Today's Racing Digest FAQ

What is Today's Racing Digest? For over 47 years Today's Racing Digest has specialized in California racing, producing handicapping information in both a Southern and Northern California issue in print and on-line at www.todaysracingdigest.com. Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

What makes Today's Racing Digest different from other racing publications? The Digest offers many features that cannot be found in other horseracing publications. Features such as track bias, Pace Ratings, which measure early speed, and a "paper race" called the Fractional Charting which compares each horse in today's race based on a representative past performance. A page dedicated entirely to workout analysis has always been a popular feature, along with "Hot & Cold" trainer reports, a Claim Box report for owners and trainers, and our Better-Than-Looked List, which highlights horses exiting troubled or exceptional performances.

What are Data Lines? A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

Does the Digest offer performance ratings or speed figures? Today's Racing Digest prides itself in offering numerous performance figures for the handicapper. Pace and Final Time Ratings can be found at the end of each Data Line and are the most popular. The Pace Rating measures early speed, while the Final Time Rating assigns a figure for the final time. The Digest also offers the CPR (Comprehensive Performance Rating) and FIRE Number, ratings which take into account each time recorded in the race and put it all together in one number.

Where can I find a copy of Today's Racing Digest? Today's Racing Digest can be purchased at every major track in California, as well as major satellite facilities. The Digest is also sold at selected retail outlets throughout the state, and is usually available 24 hours before first post. For a location nearest you or for the number of your local distributor, please call (858) 453-0424 or email distribution@todaysracingdigest.com. The Digest, along with a stable full of simulcast handicapping information, can also be purchased on-line at www.todaysracingdigest.com. On our web-site you can purchase all issues of Today's Racing Digest for tracks across the country at a discount in price and selections from our stable of handicappers. There are also numerous "free" areas, such as the Daily Money Plays, Feature Races, and Week In Review, which provides commentary on all the previous week's races. Give it a look. We think you'll like what you see.

RACE APPRAISAL

ANALYSIS: Topf Road Rules has finished 2nd in both starts at this level and he tops the charting off his March 7 effort. That race has produced three next-out winners, Talamo is back to ride and it could be graduation day. Rules is the HF 15a. Navy Seal just missed in start #2 vs. this kind March 19. He did ride the 'F2' bias that day, but he seems headed in the right direction and Borel is back to ride. Dover Lights didn't show much in

his debut in that March 19 affair. However, his barn tends to tighten the screws for start #2 and Santana Jr. is willing to ride back. Lights is the HF 20. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Navy Seal and Topf Road Rules :26.6 - Mo Betta and Serbian Sailor :26.8

RACE APPRAISAL

ANALYSIS: Sianara finished 2nd as the favorite in start #2 off the bench at this level Feb 6. She tops the charting, she has pressing speed and maybe she can make amends under Santana Jr. now that she has recency. Sianara is the HF 15a. Berry Good is by a sub-par win-early sire and her barn does very well with rookies. She shows a pair of gate works and Canchari is a "go to" rider. Watch the betting. My My Munny

was a pace factor only in her debut vs. this kind March 13. She worked fast March 30. Geroux takes over and maybe she can find more stick now that she has raced.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Frosted Blue :26.5 - Sianara :26.8

RACE APPRAISAL

ANALYSIS: Santos Dumont rallied for 2nd vs. similar off the bench Feb 27. He charts for a share, he could be tighter with recency and Santana Jr. returns the call. We'll give Dumont the HF 15a. Impossible Task set the pace and held 3rd at this level March 13. He makes his third start off the layoff, Rosario knows him well and a fast work April 3 suggests he could be sitting on top effort. Truculent led all the way vs. \$30,000 Starter routers March 13. He plots on top, his numbers are going the right way

and his trainer/jockey duo has been on a roll of late. Bandit Point returns to routing after four sprints this year. He owns a poor route record over this track, but his recent effort suggests he might rate a look in the exotics. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Truculent :32.7 - Quarterback Dak :32.8 - Impossible Task :33.2

RACE APPRAISAL

ANALYSIS: Frank's Rockette rebounded with a win in a \$150k Stakes Jan 30. The Grade 2 winner has pressing speed, Geroux is back to ride and she might prove too classy for these. **Rockette** is the HF 15. **Edgeway** tops the charting off her comeback win vs. \$62,500 Optional Claimers at Santa Anita Feb 7 and she shows some fast works since raced. She owns two sprint wins over this track, Rosario returns the call

and she may be this good. **Edgeway** is the alternative HF 15a. **Casual** rallied for 2nd in a \$200k Stakes Feb 27. She seems to like this track and she could be picking up the pieces in the stretch. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Edgeway :23.5 - Wildwood's Beauty :25.0 - Casual :25.1

RACE APPRAISAL

ANALYSIS: **Global Appeal** was a good 2nd as a comebacking second-timer vs. this kind March 13. He co-tops the charting, he could be tighter with rency and he has worked three times since raced. **'Appeal** is the HF 15a. **He'smyhoneybadger** returns to sprinting after two routes at this level. He was 2nd in his debut sprint at Churchill Nov 27, Geroux knows him well and the trainer stats are easy to like. **Skip Intro** dueled and held 2nd in start #2 in a like event at Churchill Nov 1. Off since, his barn can

bring them back ready and Talamo is back to ride. He worked fast March 28 and we'll tab the tote for clues as to his readiness. **Violent Gigi** finished 3rd of 12 in his debut vs. this kind March 13. His trainer does OK with second-timers, Cohen is back to ride and he worked fast March 27. We wouldn't rule him out. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Star Sailor :24.2 - Macron and He'smyhoneybadger :25.3

RACE APPRAISAL

ANALYSIS: Shashashakemeup was a distant 2nd in a Grade 3 at Santa Anita Jan 23. He was also 2nd at this level at Churchill Nov 27, but he won his lone sprint over this track and Geroux is back to ride. 'Up plots close and we'll give him the HF 15a. **One For Richie** won two straight by open lengths prior to his 2nd vs. this kind March 13. He co-tops the charting, he has tracking speed and maybe he can make amends under

Arrieta. **Secret Courier** also won two straight prior to his 4th vs. this kind March 13. He has pressing speed, Cohen returns the call and maybe he can find more stick vs. this group.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Strike Me Down and Shashashakemeup :24.6 - Ancient Warrior, One For Richie and Frolic More :25.4

RACE APPRAISAL

ANALYSIS: By My Standards went off form in his last two starts vs. Grade 1 routers and maybe the comebacker will perk back up at this level. He is a Grade 2 winner over this track, there appears to be plenty of pace to help set up his rally and he shows some fast works for his return. G. Saez is back to ride and we'll give 'Standards the HF 15a. Rushie is another comebacker that has worked fast and he is also a Grade 2 winner. He owns a route win over this track, Rosario knows him well and he could

be another one to fear late if ready. Watch the betting. Wells Bayou finished 3rd off the bench as the favorite in a Grade 3 at Fair Grounds Jan 16. He has won routing over this track in the past, his connections are easy to like and he has proven he can show plenty of stick despite a fast pace. Maybe he can make an impact once again. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: By My Standards :25.4 - Wells Bayou :25.8 - Gun It :26.6

RACE APPRAISAL

ANALYSIS: Whitmore rallied to the lead in the stretch only to be caught late in his return vs. similar March 13. The veteran has a right to be tighter with recency and he loves this track. Maybe Whitmore can turn the tables today as the HF 15. C Z Rocket was the winner of that March 13 affair and he tops the charting. Geroux is back to ride and he could prove difficult to hold off late once again. Rocket is the alternative HF 15a.

Empire Of Gold finished 4th behind our top choice in a Grade 1 Nov 7. Off since, that race has produced three next-out winners and the colt has pressing speed. Maybe he will be best of the rest material this afternoon. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: C Z Rocket :24.2 - Whitmore :24.7 - Mojo Man :24.8

RACE APPRAISAL

ANALYSIS: Which pace scenario will we see between **Caddo River** and **Concert Tour**? These two speedsters could duel and finish 1-2 once again, or, one outduels the other and continues on, or, both submit in the stretch to an off the pace runner. We think it could be the latter and maybe **Hozier** can turn the tables on his stablemate this afternoon. He was thrown to the wolves for his first start as a winner in a Grade 2 and finished well to be 2nd March 13. A fast work April 3 suggests he is doing well and Garcia is back to ride. We'll give **Hozier** the HF 15a. **Concert Tour** went fast early and slow late, but he was under wraps late as the winner of that March 13 affair. Rosario is back to ride, he worked fast April 3 and he draws outside what could be his major pace rival. Will he remain

undefeated? **Caddo River** won by a nearly 20 lengths combined in two starts prior to his 5th in that Grade 2 affair. He was outrun for the pace that day, became rank and tired late as the favorite. Will he be sent hard for the lead under Geroux and battle **Tour** on the front end again or will he try rating tactics once again? **Super Stock** rallied for 4th off the bench March 13. He has a right to be tighter with recency and could take advantage of a pace meltdown. However, his numbers are pretty soft and he has yet to win a dirt route. Demand fair odds if he is your play. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Hozier :38.2 - Caddo River :38.5 - Get Her Number :38.9

RACE APPRAISAL

ANALYSIS: Ardanwood showed improved early speed and held 2nd in a like event March 20. He tops the charting, he makes his third start off the layoff and it could be graduation day. **Wood** is the HF 15a. **Continental Coins** has finished 4th in two sprints at this level at Fair Grounds. He is bred to route, he has pressing speed and he worked fast over this track April 2. We'll mark him a contender. **Saqeel** rallied for 3rd in a like event

March 6. He is not very consistent, but he plots close and Geroux takes the call. It could be now or never time at this level. **Antigravity** has had his chances, but he has finished 3rd in his last two starts and maybe he can impact the exotics once again. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Saqeel :32.4 - Antigravity :33.8 - Junesandra :34.0

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and, FBH indicates a Foreign-bred horse. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old is the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one is the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, FW=front wraps, 4W= four wraps,
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horse's last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times run by horses at today's particular class level.
29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances.
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3rd the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done sprinting or routing over today's surface. We also list the overall record on the surface whether it is sprints or routes.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board"). The "↑" indicates the horse was the post time favorite.
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track pars and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, pars and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).

RACE APPRAISAL

- 29 ANALYSIS:** All six of these plot within less than three lengths at the wire, and they appear about that hard to separate. Looking for a price, we have some interest in **Warrens Stormalert** as a potential improver. He was ambitiously placed in the Snow Chief Stakes April 25, his first as a winner and first route, and, though he faded toward the rear, the effort figures OK with these. Low-profile connections should prompt some decent odds, so he's the HF 20 (longshot).
- 30 CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Green Card James :31.0 - Benezit :31.3 - Troubletimesthree :31.

HORSE COMMENTS

- 31** **Troubletimesthree** has usually run pretty well in five starts at this level, but was favored in three of them and finished farther back than usual April 15. He charts in the hunt, but he seems to have a bit to prove.
NOTES: Outrun April 15. Mild rally March 18. Mild wide rally Feb 19. Lacked racing room entering the stretch Jan 25.
- Warrens Stormalert** is bred to route, but the April 25 jump up to the Snow Chief Stakes for his first try with winners and initial route was pretty ambitious. He tracked a Lone 'F' leader and faded badly. Still, the effort gives him a shot on paper, so he can't be denied a chance on the drop.
NOTES: Wide around the first turn, chased and tired April 25.
