turn in 114 and change. Solid drill.	11/01	KEE/FT	5F	100.0b
Maximum Security continues to impress in the morning. He worked in company and put away his workmate going a fast five furlongs in 59 and change, with splits of 23.3 and 35. He went out six furlongs 112.3 and seven furlongs in 126.4. He did it easily and seems primed for a top effort	10/25	SA/FT	5F	59.8h
Improbable worked as a solo with his regular exercise rider up going 24.3, 36.3 and 100.1 to the wire and finishing up in 125 for 7 furlongs with a mile gallop out in 138.4. He looked about how he always looks.	10/25	SA/FT	7F	125.0h
Higher Power was given a serious work opening with a quarter in 23.4 and getting the last three furlongs in 35 while being asked a bit for a 58.4 drill. He continued out with some asking in 111.3	10/31	KEE/FT	5F	58.8b
Authentic worked by himself opening with three furlongs in 35.4 and coming to the wire in 23.3. He continued on under his own power in 111.4 and 124.4 and galloped out a mile in 138.3. He continues to look great and ready to challenge his older barnmates.	10/24	SA/FT	7F	124.4b

WORKOUT GUIDE

As a guide for your judgment of workouts, the following list indicates the times considered excellent for the usual distances under usual circumstances:

2	Furlongs	(1/4 mile)	:22.3	or	faster	6	Furlongs	(3/4 mile)	1:12.2	or	faster
3	"	(3/8 mile)	:34.4	"	"	7	"	(7/8 mile)	1:25.3	"	"
4	"	(1/2 mile)	:46.4	"	"	8	"	(one mile)	1:39.3	"	"
5	"	(5/8 mile)	:59.2	"	"						

Bolded workouts are referred to as exceptional. Exceptional Works are generally among the fastest 5% of all the drills for that day. (The Digest does not require that all distances are represented among the exceptionals, as the times may be slower than the guidelines established above.) In addition, the Digest points out BTL (better-than-looked) drills, as well as any other morning exercises that seem noteworthy. The latter category takes into consideration team works, 'blowouts' from the gate, etc.

VIDEO NOTEBOOKS FOR HORSES RACING TODAY

1st RACE

Nashville is undefeated and untested after dominating this NW1 Allowance field. He broke sharply, quickly established a clear early lead and continued to draw away from the field with Santana keeping his hands down low on Nashville's neck. In short, this one never got out of first gear.

4th RACE

Serengeti Empress bumped at the break and was sent hard to set the pace. She was a length clear after two furlongs so we can't understand the first call in the charts saying she was 2nd by a head. Anyways, she continued on thru fast fractions and never gave up only to lose by a hair.

5th RACE

Wildman Jack broke from the rail and was outrun early, while Big Runneur sizzled on the lead from the outside. Jack tried to moved up inside going into the turn, but got stuck behind a pocket of horses and had to drop back mid-turn and then go wide as they turned for home. He closed strongly to get within a length of winner Big Runneur and may have been right there with a better trip. His late run also may have been helped by the 21.4, 43.4 splits 'Runneur posted. He did run poorly at KEE in July.

Big Runner is a long-striding sprinter. They broke in a line, but he quickly took command from the outside and had a 3-length lead entering the turn, a huge lead for a turf sprint. He was well in front to deep stretch when a troubled Wildman Jack made a late run to only be beaten a length. If he can break sharply from the rail and doesn't need the extra firm turf of So Cal he could be dangerous with his high cruising speed.

Imprimis broke from the 9 hole on the soft turf at Kentucky Downs. He broke sharply but got shuffled back a bit and settled mid-pack. He had a wall of horses in front of him as they turned for home, so he was forced to go wide. The jockey really had to get into him and he kind of grinded down the others and got up at the wire over Front Run The Fed and Bombard. The soft surface makes it tough to gauge, but we can't knock him.

Got Stormy was a top class 'miler' that has found a new life sprinting. She broke decently, but fell back to be next to last down the backstretch. She started to get in gear on the turn without much asking, but really lengthened her stride at the 1/8th pole and came home like a shot to get her nose up at the wire. Very impressive late burst over 'good' turf.

6th RACE

Sharp Samurai tracked the pace in the fast-early City of Hope run over the turf course at Santa Anita. He saved all ground while tracking the Lone 'F' pacesetter and was asked to move up as the field approached the turn. He picked it up a bit and was able to split horses and grab 2nd late, but he was no match for the red-hot Mo Forza.

Mr. Money saved all ground in the one-turn Ack Ack. He was full of run throughout and loomed up being the favored pacesetter as the field approached the turn, but had nowhere to run and was shuffled back around the turn. He made another run when the pacesetter drifted out into the stretch and moved to the lead. He was able to open up down the lane as a phalanx of six or seven runners tried to chase him down. This was a big form reversal.

Complexity won the 4-horse, one-mile Kelso in relatively easy fashion. The race had the feel of a gate work, though, as Complexity broke on top, settled outside of Endorsed, who set a rather dawdling early pace. Complexity took over with a good run around the turn, was allowed to drift out into the stretch and held Code of Honor safe to the wire while turning in back-to-back sub-24 final quarters. This race should serve as a useful prep for the BC.

Art Collector was coming off a wire-to-wire win in the Ellis Park Derby, but found himself behind and between horses early in the Preakness. The pace picked up when Swiss Skydiver, who had been tracking the pacesetters on his inside, made the first move to tackle Authentic entering the far turn. This one was asked to pick it up and go after the top pair around the far turn, was angled outside them at the top of the lane and lacked the needed rally. Perhaps he bounced.

Pirate's Punch got a perfect trip in the Salvatore Mile at Monmouth as he let the longshot speed run off on too-fast fractions and began his move into the far turn. He quickly inhaled the tiring pacesetter as the field approached the stretch and quickly opened up a commanding advantage. Easy win.

Mr Freeze stalked the pace from the outside in the Hagyard Fayette, was widest as four horses came into the far turn as one, but was able to kick away from the field as they turned into the stretch. He opened a two-length advantage and then stubbornly held a troubled Aurelius Maximus safe through the lane.

Rushie won the Pat Day Mile for sophs with a perfect trip. He drew the outside and was able to stay in the clear while tracking the leaders from the outside. He moved up into the turn, drew even as they made the turn into

the stretch and quickly accelerated away. He got a couple of firm taps with the whip late, but won as best in good fashion.

7th RACE

Harvey's Lil Goil broke from the rail and the jock wanted no part of staying on the rail as he guided her to the two path where she raced along the frontrunner's saddle for most of the race. She took the lead entering the stretch and held on well.

Terebellum (Ire) raced along the rail over a course with no turns and was near the back for most of the race. She would pass a few horses a few times then drop back during the race. The filly found clear sailing about two furlongs to the finish, but couldn't find another gear and finished evenly late.

Rushing Fall tracked Lone 'F' tripper in the five-runner Diana at Saratoga, was taken outside the pacesetter on the backstretch and engaged her on the far turn. They battled it out to the wire with Fall prevailing in the final yards. They were well clear of the field in what was essentially a match race between the 1-2 favorites.

8th RACE

Collusion Illusion was stuck inside in the five-horse SA Sprint Championship. He tracked the pacesetter Flagstaff from the rail, seemed to lose a length or two around the turn, but re-rallied into the stretch when Flagstaff drifted out into the lane. He surged to get closer to the pacesetter, but was one-paced through the stretch. He likely would have benefitted from an outside post.

Whitmore was in the back half of the field in the Phoenix and tried to get going once the field turned for home, but he seemed to be struggling a bit through the stretch and lost 3rd to Echo Town after getting past that one in deep stretch.

Diamond Oops was coming off of a rally-from-last turf sprint win at Churchill Downs and moved to win the Phoenix here at Keeneland. He raced in 3rd up the backstretch as the dueling leaders drew clear of the field, was pushed along around the turn and found another gear when he changed leads into the stretch. He rolled past the tiring longshot pacesetter to win going away and without having to be all that hard ridden. He's very sharp for Biancone.

Firenze Fire tracked the pacesetter Share the Ride up the backstretch in the 5-horse Vosburgh, got first run into the stretch and drew off when he felt the stick in mid-stretch. He was drawing away from favored Funny Guy and looked good winning.

C Z Rocket got the perfect Santa Anita trip as he tracked/pressed the pacesetter Flagstaff from the 3-path and wore him down thru the stretch. Did he flatten out a bit once he made the lead in mid-stretch or did Flagstaff dig in? It's a little harder to say with the new California whip rules, but he's now won five in a row.

Yaupon was bumped at the break in the Chick Lang, but the odds-on favorite quickly recovered to establish the early lead while under pressure from the second betting choice. He put Arkaan away approaching the stretch and extended his advantage. The soph is untested after four starts and may well be this good. He's got the kind of speed that should play well with these older runners.

9th RACE

Kameko sat in mid-pack behind the two leaders and was asked to keep up by the jock prior to the other runners. He seemed to be sitting in neutral as the real running began in this no turn event, but once a hole opened up, he shot right to the lead and gamely held off the other runners.

One Master (GB) was surrounded as she sat in the middle of a very bunched up field of 16 runners. In the latter part of the race, she had to wait for an opening while staying on well. The jock shifted out when she found room with 1F to go and made a nice run to finish 3rd in a blanket finish.

Digital Age (IRE) really credit Castellano with this win as this guy never lost momentum the entire trip. He broke with the pack, but was allowed to settle entering the first turn and was ahead of only on runner. The colt began to pick up the pace around the far turn, Castellano swung him out about 5-6 wide entering the stretch and he mowed down the leader.

10th RACE

Ollie's Candy ran along the rail beside eventual winner Valiance down the backstretch and into the far turn as both moved past a tiring Lady Kate mid-turn. It appears she might have been able to squeeze thru on the rail at the top of the stretch, but the jockey used discretion and elected to wait and switch outside. She re-rallied and finished lapped on Valiance at the wire. It's possible that slight loss of action at the top of the stretch cost her as Valiance had a clean run throughout.

Horologist was a disappointing 3rd behind Monomoy Girl and Lady Kate at Churchill Sept 4, but rebounded in this Grade 2 in New York. She broke smartly from the outside in the 4-horse field, but settled several lengths behind a fast pace set by the favorite down the backstretch and into

the turn. It looked like she was done on the turn, but she found new life and took the lead entering the stretch when the leader was 'gassed'. She easily held off Point Of Honor and Dunbar Road, who were used up trying to make up a ton of ground entering the turn. Highly rated, oddly run race.

Valiance went a bit wide on the first turn and raced alongside Ollie's Candy down the backstretch behind the two leaders. On the far turn she moved up outside while 'Candy went inside on either side of a tiring Lady Kate. Valiance took the lead and held off a late-charting Ollie's Candy, who lost a bit of momentum when switched from the rail to the outside to find clear path.

Harvest Valley took on older at Santa Anita, but it was only a 4-horse field. She broke alertly and settled into 2nd behind the leader and prohibitive favorite, Fighting Mad. The four were fairly bunched down the backstretch, but Fighting Mad and she started to open up entering the far turn and were eyeball to eyeball mid-turn with 'Moon on the outside and Fighting Mad being scrubbed on harder. She didn't draw off and one of the others made a late run for 2nd, but she never looked like a loser from mid-turn on. Her fourth straight win in five career starts.

Swiss Skydiver took on the boys in the Preakness Stakes. She broke well from the 4 hole and probably could have gone to the lead as the horses inside her fell back, but her jockey took a hold and she dropped back a few lengths going into the first turn and on the backstretch tucked inside behind a pair of Baffert leaders. When Thousand Words stopped, she made an early move going into the far turn and took the lead from Authentic. Those two dueling the length of the stretch and Swiss Skydiver held on to be the 6th filly in history to win the Preakness. It looked like Authentic should have gone by, but considering it was the second fastest Preakness behind Secretariat and the two were 10 lengths clear of the field, you have to tip your hat to the lady.

Monomoy Girl broke from the outside and actually was a bit slow to start and had to be hustled by the rider. It caused her to get stuck wide on the first turn and about four lengths off the lead as they turned on the backstretch. She raced alone in 3rd five lengths off the leaders on the backstretch, but started to really make up ground entering the turn and caught the leader, Lady Kate, turning for home. She was under strong hand urging and didn't put away 'Kate until about the 1/16th pole, but won handily. She's 3-for-3 this year after missing 2019 and is riding a 10-race win streak dating to early 2018.

11st RACE

Channel Maker pulled early in the Joe Hirsch Turf Classic, but settled into stride on the first turn and relaxed nicely to set comfortable fractions. He changed gears with about 3F to go as the field started to come at him and he accelerated smartly through the lane. He's now won back-to-back events in which he faded in 2019, so he would appear to be coming into the 2020 Turf in better shape.

Magical (Ire) was out to defend his 2019 QIPCO Champion Stakes win, but ended up 3rd after being boxed behind and inside runners most of the way. She didn't find a clear path until the 1-2 finishers were well clear, but she was surging at the end and has been in good form all year.

Tarnawa (Ire) is fresh off of a hard-charging win in the Group 1 Prix de l'Opera on the Arc card. She raced outside while 9th early in the full field. The fractions were not particularly quick, but she began to move up after seven furlongs and began to rally in earnest with about 300 meters remaining. She reached the leaders with 100 meters remaining and had her head in front under the wire. This was her third consecutive win and second in Group 1 company. Her ability to rally into a slow pace makes her dangerous.

Lord North (Ire) raced outside of Magical while mid-pack in the QIPCO Champion Stakes and made a good middle move as the pace was beginning to heat up, but couldn't find another gear and was not abused late.

Donjah (Ger) is fresh off of a 4th-place finish in Baden Baden Germany. He lagged behind the slow fractions and had too much work to do when the race turned into a sprint for home. He rallied up the fence to be relatively close to the runner-up. He would seem to need a fast pace to set things up for him.

Mogul (GB) saved all ground in the Juddmonte Grand Prix de Paris while allowed to settle through the first 1200 meters. He launched a big run at the same time that the pacesetter had opened a long lead turning for home. He inhaled that one quickly and won as best. O'Brien had four others for the Arc and has pointed this one to the Breeders' Cup.

Mehdaayih (GB) is a very interesting prospect after finishing 4th in the QIPCO Champions Fillies & Mares Oct 17. This was her first start in four months and she lagged in the back of the pack before launching a strong rally with about five furlongs to run (to put in American terms). She rallied up to contend before running out of gas with about 200 meters to run. This would seem to have been a value able tightener and a 4th place finish vs. distaffers figures to drive her price up in the U.S.

United was the 50/1 runner-up in last year's BC Turf run over this Santa Anita turf course. He's proven that that was not a fluke, but finished 1st or 2nd in six subsequent starts. He had excuses in the Del Mar Handicap and bounced back in the John Henry as he controlled the pace on the front end as the odds-on favorite. He turned it up a notch on the far turn as the race turned into a sprint for home and he didn't allow second choice Originaire, who had tracked him throughout while saving ground, to make up any ground. He can make the running or stalk it.

Red King was allowed to sit in 8th behind a slow pace in the Del Mar Handicap, was taken outside on the backstretch and launched a big move that saw him sweep past the pack to join North County Guy as the field hit the far turn. He got first jump on odds-on United as a result, as that one has stuck inside and behind horses and had to wait to angle out and take up the chase. United kept to his task, but 'King had taken over into the stretch and maintained his advantage to the wire. He's really blossomed this summer.

Arklow got a perfect trip over this undulating turf course, as he sat outside as part of the second flight of runners, moved up to contend for the lead as the field picked up the pace after six furlongs, and took over in the long run to the wire. He held off two late-chargers under rainy skies to post his first win of the year. He's done his best running when able to stay close to slow fractions, so this was his ideal trip.

12nd RACE

Global Campaign won the five-horse, 10-panel Woodward in what was basically a paid team work. He broke on top from the 3-hole, dropped down to the rail and established a slow early pace with odds-on Tacitus sitting on his outside flank as they made their way up the backstretch. They drew away from their rivals entering the far turn and made the turn into the stretch together, but 'Campaign responded to the whip to quickly open up a couple of lengths and a tired Tacitus had no response. File this under "Perfect Trip Win".

Authentic was coming off a win in the Kentucky Derby when favored in the Preakness. He was bumped a bit at the break, but had no trouble getting over to match strides on the lead with barnmate Thousand Words. The two set a modest pace down the backstretch but going into the turn 'Words fell back and Swiss Skydiver made an early move to take the lead. Velasquez then got into Authentic with strong hand urging and he dueled with the filly on the far turn and thru the stretch. It kind of looked like Authentic was being a gentleman and escorting the filly to the wire, but they were flying late and the time was the second fastest behind Secretariat with the modest early pace leading to the energized stretch run. They finished 10 clear of the field.

Maximum Security came into the Awesome Again on a 6-race win streak, the last two after being moved to the Baffert barn (from Servis), and was the prohibitive favorite. He broke well, but ended up sitting between horses around the first turn and down the backstretch a length behind the lone leader. The three horses, with him in the middle were all being scrubbed on pretty good on the far turn, but weren't making up ground on the leader while barnmate Improbable swooped by on the outside and drew off to win easily. He grinded out a runner-up finish, but never looked the part of a horse that was 10-for-13 with one of those losses a Dq from a win in the 2019 KY Derby. A fast pace and being stuck between horses throughout might have contributed. It was also his only race at Santa Anita.

Improbable had pressed the pace in his last two wins, but was content to drop back to last around the turn and into the backstretch about five lengths behind the other four, who were bunched near the lead. They continued that way to the far turn when he started moving up under strong hand urging and swooped by the field and had the lead at the top of the stretch. He won big under wraps over his favored barnmate, Maximum Security. He's one sharp 4yo and showed a new dimension today by coming from well off the pace.

Tom's d'Etat had won four straight and was the even money favorite in this Grade I at Saratoga, but he stumbled badly coming out of the gate and found himself last with a quick 5-length deficit. He continued to trail down the backstretch and the extremely slow pace up front wasn't doing him any favors. He actually did Ok to rally for 3rd behind Improbable and By My Standards, but had no chance after the poor break and crawling early splits. Probably just draw a line thru this race.

Tiz the Law broke from the 17 hole (14 with a few scratches) right next to eventual Derby winner Authentic, who broke from the far outside. He broke sharply in front of Authentic, but that was determined to get the lead and 'Law content to stalk. He sat 4th in the clear outside down the backstretch and made his move on the far turn and actually put his nose in front turning for home. However, Authentic showed resolve, reasserted himself and won by a length while it was another couple of lengths back to third. It was a solid effort, but his connections are chalking up the loss to him not handling Churchill as well as other tracks, and his only two losses to date have come under the Twin Spires.

RACE APPRAISAL

ANALYSIS: Nashville is a late-developing son of Speightstown that romped debuting in the slop Sept 2 at Saratoga and returned to demolish entry-level Allowance stock here Oct 10. He's gone wire-to-wire in both wins, but can probably track the pace, too. There is not much speed on his immediate outside, so he should have little trouble getting good position should he break with the field. He's easily the most-talented runner in the field. Bango and Wild Wes tracked the pace in a mid-level Allowance

Sept 27 and Bango finished the better of the two to win in good time. Those two should get good trips from the outside, with Bango deserving of the edge again. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Nashville :24.8 - Bango and Little Menace :25.2 - Wild Wes :25.4

HORSE COMMENTS

Nashville has been phenomenal in his first two starts and was pre-entered in both the Dirt Mile and the Sprint, but Asmussen has opted for the easier route. He draws the one hole, but the field is small enough that it should not be an issue.

Little Menace gives Asmussen a second starter, but this one has struggled in three starts since winning a Los Al Stakes route June 28. He may try to lag and make one run.

Fore Left has gone over a year without winning. He's moved off the turf for comeback start #4 and figures down the list.

Bango tracked the pace and got up to beat a good field of soph Allowance runners and figures closest to Nashville. He may get a similar trip.

Wild Wes raced alongside neighbor Bango early, but could only chase that one late. That said, he's been competitive in three consecutive starts and he's worked fast since that Sept 27 affair.

Relentless Dancer has won four of 11 and finished 2nd or 3rd in just one of his seven defeats. Class is a cloud, but his balanced attack should play well from the outside and he doesn't figure too far back.

Cajun Brother is 3-for-3 at today's 6F distance. The Florida-invader figures down the list, but seems capable of better.

RACE APPRAISAL

ANALYSIS: We'll go four deep in this 7F dash with **Absolutely Aiden** getting top billing. The speedster was hurt by his rail draw in the Grade 1 Phoenix Oct 2. He wound up shuffled early and was blocked while trying to find a seam. He ends up here rather than in the Breeders' Cup Sprint and he's quick enough to make the pace from the inside. **Edgemont Road** is shooting for the hat trick after beating mid-level Allowance sprinters at this trip here Oct 3. He wants the lead, too, though, and may have to be used hard to stay with **Aiden**. A heated pace battle could open the doors for distance-switchers **Strike That** and **Ebben**. **Strike That** has never been

worse than 3rd and he figures to be well positioned in the second flight. **Ebben** had his winning streak snapped at three when tried with Grade 3 types Sept 26. His route numbers stack up well and he's won a couple of sprints. **Dinar** beat **Ebben** home in that Sept 26 Group 3 affair. He was 41/1 that day, though, and such horses don't often turn in two alike. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Strike That and Edgemont Road :38.1 - Ebben :38.2 - Mind Control :38.3

HORSE COMMENTS

Engage was 4th in the BC Sprint last year and didn't run again until a dull effort in the Vosburgh at Belmont Sept 26. Recency is a plus and he's down in class.

Dinar has just one Allowance win in the books, so he's spotting these a class edge. He ran decently in a Sept 26 one-turn mile and may adapt to this shorter trip.

Absolutely Aiden drew the rail and had traffic trouble in the Grade 1 Phoenix here Oct 2. He had won three of his previous four starts, though, and figures to have a better chance to show his speed. He figures close.

Midnight Sands ran decently in a Sept 5 high-line Allowance at Churchill Downs. That was his U.S. debut, but he regressed when sporting front wraps Oct 2. He's worked fast since raced.

Edgemont Road was facing \$50,000 NW2 claimers in July, but arrives having won three of his last four starts, including an Oct 3 Allowance over this strip. He controlled a moderate pace in that one, but is capable of running faster if need be. He figures to hook up with other speed and can't be counted out.

Sleepy Eyes Todd is a middle-distance runner for Silva that has been winning at places like Charles Town and Fonner Park. His efforts at Santa Anita and the Fair Grounds were not very good, though. His best races would make him dangerous, but can he reproduce it here?

Everfast won a NW1 Allowance at Saratoga Aug 1 and then was overmatched vs. Grade 1 sprinters there Aug 29. He rallied to split that the field, but was not a threat. He was outrun in a Grade 3 mile at Churchill Downs Sept 26 and could be in better form, though he figures close.

Strike That has never been worse than 3rd in his nine-race career and he's won five of them. The reformed Maiden-Claimer knocked off high-line Allowance sprinters here Oct 9, a race in which he changed tactics and rallied from the second flight. He shares the paper race win and is an obvious threat to win again.

Ebben is another that has been offered up for sale before, but he turned the hat trick vs. high-line Allowance stock Sept 2. He returned to run OK with Grade 3 milers Sept 26 and his mile marks hold up very well. Count him 'in'.

Mind Control chased the pace and held 3rd in the Grade 1 A. G. Vanderbilt at Saratoga July 25. Of course, there were only four runners and he was no threat as the second favorite at Monmouth Sept 12. He's more pretender than contender.

True Timber hasn't won in ages and, while he's down in class, he may come up short again. Exotics only?

Phat Man is a late-running middle-distance runner and another whose mile marks compare very well. The front-wrapper has been off since Feb 29, though.

RACE APPRAISAL

ANALYSIS: This could turn out to be a good betting race as the two lowest odds on the morning line are both stepping up off bottom-level Allowance wins and don't really stand out on numbers. **Merneith** is a Baffert filly that easily beat bottom-level Allowance foes at Santa Anita Oct 11, but her form before that wasn't anything special. **Motivated Seller** is 2-for-2 and beat bottom-level Allowance foes when coming off a nine month layoff for Chad Brown Oct 11. She certainly could improve with racing, but will have to if she's to win according to the charting. Both might get overbet off their powerful connections. **Wicked Whisper** was a Grade I winner last year and has run very well in her last two starts vs. Grade III company this year, a near miss at Charles Town Aug 28 and a win on Preakness day at Pimlico Oct 3. She'll get the HF 15a. **Miss T Too**, like our two bet againsts, is from a strong barn and stepping up off an easy bottom-level Allowance win Sept 4 at Churchill. However, that win earned

a big rating and puts her at the top of the Fractional Charting. She certainly rates a look, especially if she goes off at higher odds than **Merneith** and **Motivated Seller**. **Artie's Princess** has never raced on dirt, but is 2-for-2 on synthetic at Woodbine this year while no factor in a turf sprint at Saratoga in between. She co-tops the charting off her Stakes win Sept 12 and could be dangerous if she handles the dirt. **Ain't No Elmers** was 2nd to our top choice in that Grade III at Pimlico Oct 3 and won a mid-level Allowance at Churchill the race before. She could be a factor at a big price and is our HF 20. **Fair Maiden** was a strong runner on synthetic and turf last year, but looked good winning a 4-horse mid-level Allowance on dirt at Churchill in her first start of the year Sept 19. She'll add first-time Lasix and is another that could offer value at the windows. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Fair Maiden :24.1 - Regal Beauty :24.4 - Artie's Princess :24.8

HF EXPLANATION

(Column 8 on each race page contains the following numbers that refer to these factors.)

1	FIRST TIME STARTER - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.	15a	IN-THE-MONEY - This horse appears to have most of the elements suitable for an in-the-money performance.
2	LIVE HORSE - It appears this horse is ready for a top performance.	16	LONG LAYOFF or RECENCY - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
3	DISTANCE CAPABILITY - This distance may present a problem for this horse.	17	LEG WRAPS - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
4	EQUIPMENT CHANGE - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.	18	AGE - The age of this horse is not consistent with that of his competition. A young horse against mature horse or a particularly old horse against younger horses may be at a disadvantage.
5	TROUBLE PRONE - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly etc. This one seems to be that type.	19	IMPROVING - This horse seems to be improving or should improve in this field.
7	INSIDE POST POSITION - This inside post position may cause a problem for this horse at this distance.	20	LONGSHOT - Some indicators that are present when horses surprise with a good performance at high odds are noted.
8	OUTSIDE POST POSITION - This outside post position may cause a problem for this horse at this distance.	21	FITS RACE - This horse seems to fit this race.
9	PACE - The probable pace or speed in the early part of this race may not be suitable to the racing characteristic of this horse.	21c	FITS RACE - This horse seems to fit this race except for class.
10c	HIGHER CLASS - This horse is being tried at a higher level.	21d	FITS RACE - This horse seems to fit this race except for the distance.
10d	LOWER CLASS - This horse is being tried at a lower level.	21r	FITS RACE - This horse seems to fit this race except for a lack of recency.
11	FEMALE vs. MALE - Since it usually takes a better-than-average female to beat an average male, there could be a problem here	22	CONDITIONS HORSE - The conditions for eligibility are ideal for this horse.
12	FOREIGN RACES - Previous races for this horse were out of this country. It is difficult to appraise them.	23	WORK READY - Previous patterns and/or special circumstances make recent works very important here.
13	RELEASED FROM CLAIMING JAIL - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').	24	SURFACE - The type surface for this race may not suit the horse.
15	IN-THE-MONEY - This horse appears to have all the elements suitable for an in-the-money performance.	25	BETTING - If the betting on this horse is heavier than expected contention is likely.
		86	VETO - There is no justification for a win to be expected

ANALYSIS: This could prove to be a wide open affair and we have a couple of horses at 12/1 on the morning line we're going to give a hard look at. **Big Runner** will have to deal with drawing the rail and you'll probably know if he has a chance a just after the gates open. He's 3-for-3 this year in turf sprints and opened big early leads and cruised in his last two, including a Grade II Sept 25. He charts well and might take some catching. He'll share HF 15a honors with **Glass Slippers**, a European filly. She has been running against the boys this year and won a Group I in Ireland Sept 13 and just missed in a Group I at Longchamp in France Oct 4. What really caught our eye is she was 2-for-2 on firm turf last year in France, so she might really enjoy the firmer footing of the U.S. turf courses. Our HF 20 longshot is **Wildman Jack**. He ran poorly in a Grade II over this track July 11, but his trainer felt that was because he shipped him too close to the race date. He won in Dubai this year in March, at Santa Anita May 23 and was a good 2nd behind **Big Runner** when a bit troubled in a Grade II at SA Sept 25. He might deserve another chance on

this course as he shipped early and actually worked here Oct 31. **Got Stormy** is a 5yo mare that ran 2nd against the boys in last year's B.C. Mile. She was a miler until winning her last two starts in turf sprints. Those were Grade III races against her own gender, but she tops the charting and has already proven she can compete against the boys at the highest level. Her only knock might be her lowish odds. **Leinster** loves this turf course (3-for-4) and has won two straight Grade II's here. He was 7th in this race last year, but could improve on that at Kee. **Front Run The Fed** has never been worse than 2nd in five turf sprints and just missed to **Imprimis** in a Grade III Sept 12 at KD. He could rate attention at good odds. We'll be trying to beat **Imprimis** and **Oleksandra** for reasons given in their comments below.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Wildman Jack :17.6 - Chaos Theory :17.7 - Archidust :17.8 - Into Mystic :17.9

Big Runner is 3-for-3 this year and has opened up early and not looked back in two straight wins at Santa Anita, most recently when beating Wildman Jack in a Grade II Sept 25. The rail concerns, but if he breaks sharply he has the speed to win.

Just Might finished 3rd in a Grade II at Churchill Sept 4 and 3rd in a Grade II here Oct 3. He was beaten by Extravagant Kid in both those and also Leinster in that Kee race. A win in this field would be a surprise.

Imprimis finished 6th in this race last year. He's won both of his starts this year in Grade III's but was Dq'd at Saratoga Aug 8. We can't knock him too much, but he did get a negative work comment at GP Oct 24.

Front Run The Fed easily won a Classified Allowance at Belmont July 5 and just missed to Imprimis when dead-heating for 2nd with Bombard in a Grade III on 'soft' footing at Kentucky Downs Sept 12. He's 5 3-2-0 in turf sprints, so give him a look at good odds.

Wet Your Whistle is 2-for-3 this year and won by daylight in a Grade III at Belmont Oct 4. Interestingly, he was a closer earning modest ratings prior to that highly-rated wire-to-wire win in his last. We're not sure what to expect today, but you'll get a good price if you like him.

Glass Slippers (GB) is a top class Euro turf sprinting filly that won a Group 1 in Ireland Sept 13 and just missed in a Group I at Longchamp in France Oct 4, both against the boys. She's shown speed on occasions and come from off the pace in others. She was 2-for-2 on 'firm' last year, so she might enjoy the generally firmer U.S. turf courses.

Leinster is 3-for-4 on this turf course, including his last two starts in Grade II Stakes. He was 7th in this race last year at Santa Anita, but could definitely move up on a course he loves, as long as it's firm.

Oleksandra (AUS) is a 6yo mare that hasn't raced since winning a Grade I against the boys at Belmont June 20. She reportedly broke a bone and has been playing catch-up with six works since Oct 2. She won a filly Grade III here last October and could be a late threat if on top of her game. That's a big if.

Into Mystic is a filly that has been beaten by Got Stormy in two straight, but only lost by a nose to that one in a Grade III here Oct 9. She's sharp, but actually might do her best running on turf that is 'good' or 'soft'.

Bombard is a 7yo that has run three times this year and just missed in his two turf sprints, most recently deadheating with Front Run The Fed a neck behind winner Imprimis in a Grade III on 'soft' footing at Kentucky Downs Sept 12. We're just not sure he's as 'quick' as a few others in here.

Wildman Jack had a bit of trouble, but made a good late run to finish 2nd behind Big Runner in a Grade II at Santa Anita Sept 25. He won a Grade III in May and a Grade III in Dubai in March, so he's run strongly in most of his turf sprints this year. His only real bad effort in 2020 came on this course when he trailed throughout July 11. That concerns, but price players might give him another chance.

Got Stormy is a 5yo mare that was a top class 'miler' for most of her career, but has found a new game winning her last two starts in turf sprints, both Grade III's against her own gender. She's tackling tougher, but was 2nd against the boys in the B.C. Mile last year. She also tops the charting.

Texas Wedge finished 3rd in a Grade I behind Oleksandra June 20, but his last two efforts haven't been that good, most recently when 4th in an ungraded Stake at Pimlico Oct 1. He'll add blinkers, but would be a surprise.

Extravagant Kid has finished 2nd in two straight Grade II's, the last a near miss to Leinster on this course Oct 3. The 7yo draws a tough post and is 0-for-4 in turf sprints here. We'd probably only use him underneath.

Equilateral (GB) brings in modest European form, most recently when 3rd in a Group III in England Sept 19. We'll pass if he starts.

Chaos Theory won a Grade III at Del Mar, but was 4th behind three of these in a Grade II here Oct 3. He'll need scratch help to start.

Archidust finished 3rd in a Grade III at Belmont Oct 4 and probably needs softer.

Bulletproof One won a minor Stake at Santa Anita Sept 26. Look for him to run elsewhere.

RACE APPRAISAL

ANALYSIS: This race is full of horses that can be described as versatile. **War of Will** is perhaps the most versatile as he's both a Grade 1 winner on both dirt (2019) and turf (2020). He has a versatile running style, too, as he can set the pace, stalk it, or track from mid-pack. He gets the HF 15a. **Pirate's Punch** and **Knicks Go** are getting tested for class after recording back-to-back strong efforts. **Punch** has tracking speed while **Knicks Go** seems likely to engage with **Art Collector**, who is drawn on the rail and is attempting to bounce back from a poor effort in the Preakness. **Collector** had won his four previous starts and may bounce back, but **Knicks Go** will

have outside position. Both are contenders. **Sharp Samurai** is the upset threat. He is a turf specialist that is Grade 1 placed in 2020 and has tactical speed. He may be perfectly spotted turning for home. **Complexity** is the morning line favorite, but will be running two turns for the first time since he was eased on the stretch-out as a 2-yr. He seems worth trying to beat.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Silver Dust :24.5 - Owendale and War of Will :24.7 - Mr Freeze :24.8

HORSE COMMENTS

Art Collector was the story of the spring and summer as he rattled off four consecutive wins to begin his sophomore season. However, he turned in a stinker in the Preakness Oct 3. He draws the rail and may have to be sent hard to get position. He's facing only one other need-the-lead type, though, so he may bounce back.

Sharp Samurai is moved off the turf and he's run decently on dirt despite spending most of his career on grass. He has tracking speed, and may get a good trip drafting the pace. He's had odds-beating potential.

Silver Dust won a pair of Grade 3 races in Louisiana this winter and he exits two show-dough runs with Grade 2 types at Churchill Downs. He figures in the hunt.

War of Will won the 2019 Preakness and was best on the grass in the prestigious Maker's Mark Mile here July 10. One might have thought that he would be entered on the grass today, especially after running 3rd as the favorite in the Woodbine Mile Sept 19. He's been working well on dirt since raced, can obviously handle dirt and is arguably the class of the field.

Knicks Go scored a highly-rated Allowance win at Oaklawn Feb 22, but didn't run again until producing another big Allowance win here Oct 4. He figures 'right there' on paper and tested for class today.

Mr. Money won four consecutive Graded Stakes as a soph last year and got back on the win wagon when best in the Grade 3 Ack Ack Sept 26. He has enough speed to stay within striking distance and is another with odds-beating potential.

Rushie made a good mid-race move to beat sops in the Grade 3 Pat Day Sept 5 (neighbor Money won that race in May 2019). A mile seems like his best trip and he may be underrated on paper.

Pirate's Punch earned big marks in two Grade 3 routes at Monmouth this summer and has cracked the 150 Final Time Rating barrier in three of his last five starts. He has stalking speed and should be well positioned from the bell.

Mr Freeze got up late to win going nine furlongs here Oct 10. His numbers have actually dipped in his last couple of starts, but he's in good form and can improve.

Complexity won a four-horse Kelso Oct 3. He does well on paper, but is parked on the outside while making just his second attempt around two turns. He was eased in his only other two-turner (as a 2-yr) so he's a bit of a question mark despite the low price. Bet against?

Jesus' Team has finished in the money in four of five starts since he beat \$25,000 NW2 types May 8. He figures far down the list.

Owendale returned to the races with a May 23 win and finished 2nd with Graded Stakes runners in his last two, most recently in Pimlico Special Oct 2. He's going well, but others may be sharper.

Pingxiang came back to the races to win a rich Allowance in Japan Sept 30 and is the also-eligible. That was just his second win and he'll need some scratch help. Watch the betting.

UNDERSTANDING THE HF 2, 15, 15a and 20

The Handicapping Factors (HF's) 2, 15, 15a and 20 are used by our writers for selection purposes and each HF should be viewed a bit differently. The HF 2 is our strongest endorsement. A Digest writer will assign the HF 2 when he feels a horse is an absolute standout in a race. Usually the favorite, this horse will most often be below 2-to-1. HF 2's can be used as strong singles in the Pick-3 and Pick-6 or as 'keys' in the Exacta and Trifecta. (NOTE: A horse receiving an HF 2 will also automatically get an HF 15). A horse receiving an HF 15 is also considered a strong play and can be used in all exotics wagering. The HF 15a is a bit more complicated as this designation is the writer indicating he likes the horse's chances, but the race is competitive. In a wide-open race when the HF 15a is below 3-to-1, refer to the race analysis for the other contenders or the main threats on our Quick Picks Page. Often times one or two of these contenders will offer more value at the windows and thus represent a better play. Finally, the HF 20 is our longshot. HF 20's go to horses who might not be the most-likely winner, but have a chance and likely will be overlooked by the betting public. Including the HF 20 in the exotics can often lead to a 'Big Payoff'.

BEATEN LENGTHS

The beaten lengths shown in the data lines have been converted to decimal form. To help make them more understandable, here are our equivalents:

Nose = .05
Head = .10
Neck = .25

1/2 length = .50
3/4 length = .75

TRAINER STATISTIC ABBREVIATIONS

To save space and quicken production, we use abbreviations to denote the various trainer statistics covered on a regular basis in the Digest. The stats listed below are all based on a 3-year time frame. We update the stats nightly.

MCL 1st	Maiden-Claiming (MDC) first-timers.	90+	Horses away 90+ days (comebackers).
MSW 1st	Straight Maiden (MDN) first-timers.	2nd 90+	Horses making 2nd start after 90+ layoff.
MDN 2nd	MSW/MDC making their 2nd start	3rd 90+	Horses making 3rd start after 90+ layoff.
1st CLM	Horses making their first start off a claim	30+	Horses who have been off 30 to 59 days
2nd CLM	Horses making their second start off a claim.	60+	Horses who have been off 60 to 89 days
S/R	Sprint-to-Route moves	B Off	Blinkers off
R/S	Route-to-Sprint moves.	B On	Blinkers on
D/T	Dirt-to-Turf moves	Last 15	Trainers' record with last 15 starters
T/D	Turf-to-Dirt moves	Foreign	Foreign-raced horses making U.S. bow.
Lasix on	Horse getting Lasix for the first time		

The following stats are based on a 1-year timeframe

RACE APPRAISAL

ANALYSIS: This Sprint regularly produced some of the biggest prices on the card, but it's really settled down of late, as five the last seven winners paid less than \$10 and one of the others returned \$11.80. Five of the last six winners had lost no more than once the year that they one and the lone exception was defending champion *Roy H*, who had lost twice, but was coming off a win. The last seven winners were coming off of a win. *Vekoma* looked like a standout at entry time, but was scratched Wednesday morning. That shifts the focus to soph *Yaupon*, 4-for-4 to begin his career, soph filly *Frank's Rockette*, 6 5-1-0 in 2020, and *C Z Rocket*, who shows three losses in 2020, but is 5-for-5 since being claimed by Peter Miller, the mastermind behind *Roy H*. *Yaupon* has the

best early speed and rates top billing as a result. **Rockette** and **Rocket** both have tracking speed and should get good trips from the second flight. The filly will no doubt be the longer price. Give them the HF 20 and 15a, respectively. **Firenze Fire** is fresh off of a win and was runner-up in this race in 2019. He and Grade 2 Phoenix winner **Diamond Oops** figure to be finishing best and can impact the exotics.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: C Z Rocket :23.8 – Vekoma and Hog Creek Hustle :24.2 – Frank's Rockette :24.4

HORSE COMMENTS

Echo Town surged late to grab 3rd in the Grade 1 Phoenix here and is fitted in front wraps. The rail draw is probably no plus and he figures down the list.

C Z Rocket is undefeated since being claimed for \$40,000 by Peter Miller April 30. He's banked over \$300K during his five-race winning streak and Miller has saddled multiple BC Sprint winners (on both dirt and turf) over the last three years. This one is quick enough to track the pace from the inside and may only need to find a seam to win.

Collusion Illusion is a 3-yr that won a weak edition of the Grade 1 Bing Crosby at Del Mar Aug 1 and kept to his task through the stretch when chasing neighbor 'Rocket home in the Santa Anita Sprint Championship Sept 27. He can impact the exotics.

Bon Raison edged neighbor Manny Wah to win a high-line Allowance here Oct 16, but this is a whole tougher test.

Manny Wah has finished in-the-money in five of his last six starts, including once vs. Grade 3 types. The numbers suggest that that streak will be dented today.

Frank's Rockette is a soph filly that bypassed the 7F Filly & Mare Sprint in favor of this shorter test. She's only been beaten once in 2020 and is quick enough to be in the second flight early. She has odds-beating potential.

Whitmore is a 7-yr making his fourth appearance in this race. He finished 2nd in 2018 and 3rd last year, but he seems to have lost a step in 2020.

Firenze Fire was able to track the pace in the five-runner Vosburgh Sept 26 and drew off late. That was his third win of the year and he's

eligible to employ similar tactics today. Either of his first two wins this year would put him closer to Vekoma (1:10.0), too.

Empire of Gold won the pace duel but lost the war in the Grade 2 Phoenix Oct 2, as he opened a big advantage turning into the stretch only to be reeled in by Diamond Oops. He's been a consistent sort of late, but figures in the middle with this group.

Yaupon is an undefeated soph sprinter that is taking on older Stakes runners for the first time. The late-bloomer is projected as the pacesetter and he worked well here Oct 25. Asmussen won this race last year and is poised to win it again.

Diamond Oops has come back to the races in good form as he just missed in his June 13 return and is shooting for the hat trick after scoring back-to-back Grade 2 wins, most recently when running down Empire of Gold to win the Phoenix here Oct 2. He may be finishing fastest again, but this field is far stronger than he faced in the Phoenix.

Hog Creek Hustle is winless after eight starts in 2020 and he's way up in class. He'd be a surprise.

Jasper Prince is in from Japan to make his third start on the comeback trail. He won nicely Sept 12, but was eased up Oct 11. He shows one local drill and would be a surprise.

Vekoma has been scratchd.

Lasting Legacy was claimed for \$80,000 Oct 9, a race in which he was beaten home by Hog Creek Hustle. He figures in the hunt, but would be a huge surprise.

RACE APPRAISAL

ANALYSIS: **Digital Age** appears to be rounding into top form off his win in a Grade 1 Sept 5. He plots well, Castellano is back to ride and there appears to be some pace to help set up his rally. Maybe **Age** can pull off the hat trick as the HF 15a. **Ivar** was a Group 1 winner in Argentina and now he is a Grade 1 winner in this country when he won over this course Oct 3. He tops the charting, he has a solid late kick and Talamo strings along for a hot barn. **Raging Bull** chased home **Ivar** when 2nd Oct 3. J. Ortiz knows him well and he just missed over this course July 10. Maybe he can turn the tables and he seems to merit at least Trifecta consideration. **Uni**, a mare, won this event last year and she just beat

female Grade 1 foes over this course Oct 3. Her recent numbers are a bit soft, but her win last year would plot on top and Rosario is back to ride. **Halladay** and **Factor This** are a pair of frontrunners that won their last starts. Both have proven they can press and win, they have strong connections in their corners and one could get brave. The foreign entrants didn't seem that strong in this event this year and we'll leave them off our win tickets.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: One Master :22.0 - Raging Bull :22.6 - Ivar :23.0

HORSE COMMENTS

Circus Maximus (IRE) didn't fire in his last start in a Group 1 in England Oct 17, but he did finish in the Trifecta in his previous four starts all at that level including a win June 16. He was 4th in this event last year, his barn is 0-for-24 in this event and his jock is 0-for-9. We'll limit him to a minor award.

Kameko finished 4th in three straight prior to his win in a Group 2 in England Sept 25. The soph finished 4th behind neighbor Circus Maximus July 29 and we'll make him prove he can beat older runners at this level.

Lope Y Fernandez (IRE) has finished 7th in his last two starts at six furlongs in England at this level and he is unproven routing. He does attract Dettori who has won this event twice, but he appears to be an outsider in this spot.

Siskin won his first five starts all vs. his own age group including a pair of Group 1's in Ireland prior to his 3rd vs. this kind July 29 and his 4th in a Group 1 in France Sept 6. He finished behind Circus Maximus in those last two and we'll look elsewhere for the winner.

Digital Age (IRE) rallied from the back to win a Grade 1 at Churchill Sept 5. He shows a rising numbers pattern, Castellano is back to ride and there appears to be some pace to help set up his rally. It could be hat trick time for a barn that has won this event in the past.

Safe Voyage (IRE) was the third nose on the wire in a Group 1 sprint in France Oct 4. He won a Group 2 mile in Ireland prior to that one Sept 12, Hart is in to ride and he has been in good form over the last two years. The veteran doesn't appear to be a top contender, but he isn't an easy tossout either. Tough call.

Casa Creed has earned minor awards in two straight at this level. He rallied for 3rd Aug 22 and he tied to 4th after setting the pace Oct 3. He worked fast Oct 31 and Alvarado knows him well, but his barn is only 1-for-24 in this event and we'll leave him off our win tickets.

March to the Arch rallied for 2nd in a like event at Woodbine Sept 19. His barn has won this event twice, Gaffalione knows him well and he

worked fast Oct 29. The gelding could be running on late, but as for the win...

One Master (GB) a mare, finished 5th in a blanket finish in this event in 2018 and was a good 3rd vs. open Group 1 sprinters in England Oct 17. She beat Group 1 sprinters prior to that one in France Oct 4 and Boudot is back to ride. However, her 0-for-6 route record suggests a minor award may be her limit.

Halladay has won three of his last four starts including a Grade 1 at Saratoga Aug 22. He set the pace that day, he plots close and Saez strings along. He may have to deal with Factor This (below) on the front end, but he is obviously sharp and we wouldn't rule him out.

Ivar (BRZ) was a nice runner in Argentina and he rallied for the win in a Grade 1 over this course Oct 3. He tops the charting, the pace figures to be honest and he calls a hot barn home. Talamo is only 1-for-38 in Breeders' Cup races, but this guy seems to rate a long look.

Uni (GB) a mare, is back to defend her title and she beat female Grade 1 foes over this course Oct 3. Her numbers have been a bit soft this year, but Rosario is back to ride and she could be one to fear late.

Factor This set the pace and kept going in a Grade 2 at Pimlico Oct 3. He was 2nd in a Grade 1 at nine furlongs Sept 5, he owns a win over this course and Geroux is back to ride. He did win with a pressing trip Aug 2 and he seems too sharp to ignore.

Raging Bull (FR) had his blinkers removed and rallied for 2nd in that Oct 3 affair over this course. He won a Grade 1 at Santa Anita May 25, J. Ortiz knows him well and he chart close. Maybe he can turn the tables on Ivar this afternoon.

Order of Australia (IRE) won a pair of Allowance marathons prior to his 9th in a Group 3 in Ireland Oct 11. Soumillon takes the call, but class is a cloud and he could be an Arcangues-like upsetter if he wins if a starter.

HF EXPLANATION

(Column 8 on each race page contains the following numbers that refer to these factors.)

1	FIRST TIME STARTER - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.	15a	IN-THE-MONEY - This horse appears to have most of the elements suitable for an in-the-money performance.
2	LIVE HORSE - It appears this horse is ready for a top performance.	16	LONG LAYOFF or RECENCY - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
3	DISTANCE CAPABILITY - This distance may present a problem for this horse.	17	LEG WRAPS - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
4	EQUIPMENT CHANGE - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.	18	AGE - The age of this horse is not consistent with that of his competition. A young horse against mature horse or a particularly old horse against younger horses may be at a disadvantage.
5	TROUBLE PRONE - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly etc. This one seems to be that type.	19	IMPROVING - This horse seems to be improving or should improve in this field.
7	INSIDE POST POSITION - This inside post position may cause a problem for this horse at this distance.	20	LONGSHOT - Some indicators that are present when horses surprise with a good performance at high odds are noted.
8	OUTSIDE POST POSITION - This outside post position may cause a problem for this horse at this distance.	21	FITS RACE - This horse seems to fit this race.
9	PACE - The probable pace or speed in the early part of this race may not be suitable to the racing characteristic of this horse.	21c	FITS RACE - This horse seems to fit this race except for class.
10c	HIGHER CLASS - This horse is being tried at a higher level.	21d	FITS RACE - This horse seems to fit this race except for the distance.
10d	LOWER CLASS - This horse is being tried at a lower level.	21r	FITS RACE - This horse seems to fit this race except for a lack of recency.
11	FEMALE vs. MALE - Since it usually takes a better-than-average female to beat an average male, there could be a problem here.	22	CONDITIONS HORSE - The conditions for eligibility are ideal for this horse.
12	FOREIGN RACES - Previous races for this horse were out of this country. It is difficult to appraise them.	23	WORK READY - Previous patterns and/or special circumstances make recent works very important here.
13	RELEASED FROM CLAIMING JAIL - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').	24	SURFACE - The type surface for this race may not suit the horse.
15	IN-THE-MONEY - This horse appears to have all the elements suitable for an in-the-money performance.	25	BETTING - If the betting on this horse is heavier than expected contention is likely.
		86	VETO - There is no justification for a win to be expected

RACE APPRAISAL

ANALYSIS: The marquee for this race is 'Monomoy Girl vs. Swiss Skydiver', and it certainly could come down to these two sharp ladies. **Monomoy Girl** missed all of 2019, but is a perfect 3-for-3 this year and co-tops the charting with 'Skydiver' off her solid win in a Grade I at Churchill Sept 4 when handily beating **Lady Kate** and **Horologist**. She's only ever lost twice, a neck loss in a Grade II in 2017 and a DQ from a win in 2018. She won this race in 2018 as a 3yo and could do it again as a 5yo. **Swiss Skydiver** is the 3yo darling after winning a thrilling stretch drive over B.C. Classic contender **Authentic** when taking on the boys in the Grade I Preakness Oct 3. She's been 1st or 2nd in six straight and that streak could easily continue today. She was actually being considered for the 'Classic, but we think the connections made the right decision. We've kind of gone back and forth between these two misses, but we're going to end up

putting the HF 15a on **Swiss Skydiver**. **Vallance** and **Ollie's Candy** ran 1-2 in a Grade I here Oct 4. **Vallance** has won three straight and is 2-for-3 on dirt. **Candy** is 0-for-5 this year, but in the money all five times and had a bit of trouble in that Oct 4 heat. Both at least merit some exotics consideration. **Harvest Moon** might be the overlooked 'other 3yo' in the field. She's a perfect 4-4- on dirt and beat older in a small Grade II field at Santa Anita Sept 27. She charts well off that win and is hard to really knock. We'll make her the HF 20 for those that just can't see taking a short price on any horse in the Breeders' Cup. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Dunbar Road :38.7 - Point Of Honor :39.0 - Harvest Moon, Horologist, Swiss Skydiver, Ollie's Candy :39.7

HORSE COMMENTS

Ce Ce finished a no threat 3rd in her last two Graded Stakes routes and was 4th in a Grade I sprint at Churchill Sept 5. She's probably running for a minor award again.

Harvest Moon a 3yo filly, lost her debut on turf, but is 4-for-4 on dirt since and beat older in a Grade II Sept 27. It was only 4 horses, and an oddly run race with the favorite cooking herself on a solo lead, but she earned a strong rating. We can't really rule her out.

Dunbar Road won a Grade II at Delaware July 11, but finished behind Horologist and Point Of Honor in a Grade II at Belmont Oct 4. She finished 5th in this race last year and it could be the same this year.

Horologist easily beat Point Of Honor and Dunbar Road winning a Grade II at Belmont Oct 4. She's won 2 of her last 3, but was no match for Monomoy Girl in a Grade I Sept 4. She might be best used underneath.

Swiss Skydiver, is a filly that was 2nd in the Grade I KY Oaks Sept 4 at Churchill, but then took on the boys in the Grade I Preakness Oct 1 and refused to let B.C. Classic contender **Authentic** get by her in a spirited stretch drive. She co-tops the charting and rates plenty of respect.

Lady Kate set the pace and was a very game 2nd behind Monomoy Girl in a Grade I at Churchill Sept 4, but failed to make the lead and faded to a distant 4th in a Grade I here Oct 4. She's been out of the money in three

starts here and that last was also her first try at 9 furlongs. She has some hurdles to overcome.

Point of Honor ran 2nd behind Horologist in a Grade II Oct 4 at Belmont. She's 0-for-5 this year, but finished in the money each time. This seems like an awfully tough spot for her to get her first 2020 win.

Vallance held off Ollie's Candy to win a Grade I here Oct 4. That was actually her first dirt race intended to be run on the dirt (her other two dirt races were taken off the grass, including a win in the slop Aug 29). She's won three straight and might offer some value at the windows.

Ollie's Candy has finished in the money in all five of her starts in Grade 1's this year without winning. She finished a close 2nd to Vallance here Oct 4, and in that race she did lose a bit of momentum moving from the inside to the outside entering the stretch. Again, this is a tough spot for win #1 in 2020, but she might rate exotics consideration.

Monomoy Girl has won 12 of 14 starts and one of her losses was because she was Dq'd from the win. She missed all of last year, but is a perfect 3-for-3 this year with all three wins coming on different types of surfaces (sly, gd and fast). She co-tops the charting off her Grade I win at Churchill Sept 4. The 5yo mare won this race in 2018 and might be the one to beat once again.

RACE APPRAISAL

ANALYSIS: We have some Breeders' Cup Turf veterans in the lineup as **Magical (ire)**, **Arklow**, and **Channel Maker** ran 2-4-11 in 2018 while **United**, **Arklow** and **Channel Maker** ran 2-8-12 in 2019. **Channel Maker** arrives in the best form of his career and a Lone 'F' trip seems entirely likely. He may prove hard to catch if able to slow things down and turn this into a sprint for home or, conversely, go fast from the bell and try to run them off their feet. **United** nearly got the job done when he tracked the pace and surged to the front at Santa Anita last year. He has remained out west since then and had excuses in his only loss of the year (to Del Mar Handicap winner **Red King**). He's being asked to ship east and produce his California form and he should have first run. That said, he wouldn't be the first California horse to disappoint. He should still offer some betting value in a race where the spotlight may be on the imports. Foreign-raced

runners saw their winning streak snapped last year, but they seem well positioned to take the title back across the pond. **Magical** skipped this dance last year, but has finished 1st or 2nd in all but two of her 14 subsequent starts while earning nearly \$3M since her last U.S. start. She's the 5/2 morning line favorite, had excuses when 3rd in the QIPCO Champions Stakes Oct 17, and is the Tri key horse. O'Brien stablemate **Mogul** looked very good winning in France Sept 13, skipped the Arc in favor of this race, and this race may set up the same as that last win. He was able to turn in a big burst to collar what appeared to be a runaway speedster and he may find that **Channel Maker** sets the stage for an encore. Looking for a bomb? **Mehdaayih** caught the eye when prepping for this with distaffers on the Oct 17 Champions card. She weakened late, but it was her first start in four months and she may be much fitter for this.

HORSE COMMENTS

Arklow won the Grade 3 Kentucky Turf Cup over a soft layout Sept 12, but this is a much stronger test and he was no threat in this heat last year. He figures in the hunt, though.

Lord North (IRE) won a Grade 1 June 17, but lost his last two starts, most recently when being eased up in the QIPCO Champions Oct 17. He's a stablemate of Mehdaayih's.

Magical (IRE) has been racing overseas since checking in 2nd in his race as a soph in 2018. She's the morning line favorite for O'Brien, who has won this race six times, and she had excuses when 3rd in the QIPCO Champion Stakes Oct 17 (see Video page). She's 14 8-4-1 since her last U.S. appearance and has earned nearly \$3M in that time. She's the Tri key horse.

United beat his 50/1 odds when he surged the lead into the stretch after tracking the pace in this race last year. He's only lost once in five starts in 2020 and he should get a perfect trip tracking Channel Maker. He figures to be 'right there' turning for home yet again and is a generous 8/1 on the line. He's racing outside of California for the first time since joining the Mandella barn in 2018.

Tarnawa (IRE) is a 4-yo filly that is 3-for-3 in 2020, most recently when narrowly best over distaffers in the Prix de l'Opera on the Oct 4 Arc card. She won easier on firm turf Sept 12 and caught a very deep course last out. Perhaps dryer conditions will help her.

Red King has earned some \$300,000 since being claimed for \$35,000 in February 2019. He handed a troubled United his only defeat in 2020 and is eligible to beat his 20/1 morning line.

Mehdaayih (GB) prepped for this in the Fillies & Mares edition of the QIPCO Champions card at Ascot Oct 17. She made an eye-catching run to challenge for the lead only to weaken the last 100 meters. That was her first start in four months and it seems like a good prep. She may spice up the payouts if she's tighter for this. Her trainer won this race in 2018.

Channel Maker ended up dead last after chasing the pace and tiring in this race in 2019. However, he arrives in much better form, as he exits back-to-back wire-to-wire wins in Grade 1 company. He went fast when best in the Turf Classic Oct 3 and may take a lot of catching.

Donjah (GER) is another filly. She scored a 15/1 upset in a German Grade 1 Stakes Aug 15 and ran OK at shorter odds Sept 15. She's in good form, but German races are generally weaker than others in Europe.

Mogul (GB) made an eye-popping run to reel in a Lone 'F' tripper that had spurted clear when best in the Grand Prix de Paris Sept 13. O'Brien skipped the Arc in favor of training him up to this assignment. He seems to be facing a similar pace set up.

LAST 10 FIRE: 105, 101, 102, 103, 99, 102, 98, 97, 102, 99

FIRE NUMBER – FIRE stands for Final Race Equation and it's a true velocity rating that accounts for a horse's speed during the 'entire' race, not just his final time. We developed the FIRE number with every tool available to us. The projected FIRE number for each horse can be found in the top section of each race under the column headed FIRE NUM. This is the figure to which the horse is projected to run TODAY! Additionally, we print up to 10 FIRE numbers for each horse in the Data Lines (beginning with the horse's most recent race - look for **LAST 10 FIRE**). First-time starters and foreign horses will be marked with an 'X'; lightly-raced horses who seem better than the FIRE number would suggest will get a '?', read this last symbol as 'capable of improvement'.

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and, FBH indicates a Foreign-bred horse. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old is the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one is the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, FW=front wraps, 4W= four wraps,
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horse's last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times run by horses at today's particular class level.
29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances.
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3rd the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done sprinting or routing over today's surface. We also list the overall record on the surface whether it is sprints or routes.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board"). The "↑" indicates the horse was the post time favorite.
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track pars and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, pars and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).

RACE APPRAISAL

- 29 ANALYSIS:** All six of these plot within less than three lengths at the wire, and they appear about that hard to separate. Looking for a price, we have some interest in **Warrens Stormalert** as a potential improver. He was ambitiously placed in the Snow Chief Stakes April 25, his first as a winner and first route, and, though he faded toward the rear, the effort figures OK with these. Low-profile connections should prompt some decent odds, so he's the HF 20 (longshot).
- 30 CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Green Card James :31.0 - Benezit :31.3 - Troubletimethree :31.

HORSE COMMENTS

- 31** **Troubletimethree** has usually run pretty well in five starts at this level, but was favored in three of them and finished farther back than usual April 15. He charts in the hunt, but he seems to have a bit to prove.
NOTES: Outrun April 15. Mild rally March 18. Mild wide rally Feb 19. Lacked racing room entering the stretch Jan 25.
- Warrens Stormalert** is bred to route, but the April 25 jump up to the Snow Chief Stakes for his first try with winners and initial route was pretty ambitious. He tracked a Lone 'F' leader and faded badly. Still, the effort gives him a shot on paper, so he can't be denied a chance on the drop.
NOTES: Wide around the first turn, chased and tired April 25.
