Today's Racing Digest FAQ

What is Today's Racing Digest? For over 47 years Today's Racing Digest has specialized in California racing, producing handicapping information in both a Southern and Northern California issue in print and on-line at www.todaysracingdigest.com. Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

What makes Today's Racing Digest different from other racing publications? The Digest offers many features that cannot be found in other horseracing publications. Features such as track bias, Pace Ratings, which measure early speed, and a "paper race" called the Fractional Charting which compares each horse in today's race based on a representative past performance. A page dedicated entirely to workout analysis has always been a popular feature, along with "Hot & Cold" trainer reports, a Claim Box report for owners and trainers, and our Better-Than-Looked List, which highlights horses exiting troubled or exceptional performances.

What are Data Lines? A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

Does the Digest offer performance ratings or speed figures? Today's Racing Digest prides itself in offering numerous performance figures for the handicapper. Pace and Final Time Ratings can be found at the end of each Data Line and are the most popular. The Pace Rating measures early speed, while the Final Time Rating assigns a figure for the final time. The Digest also offers the CPR (Comprehensive Performance Rating) and FIRE Number, ratings which take into account each time recorded in the race and put it all together in one number.

Where can I find a copy of Today's Racing Digest? Today's Racing Digest can be purchased at every major track in California, as well as major satellite facilities. The Digest is also sold at selected retail outlets throughout the state, and is usually available 24 hours before first post. For a location nearest you or for the number of your local distributor, please call (858) 453-0424 or email distribution@todaysracingdigest.com. The Digest, along with a stable full of simulcast handicapping information, can also be purchased on-line at www.todaysracingdigest.com. On our web-site you can purchase all issues of Today's Racing Digest for tracks across the country at a discount in price and selections from our stable of handicappers. There are also numerous "free" areas, such as the Daily Money Plays, Feature Races, and Week In Review, which provides commentary on all the previous week's races. Give it a look. We think you'll like what you see.

WORKOUT ANALYSIS FOR THE KENTUCKY DERBY – Saturday, May 1st

DATE **COND** **DIST** **WORK**

12nd RACE

Soup and Sandwich 04/23 CD/FT 4F 50.0b
wanted to run, but was under a stranglehold trying to let his target get a couple of lengths in front on the turn. He easily closed the gap and won by a couple of lengths at the wire and widened on the clubhouse turn. This was a maintenance drill and he was under a hold the entire time, but he was full of run wanting to do more. 24.3, 50.0 and out in 103.3.

04/17 CD/FT 5F 59.8b
broke off a few lengths behind a target and easily gobbled that one up in 35.4 and drew away by five lengths in 59.4 before continuing out sharply around the turn in 112 and change and out 7 F in 125. He was well within himself and looked sharp.

Sainthood 04/23 CD/FT 5F 101.0b
worked outside of Known Agenda and definitely looked the better of the two as 'Agenda needed several taps by the jockey on the far turn and into the stretch. He showed quick acceleration on the turn, too, same as he did in his last start. They went 35.4, 100.4, 1:14 and out in 127.4.

04/16 CD/FT 5F 100.4b
worked with barnmate Known Agenda and the two were under a solid hold early with Sainthood holding a slight edge on the inside into the far turn. The pair got nose and nose from midturn to the wire and around the turn and down the back stretch. Both earned 59.2 times and looked good while never let loose.

Rock Your World 04/24 SA/FT 5F 59.2h
worked at Santa Anita with an Allowance type and went 23.4 and 47.3 drawing away in the stretch. He looked very good around the clubhouse turn in 59.1. Strong final prep before shipping to Kentucky.

04/17 SA/FT 5F 59.6h
worked outside of 4-yo NW1 Allowance type Tripoli and always had that one measured before drawing off through the stretch. He galloped out an extra furlong in good style and seemed well within himself.

O Besos 04/22 CD/FT 4F 48.0b
had his work delayed a day because of snow. He came out at the crack of dawn and got his first three furlongs under control to the wire in 36.1, but then got serious going around the turn to post a 48 half and out in 59.4 and 112 and change. He handled the track well.

Midnight Bourbon 04/26 CD/FT 5F 102.4b
was given a stiff work going 25, 47.4, 102.3 and out in 117. He did it mostly on his own with the rider maybe asking a bit at the wire and around the turn.

04/19 CD/FT 5F 59.8b
worked in company and his partner was a bit worked up early going fast and that got 'Bourbon's juices flowing as they sped thru three furlongs in just over 35. 'Bourbon relaxed a bit dropping behind his workmate and then finished well drawing off late in 59 and change and out in 112.3 and 125.4.

Medina Spirit 04/16 SA/FT 5F 100.0h
outworked a comebacking 6-yo non-winner and won as best, as he forced the issue from the outside and then found another gear through the stretch to prove best by five lengths. He looked better here than he had prior to the Santa Anita Derby.

Mandaloun 04/24 CD/FT 5F 100.0b
was supposed to work with an Allowance winner, but that one was 10 lengths clear early. He went 23.3 and 47.3 and caught his workmate midstretch. He galloped out well in 100.0 and 112.4. He has definitely looked better in the morning than barnmate Essential Quality.

04/17 CD/FT 6F 111.4b
followed up a fast five-furlong work a week ago with another very strong drill today. Working outside of a target, he was under a strong hold early, the jockey with his feet on the dashboard trying to hold him up. They let him out a notch and he came home in a shade over 23 for a sub 59 and continued out in 111.2 and out 7 furlongs leaving his workmate behind. He was full of energy and sure seems to love CD, at least in the morning.

Known Agenda 04/23 CD/FT 5F 101.0b
again worked with Sainthood and this time was on the inside. The pair leisurely jogged the backstretch and then got serious going into the far turn. They went as a pair in 35.4, 100.4, 1:14 and out 127.4. Sainthood definitely traveled better as Known Agenda had to get several taps from the rider on the turn. He reportedly isn't the most willing horse in the morning, though.

04/16 CD/FT 5F 100.4b
worked outside barnmate Sainthood and both were under a solid hold. Sainthood had the edge going into the turn, but the two came together mid-turn and galloped nose to nose to the wire and around the first turn and down the backstretch. Agenda seemed to stick his nose in front at the wire and was trying to extend on the gallop out, but both were well held and looked solid.

King Fury 04/24 CD/FT 5F 100.2b
was given a solid drill in 100.1 and out in 112.4 and 127 with the jockey standing up after the wire and 'Fury reportedly doing it all on his own. He certainly looked fit and the barn was reportedly pleased.

Hot Rod Charlie 04/17 SA/FT 6F 114.2h
broke 1-1/2 lengths back of 4-yo claimer Itsthattime, suggesting that O'Neill wants him to have a target in the Derby. He drew even on the turn and finished best through the stretch to be 1-1/2 lengths clear under the wire. He worked out an extra furlong and looked fluid doing it. Solid prep.

Highly Motivated 04/24 CD/FT 5F 100.8b
was given a target to work with, but dragged his rider to the lead halfway on the far turn in 25.1 and maintained a length advantage to the wire and out around the turn in 100.4. He looked solid.

Helium 04/23 CD/FT 4F 49.8b
was given a maintenance type drill going a half in 49.4. He did it easily pulling away from his workmate and appeared to want to do more as he went around the turn.

Essential Quality 04/24 CD/FT 5F 100.4b
worked outside his regular partner and was under a hold a length off around the far turn in a shade under 25. He wasn't asked, but again couldn't get by his mate in the stretch or around the clubhouse turn going 48.1 and 100.2. He geared down easily on the backstretch as his mate pulled away. It's not what we really want to see from a Derby favorite, but the barn says it was his usual work.

04/17 CD/FT 5F 59.6b
did not work as fast as barnmate Mandaloun, but that was reportedly the plan. He broke off behind a workmate, came to that one in the stretch with a final quarter in 23.1 to post a five-furlong time a shade under a minute. He galloped out in 113 and change. The connections were reportedly pleased, but he never could get by his workmate in the stretch or on the gallop out around the turn.

Dynamic One 04/23 CD/FT 4F 47.8b
broke off a length and a half behind a Maiden winner as they went into the far turn. 'One, on the outside, looked like he might go by entering the stretch, but the pair were under a hold and ran together with splits of 24 and 48. 'One looked much stronger past the wire in 100.3 and 113.3 and wanted to do more.

04/16 CD/FT 4F 48.6b
worked in tandem on the outside of Bourbonic and the pair got identical 48.3 times, but Dynamic started to draw away at the wire and galloped out much stronger with the rider sitting chilly.

Bourbonic 04/23 CD/FT 4F 49.6b
reportedly had been galloping strongly, so worked as a solo. He went 24.3, 49.3 and out 102.4. Not much to see and the jockey was a statue throughout.

04/16 CD/FT 4F 48.6b
worked inside of stablemate Dynamic One and seemed a tad rank in the early going under a hold. The pair earned similar 48.3 drills, but 'One was starting to draw off at the wire and was much better on the gallop out despite Bourbonic getting a couple of taps going into the clubhouse turn.

CHURCHILL DOWNS FRACTIONAL TIME COMPARISONS

Today's Racing Digest

Shown below is the order of finish that would be likely if each horse repeated a representative race. There are many reasons why this may not happen. Foremost of these is that, like humans, horses have good and bad days. Also, today's race may differ from the representative race due to changes in the post position, weight carried, class, track, surface, pace characteristics etc. Nevertheless, plotting and studying times from previous performances is a basic part of handicapping. If the representative race was not on a normal track, the times shown have been adjusted by the track variant applicable. The underlined fractions indicate the leader(s) at that particular point in the race. Except for the LF = Last Fraction, which indicates the fastest closer(s). X = No recent or available time at or about the distance. The date of the selected, representative race is shown preceded by a letter indicating which track (A = Aqueduct, B = Bay Meadows Fair, B = Bay Meadows, D = Del Mar, F = Fairplex Park, FO = Fresno, G = Golden Gate, H = Hollywood Park, K = Keeneland, MO = Monmouth, S = Santa Anita, S = Santa Anita/oak Tree) and followed by a number indicating how many races back it was.

TIM OSTERMAN'S FAST FIGS (Page 1 of 2)

The Fast Fig rating is one of our most profitable figures and typically will uncover overlooked value that offer larger than average payouts. Historically a win bet on the top Fast Fig in each race will return an average of 112% profit. Place and Show bets typically return 106% and 102% profit respectively. The Fast Fig is a combined class/performance figure based on the horse's overall effort and the strength and level of the fields faced. Horse's scoring within FIVE points of the top figures should be considered contenders in today's race. Runners rated 'X' are either first-time starters, shippers from a new circuit, comebackers off more than four months or horses that simply could not be assigned a reliable rating. If there are multiple horses that share the highest Fast Fig you can narrow the choices down by selecting the horse with the highest FIRE and/or CPR listed in the Digest Race Sheets.

VIDEO NOTEBOOKS FOR THE KENTUCKY DERBY

TAMPA BAY DERBY MARCH 6

Helium was returning from nearly five months on the bench and was allowed to settle into stride while kept out in the clear in the four path. He moved up to mid-pack with a steady gain on the backstretch, accelerated around the far turn and hit the front turning for home. He turned back a mid-stretch challenge from second-favorite Hidden Stash and won in full stride in a race that he had to have needed.

Hidden Stash broke decently, was allowed to settle while racing inside of the winner early, found himself two back of that one up the backstretch and was forced to chase the winner around the turn. He challenged for the lead in mid-stretch, but could not get by and was outfinished in the final 50 yards. *NOTE: He would return to run 4th in the Blue Grass while two others from this race would struggle in that race, too.*

LOUISIANA DERBY MARCH 20

Hot Rod Charlie broke well, was sent to the front by Rosario and set a pressured pace without having to be hard-ridden. He was pressured throughout by Midnight Bourbon, but held them safely at bay down the lane and won as best in wire-to-wire fashion.

Midnight Bourbon pressed the pacesetter winner from the two path, had every chance to go by down the lane and was weakening late despite holding 2nd..

O Besos lagged early and rallied up the better inside to complete the Trifecta. The fast early fractions helped, but he was also the only horse making up ground. This is the kind of effort that can impact the Superfecta in the Kentucky Derby.

Mandaloun was favored to win the Louisiana Derby and got perfect trip tracking the pace from the three-path, but Geroux went to the whip at the top of that lane and got no response in what proved to be a dull effort for Cox. .

JEFF RUBY STEAKS MARCH 27

Like The King was allowed to settle toward the back of the field before launching a five-wide run around the far turn. He bumped with Sainthood into the stretch, but otherwise had clear sailing and wore down the leaders to produce the upset win.

Sainthood is the horse to follow from this race. The runner-up tracked the pace from the inside, but was shuffled back when the pacesetter tired and dropped back on the far turn. He was taken outside for racing room, but was forced to take-up behind a wall of horses when the winner beat him to the outside path. He quickly accelerated when he finally did get room and was much the best.

UAE DERBY MARCH 27

Rebels Romance raced wide throughout in the UAE Derby. That kept him out of traffic trouble, as he was allowed to lag far back early. He moved up while some seven wide on the backstretch, dropped down to the four-path as the field swung into the second turn and emerged at the top of the lane sitting in 4th with his momentum unimpeded. He got past the pacesetter Panadol in mid-stretch and won as best in a race that was run fast early.

FLORIDA DERBY MARCH 27

Known Agenda is now 2-for-2 since Pletcher added blinkers and his numbers have also improved. He was guided over to the fence by Irad Ortiz where he tracked mid-pack for the first 6F. He began his run on the far turn, was swung out to the 3-path entering the stretch and responded to a left-handed whip by drifting out, but he didn't slow his run and he wore down presser Soup and Sandwich.

Soup and Sandwich did everything but win as he pressed the pace from the start following a clean start, gained a brief lead at the top of the lane and continued gamely to the wire.

Greatest Honour was allowed to settle early while saving ground and drew closer on the backstretch before being steadied off the winner's heels. He regained some momentum on the far turn, but 'Agenda had already put some distance on him. He was taken outside to rally and finished evenly for the show. *He may have bounced a bit here, but remains dangerous.*

Spielberg is a \$1,000,000 Baffert runner that needs everything to go his way. He pressed the pace from the outside, but had response when the real running began. He may end up in the Ohio and Iowa Derbies. .

BLUEGRASS STAKES APRIL 3

Essential Quality the undefeated soph found himself in the race of his life as it took everything he had to get past the pacesetter Highly Motivated. He broke nicely and took up position outside his rival early on and those two ran 1-2 to the stretch. They had begun to draw off from the field on the far run and continued to increase their advantage down the lane. It appeared that this one was never going to get by, but he switched leads in mid-stretch and was able to get up in time. Perhaps this tough win was just what he needed.

Highly Motivated was shipped to Kentucky as his owners had two other horses entered in the Wood Memorial. This was his first two-turn start of his career and just his second start as a 3-yr. He went right to the front and set a solid pace from the inside. He did everything but win in what has to be deemed an excellent first two-turn effort. He had been able to relax around one turn coming into this and probably should not be viewed as needing the lead. In fact, having a target may serve him well.

WOOD MEMORIAL APRIL 3

Bourbonic lagged far, far back, made a wide, looping run around the far turn to get closer and rallied fast out in the middle of the track to get up in this final strides to score at 72/1 for Pletcher. He gets points for rallying into a slow pace, but these longshot-improvers rarely turn in two alike.

Dynamic One did everything but win at 12/1 for Pletcher. He relaxed in the second flight, moved up around the far turn was the first to tackle presser Weyburn. He was clear of the field, but could not quite hold off his onrushing stablemate.

Crowded Table was allowed to save ground while lagging early, moved up on the far turn, swung out for racing room entering the stretch and was one paced to the wire while seeming to flatten out toward the end.

Weyburn broke alertly from the outside while making his first two-turn start, gained a perfect trip tracking the pace from the outside, and fared best of the early leaders, but was also outfinished along the inside while being asked for his best.

SANTA ANITA DERBY APRIL 3

Rock Your World turned in the best looking win of the weekend in what was also his first dirt start. Several horses broke well and were in position to set the pace, but Rispoli was closest to the rail and he chose to send this one to front. He set a pressured (and fast) pace up the backstretch before quickly opening up some significant daylight entering the stretch when Rispoli allowed him to run. This kind of burst can be key in the Derby where holes open and close quickly. He kept to his task down the lane and easily stalled Medina Spirit.

Medina Spirit was more of a default favorite (and a serious underlay at 9/10) in the Santa Anita Derby. He got a perfect trip tracking the pace from the three-path, but never was making a serious dent into Rock Your World's win. He's 5-for-5 in the Exacta to date, though that streak may get tested in the Derby.

ARKANSAS DERBY APRIL 10

Super Stock pulled the 12/1 upset in the Arkansas Derby and he benefited from the hot pace set by the 2-3 finishers, He broke well and took up a stalking position while hugging the rail. He had two horses on his outside, but shook them off entering the far turn. The top two couldn't shake him and Santana's biggest decision was whether to split them or go around. He made the latter decision and rather violently took him outside of a drifting-out Concert Tour. He didn't lose much momentum, though, and drew off through the stretch.

Caddo River was allowed to set the pace along the inside when Rosario on Concert Tour opted to stay in a pressing position on his outside flank. He never caught a breather and didn't have a lot to give late, but did re-rally a bit to deny the heavily favored "Tour place money.

Concert Tour came into this race a perfect 3-for-3 and was heavily backed to win again, but he couldn't find another great after pressing Caddo River through some fast fractions. He drifted out a couple of lanes turning for home and flattened out late. This was a disappointing effort, but still has dangerous early speed.

LEXINGTON STAKES APRIL 10

King Fury made his 2021 return a winner and did it impressively. He was also allowed to lag early after breaking from the outside, dropped down to the inside entering the backstretch and commenced an extended 6F run on the backstretch. He continued to gain ground around the far turn, split the tiring pacesetters entering the stretch and drew off to win over this very sloppy strip. He raced without the blinkers that had been tried in his final start, has won twice at Churchill Downs, and gets extra points if it's wet on Derby Day. *His style may suit a Derby with a ton of speed, too.*

Unbridled Honor was making just his second start as a winner. He had rallied way too late in the Tampa Bay Derby in March, but rallied from last to gain the place. He began his run after King Fury had started to move and, while that one saved ground, he went four wide. He was in the clear throughout as a result and looked good down the stretch. Perhaps he's a Belmont horse for Pletcher.

RACE APPRAISAL

ANALYSIS: Santos Dumont has finished in the Trifecta in two starts on the comeback trail at this level at Oaklawn. He plots close, Santana Jr. strings along and he could be sitting on a top effort for this third start off the layoff. 'Dumont is the HF 15a. Sounion finished 5th of 12 vs. similar turf routers at Keeneland April 2. He has finished in the Exacta in all three routes over this track and a fast work April 27 suggests he could perk up today under Leparoux. Ekati's Verve has looked like a different horse of

late as the 5-year-old finally graduated Feb 18 and followed that one up with a 3rd at this level at Fair Grounds March 24. He tops the charting, L. Saez takes over and he shows four works over this track since raced. We'll mark him a contender.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Ekati's Verve :25.1 - Ram :25.4 - Santos Dumont :25.7

HORSE COMMENTS

Santos Dumont finished 3rd vs. this kind at Oaklawn April 10. He plots close, he makes his third start off the layoff and Santana Jr. strings along. The gelding could be sitting on a top effort.

Money for Mischief tired late to finish 5th vs. \$20,000 Starter Optional Claimers at Keeneland April 10. His last win was routing over this track Nov 26, but he seems to be a bit overmatched at this level and a minor award may be hit limit.

Striking a Pose now in the J. Ortiz barn, he was 5th vs. NW1 Allowance synthetic routers at Golden Gate March 7. He is a dirt route winner and G. Saez takes the call, but his recent numbers suggest a win would be a surprise.

Cool Bobby has good early speed and he has finished 4th in his last two starts both at Fair Grounds. He is back on dirt after his turf start at this level March 6, he worked fast April 24 and he won his lone route over this track. Still, he is a 6-year-old and he may be a pace factor only.

Soros has been off since his 6th in a \$75k Stakes at Gulfstream April 25, 2020. It seems encouraging he is brought back at this level and he attracts Castellano. His barn does well with comebacks, but he only plots in the middle. We'll watch one.

Huge Bigly rallied for 3rd vs. \$50,000 Starter synthetic routers at Golden Gate March 5. Now in the J. Ortiz barn, he makes his dirt route debut today and tries this condition for the first time. It may be safe to watch one.

Sounion is back on dirt after his 5th vs. similar turf routers at Keeneland April 2. He shows a rising numbers pattern and he has finished in the Exacta in all three routes over this track. A fast work April 27 suggests he is doing well and Leparoux knows him well. Better seems possible.

Ram graduated vs. \$50,000 Maiden-Claiming dirt routers at Oaklawn April 16. He plots within range off that one, he worked fast April 24 and he attracts Ortiz Jr. Still, he takes a big jump up in class today and he may have a tough time keeping up at this level. We'll look elsewhere for the winner.

Randello made start #2 a winning one vs. straight Maiden synthetic sprinters at Turfway March 4. He tries both dirt and routing today and he didn't show much early speed in both sprints. The trainer stats are easy to like, but this may prove to be too big of a challenge to make it two straight.

Ekati's Verve finally graduated vs. straight Maiden dirt routers at Fair Grounds Feb 18. He was 3rd at this level last time out March 24 and it seems the gelding is in top form for the Stewart barn. He tops the charting and L. Saez takes the call. We wouldn't rule him out.

UNDERSTANDING THE HF 2, 15, 15a and 20

The Handicapping Factors (HF's) 2, 15, 15a and 20 are used by our writers for selection purposes and each HF should be viewed a bit differently. The HF 2 is our strongest endorsement. A Digest writer will assign the HF 2 when he feels a horse is an absolute standout in a race. Usually the favorite, this horse will most often be below 2-to-1. HF 2's can be used as strong singles in the Pick-3 and Pick-6 or as 'keys' in the Exacta and Trifecta. (NOTE: A horse receiving an HF 2 will also automatically get an HF 15). A horse receiving an HF 15 is also considered a strong play and can be used in all exotics wagering. The HF 15a is a bit more complicated as this designation is the writer indicating he likes the horse's chances, but the race is competitive. In a wide-open race when the HF 15a is below 3-to-1, refer to the race analysis for the other contenders or the main threats on our Quick Picks Page. Often times one or two of these contenders will offer more value at the windows and thus represent a better play. Finally, the HF 20 is our longshot. HF 20's go to horses who might not be the most-likely winner, but have a chance and likely will be overlooked by the betting public. Including the HF 20 in the exotics can often lead to a 'Big Payoff'.

RATING PERFORMANCE

A horse's performance can be rated in any number of methods, from final time to pace. The Digest offers four performance ratings: The FIRE number, our newest rating, the Pace and Final Time Ratings, found in each horse's Data Lines; and the CPR, our original performance figure. For all of these ratings, the higher the rating, the faster the horse is. Here's a quick rundown on what each rating figure means:

FIRE: The FIRE number is a figure based on a horse's speed through the whole race. This number is based on a 100 par, where our other figures are based off a 150 par.

CPR: The CPR is based on a horse's final time rating, as well as his relative early position in the race. The CPR, with its pace Component built in, tends to favor horses with a good mix of speed and stamina. If, a frontrunner and pace-presser were to deadheat for the win, the pace-presser would likely earn the better figure. And, since pace-pressers tend to win more than their fair share locally, this bias works well in California.

PACE RATING: The pace rating measures early speed by comparing each horse's early fractions against our track pars. This is a good separator when judging the likely pace of a race.

FINAL TIME RATING: This measures a horse's final time against our track pars, with the daily track variant factored in. A horse equalling the track par for the distance would earn a 150 Final Time Rating. Three points are deducted for each length slower than par.

RACE APPRAISAL

ANALYSIS: Elle Est Forte has finished "right there" in two straight at this level. Is she a bit of a hanger or has she just been outfinished? Her numbers are going the right way and Lanerie strings along. Maybe she can outrun this field and we'll give Forte the HF 15a. The Ginger Queen finished 6th of 10 in her debut vs. this kind April 11. Her barn does well with second-timers, Castellano returns the call and she might improve now that she has a race under her belt. Big Bee needs to draw in, but she hasn't run too badly in her two starts including at this level when 5th April

7. She attracts Rosario and she calls a hot barn home. Soma showed little in her debut in a dirt sprint Nov 29. Off since, it seems interesting that she returns in a turf route and J. Ortiz is back to ride. The trainer stats are solid and we'll tab the tote for clues as to her readiness. Robin's Fantasy finished 5th of 10 in her debut in that April 11 affair. The trainer stats are soft, but Bejarano is back to ride and she is another that can move forward in start #2. Cadencia has finished 2nd in three straight at this level all at Gulfstream. Her connections are easy to like, but does she want to win?

HORSE COMMENTS

Cadencia has finished 2nd in three straight all at this level all at Gulfstream. She tops the charting off her Feb 14 effort, but her other efforts in her Data Lines would plot down the list. She has strong connections in her corner, but we'll try to beat her.

Robin's Fantasy pressed the pace and tired late to finish 5th in her debut vs. this kind at Keeneland April 11. That was not a bad effort and Bejarano is back to ride. We don't know too much about her barn, but she seems eligible to improve in start #2.

Alydiva went backwards in start #2 when 11th vs. similar dirt sprinters at Keeneland April 2. She is bred to route, Gaffalione rides back and maybe the switch to the turf will perk her back up.

Surrealist returns to routing after her very distant 4th vs. similar dirt sprinters at Gulfstream March 28. She was 2nd in her lone turf route at Kentucky Downs Sept 7 and she has worked fast since raced. Still, her numbers are on the soft side and we'll pass on the win end.

Texas Shuffle is by an average win-early sire and her trainer can fire first time out. She is by a good turf sire and Corrales has ridden well for her barn from a handful of mounts.

Flying Gem is by a sub-par win-early sire and her barn rarely wins with rookies. They also rarely win with turf routers and Graham is not a "go to" rider. It seems safe to watch one.

Cerulean is by an average win-early sire and her trainer can pop with a rookie. She worked fast out of the gate April 17 and she attracts L. Saez. Winning a turf route in a debut race is often a difficult task, though.

Soma showed little in her debut vs. similar dirt sprinters at Aqueeduct Nov 29. Off since, that race has produced three next-out winners and she is bred to route. J. Ortiz is willing to ride back and her barn does very well with turf routers. Tab the tote for clues as to her readiness.

Pearl Girl trailed the field early and rallied to finish 8th in her debut vs. similar turf sprinters at Fair Grounds March 21. She is by a route sire and C. Hernandez is back to ride, but the trainer stats suggest a win would be a surprise.

Elle Est Forte has just missed in two starts this year both vs. this kind. Her numbers are going the right way, though, and Lanerie strings along. We'll mark her a contender.

Anthropology showed improved early speed as a comebacking second-timer and finished a distant 3rd vs. straight Maiden synthetic sprinters at Turfway March 25. She is bred to route on turf and her connections won here on Tuesday at 32/1. The trainer stats are mixed, though.

The Ginger Queen (IRE) finished 6th beaten about 3.5 lengths in her debut vs. this kind at Keeneland April 11. She has a right to move forward now that she has raced, her barn does well with second-timers and Castellano returns the call. Better seems possible.

Demodog is by an average win-early sire and her trainer does well enough with rookies. She is bred to route and she attracts Ortiz Jr. Still, we'll pass if a starter.

Big Bee pressed the pace and tired to 5th in start #2 in the common April 7 affair at Keeneland. She seems to be improving, Rosario is named to ride and another move forward could make her a solid threat if she draws in.

Semble Juste (IRE) was a troubled 7th (moved up to 6th via DQ) vs. this kind at Keeneland April 11. She hasn't threatened the winner in three turf routes and her numbers are soft. A win would light up the tote.

Colonel Aby B rallied for 5th at this level at Keeneland April 15. She couldn't beat this kind at Sam Houston prior to that one and she couldn't beat Maiden-Claimers last year. The trainer stats are poor as well. Pass.

ANALYSIS: Alejandro tops the charting off his "win" vs. this kind at Fair Grounds March 20. He crossed the wire first, but was disqualified and placed 2nd that day. He makes his third start off the layoff, Ortiz Jr. is back to ride and maybe he can officially graduate if he minds his manners. Alejandro is the HF 15a. Cash Rocket co-tops the charting off his 3rd at this level at Oaklawn March 27. He attracts Rosario and that race has already proven productive. Mark him a contender. Koolhaus stretches

out after two sprints and he is bred to handle the route game. His connections are easy to like and he could be a solid threat. Alexander Valley finished in the Trifecta in three straight turf routes all at this level. He is bred to handle the dirt, Johnny V. is back to ride and maybe he can break thru with a win with the surface switch. CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Alexander Valley :23.8 - Cash Rocket :25.1 - Centrifuge :26.8

Harvard has finished 2nd in both starts vs. similar sprinters, but was beaten over 10 lengths last time out April 10. He is bred to route, the blinkers go on today and Gaffalione strings along. Maybe he will break thru in his route debut.
Extreme finished 2nd in a like event at Keeneland in start #2 April 10. He showed good early speed that day, L. Saez takes over and he might improve now that he has route experience.
Atoka tracked the pace and did hold for a distant 3rd in that April 10 route. His recent numbers are soft, though, and we'll look elsewhere for the winner.
Cash Rocket rallied for 3rd vs. this kind at Oaklawn March 27. That was a highly-rated affair and that race has produced two next-out winners. Rosario takes over and the colt seems to merit contender status.
Koolhaus has finished 3rd in two sprints at this level both at Fair Grounds. He is bred top and bottom to route, the trainer stats are easy to like and Geroux returns the call. Give him a long look.
Vail of Honor moved forward in start #2 when 4th vs. \$40,000 Maiden-Claiming sprinters at Keeneland April 8. He is bred to route, but he is up in class and the trainer stats are soft. We'll look elsewhere for the winner.
Alejandro rallied for the win only to be DQ'ed to 2nd in a similar affair at Fair Grounds March 20. He co-tops the charting, he makes his third start

off the layoff and Ortiz Jr. is back to ride. Maybe he can make amends if he minds his manners.
Reward Night rallied and just missed in his debut vs. similar sprinters at Keeneland April 3. He is bred to route, Lanerie is back to ride and he shows three works since raced. He seems to rate a look, but don't expect 53/1 today.
Alexander Valley has raced on turf in his last three starts all at this level. He finished in the Trifecta in all three, Johnny V. is back to ride and maybe he merits another chance on dirt. His barn has done well with turfers moving back to the dirt (remember Cigar?) and he could be a late threat once again.
Centrifuge has been off since start #2 when 2nd vs. softer-rated straight Maiden routers at Tampa Bay Downs Dec 16. Now in the Quartarolo barn, they often give their comebackers a race and we'll make the colt prove himself on this stronger circuit. At least he attracts J. Ortiz and he has worked fast for his return.
Rare Stripe was a very distant 4th in his route debut in the common April 10 event at Keeneland. The colt will sport blinkers today, he worked fast April 24 and Carmouche takes the call. Better seems possible.

RACE APPRAISAL

ANALYSIS: A strong pace seems likely with all the frontrunners lined up and maybe an off the pace runner can win this. **Gear Jockey** has tactical speed and he could grab a jump on the frontrunners entering the stretch. He tops the charting off his win vs. NW1 Allowance turf routers April 2, Leparoux was up for both of his wins and maybe he can win right back. **Jockey** is the HF 15a. **Vintage Print** has been off since his 8th in a Grade 3 July 12. However, he won over this course off a layoff June 11 and Gaffalione was aboard that day. Now in the Lobo barn, the colt could be one to fear late if ready. Watch the betting. **Hay Dakota** is back at his

winning level after four starts and he owns two route wins over this course. J. Ortiz was up for his last win and he could make his presence felt late. **First Premio** was up close throughout when 3rd vs. higher-rated \$62,500 Optional Claimers at Gulfstream March 27. He makes his third start off the layoff, he has won routing over this track and he attracts Rispoli. We wouldn't rule him out. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Salvator Mundi :22.7 - Street Ready :23.1 - Bodecream :23.7

HORSE COMMENTS

Invader set the pace and held 2nd in a similar affair off the bench at Keeneland April 8. He has a right to be tighter with recency and Johnny V. takes over. However, there appears to be plenty of pace signed up and he might come up short once again.

Bizzee Channel set the pace and tired to 8th in a Grade 3 at Gulfstream Feb 27. Geroux knows him well, he drops in class and the trainer stats are easy to like. However, he is another that might have a tough time with the expected pace pressure.

Street Ready has finished 7th in four of his last six starts including in the common April 8 affair. He does make his third start off the layoff and has won routing over this course. At least his odds figure to be playable if he is your choice.

Salvator Mundi has finished 3rd in all three starts at this level all in California. He didn't finish in the Trifecta in both of his routes over this course, but he could be picking up the pieces in the stretch and might impact the exotics.

Eddy Forever is another speedster that was 2nd vs. Allowance dirt routers at Turf Paradise March 1. He is a turf route winner, but he moves to a major circuit today and his numbers suggests he is an outsider.

Hay Dakota has earned minor slices in four straight at and below this level all in Florida. However, he has won twice routing over this course and he should have plenty of pace to help set up his rally. J. Ortiz is back to ride and the old-timer could be one to fear late.

Oak Hill finished 2nd vs. similar turf sprinters April 18. He owns two turf route wins including one over this course and he shows a rising numbers pattern. He might be on off the pace threat under C. Hernandez.

First Premio tracked the leaders and finished 3rd vs. higher-rated \$62,500 Optional Claimers at Gulfstream March 27. He is a route winner over this course, he attracts a strong turf rider and he could be running on late with the drop to this level.

Gun It is a minor award specialist and was 4th in a \$400k dirt route Stakes at Oaklawn April 10. He was 3rd in his lone turf route which was at today's level Sept 9 and Rosario was up that day. Still, we wouldn't be surprised if he came up short once again.

Holiday Stone has been sprinting of late, but he owns two turf route wins including one over this course. He worked fast April 22 and he drops in class, but he could be a pace casualty on the stretchout.

Vintage Print has been off since his 8th beaten only two lengths in a Grade 3 at Keeneland July 12. He won his previous two starts including off the layoff over this course June 11 and Gaffalione is back to ride. Now in the Lobo barn, this guy could be one to fear late if ready. Watch the betting.

Gear Jockey has won two of his three starts this year including vs. NW1 Allowance turf routers at Keeneland April 2. He tops the charting, he has tactical speed and Leparoux was up for both wins. He could have first run entering the stretch if the frontrunners get tired and another big effort could be on tap.

Bodecream chased the winner when 2nd vs. this kind at Aqueduct April 9. He charts within range, J. Ortiz knows him well, but he has come up short in his last six starts. He might be best used in the exotics only if a starter.

Super Sol is off a nice win vs. \$20,000 Starter dirt sprinters at Keeneland April 17. However, he makes his turf route debut today and he only charts in the middle. We'll try to beat him if a starter.

Joyful Heart hasn't threatened in his last six starts all vs. softer-rated foes. He is also a frontrunner and he might have a tough time keeping up at this level. Pass.

Hop Kat in for main track only, was a decent 4th vs. \$30,000 Starter dirt routers at Oaklawn March 26. He is a class fit off his near miss vs. \$62,500 Optional Claimers Feb 7 which was in the mud and he has pressing speed. He would rate a long look should it rain (tiny chance of rain forecast as of press time).

RACE APPRAISAL

ANALYSIS: Ghazaaly made start #3 a winning one vs. straight Maidens at today's trip April 3. He plots close, he has pressing speed and he seems to be improving with racing. L. Saez is back to ride and maybe Ghazaaly can win right back as the HF 15a. Who Took The Money has won all three starts vs. Louisiana-breds at Fair Grounds including a \$100k Stakes March 20. Those last two wins do not count against his conditions today as he tackles open company and he plots well. G. Saez strings along and the gelding could be one to fear late. Masqueparade tops the

charting off his DQ win vs. straight Maidens March 20. Mena is back to ride, he has pressing speed and he is another that seems to move forward with each start. If he can avoid a case of the "wides", he could be dangerous right back.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Who Took The Money :37.6 - Smiley Sobotka :38.2 - Southern Passage :38.3

HORSE COMMENTS

Drop Anchor finished 4th off the bench vs. \$50,000 soph sprinters at Gulfstream March 19. He showed little in both of his dirt routes last year and he is up in class today. His connections are easy to like, but we'll pass on the win end.

Who Took The Money has won all three starts all vs. Louisiana-breds at Fair Grounds including a \$100k Stakes March 20. He flipped in the post parade prior to that one and the fact he still won suggests he has plenty of talent. He tackles open company today, but G. Saez strings along and he charts well. Hopefully he remains calm this afternoon.

Quantum Leap was a pace factor only in a Grade 1 at Gulfstream March 27. That was his first start as a winner, this is a better placing and he worked fast April 26. He will sport blinkers today and he has a right to show more stick.

Southern Passage rallied for 2nd vs. this kind at Gulfstream March 11 prior to his 6th in that March 27 Grade 1 affair. He charts close off that March 11 effort and he has worked fast since raced. The colt has also won routing over this course.

Ghazaaly graduated after a pressing trip vs. straight Maidens at today's trip at Keeneland April 3. His numbers have improved with each start, L. Saez strings along and he shows a pair of works over this track since raced. He could be dangerous right back.

Perfect Cut returns to routing after his 5th vs. \$50,000 Starter sprinters at Keeneland April 3. He won by a nose vs. straight Maiden routers at one

mile at Gulfstream March 20, the blinkers go on today and he charts close. Still, the pace seemed to be in his favor in that win and we'll make him prove himself at this level.

Last Samurai has shown little in three starts as a winner at and above this level. He is a sprint winner over this track, but he seems difficult to like off his route efforts.

Smiley Sobotka finished far back in two Graded Stakes this year though he did finish 2nd routing over this track in a Grade 2 Nov 28. Was he just a good 2-year-old? At least he drops in class and Talamo was up for his win Oct 4.

Regular Guy is another that has struggled in three starts as a winner at and above this level. He has worked fast since raced, but that is nothing new for him. On the plus side, he did finish 2nd over this track Nov 15 and he is reunited with Geroux.

Scales of Justice finished 6th in a \$100k synthetic route Stakes at Turfway March 27. He is unproven on dirt and his numbers are on the soft side. He could be picking up the pieces in the stretch, but we'll leave him off our win tickets.

Masqueparade won by disqualification vs. straight Maiden routers at Fair Grounds March 20. He shows a rising numbers pattern, Mena is back to ride and he tops the charting. The colt has pressing speed and maybe he can make it two straight.

RACE APPRAISAL

ANALYSIS: Got Stormy and Zofelle were separated by a nose when 1-2 in a Grade III Feb 27 at GP. Stormy has won three of her last four with her only loss during that time the Grade I B.C. Turf Sprint against the boys Nov 7. The 6yo may be the proven class of the field and has to be given a solid look. Zofelle gave Stormy all she could handle in that Feb 27 heat and she tops the charting off her win in a Grade III when coming off a long layoff Jan 23 at GP. She's sharp and would be no surprise. The biggest challenge to those two could come from the frontrunner Blowout, who just missed in all three of her starts last year, including a nose loss in a Grade I at Santa Anita in her last start Nov 29. She has been ultra-

consistent having finished 1st or 2nd in 10-of-11 starts and the other was a 3rd when beaten just a neck. Jakarta is the mostly likely to challenge Blowout early and she was also entered at Belmont April 30. If Jakarta runs in NY, Blowout might be tough to catch. Even is Jakarta runs here, Blowout is a strong threat. In a close call, we're going to give the HF 15a to Blowout, but you can certainly make a case for any of the 'big 3' winning. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: New York Girl, Got Stormy :23.1 - Jakarta :23.4 - She's Got You :23.8

HORSE COMMENTS

Jakarta finished a close 4th behind Got Stormy and Zofelle in a Grade III at GP Feb 27 and finished 3rd in a \$100K turf sprint Stake at Kee April 10. The blinkers come off and she'll be a pace factor, but we don't see her a win threat.

Zofelle (IRE) won a Grade III Jan 23 and just missed to Got Stormy in a Grade III Feb 27, both at GP. She tops the charting off her win two back and just missed in a Grade III here last May, so she appears a threat.

She's Got You (GB) ran in England in 2019 and ran three times in the U.S. last year with a win in a \$100K Stake at Monmouth Sept 26 and a 3rd in a Grade III Oct 25. She's worked nine times since Feb 27, but looks like Brown's second string behind Blowout.

Got Stormy is a sprinter/miler that has won three of her last four with the loss coming in the Grade 1 B.C. Turf Sprint when facing the males Nov 7. She edged Zofelle winning a Grade III mile at GP Feb 27 and rates plenty of respect.

New York Girl (IRE) won a bottom-level Allowance in her U.S. debut at GP Dec 31 and finished in the money in a couple of Graded Stakes at Tampa this year. She's facing tougher in this spot, so we'll probably use her underneath only.

Blowout (GB) just missed in all three of her starts last year, including a Grade III at Belmont Sept 26 and a Grade I at Santa Anita Nov 29. The frontrunner has worked 10 times since Feb 13 and could be prominent from start to finish.

Abscond just missed in a 3yo \$100K Stake here May 23, but didn't run again until a 3rd in an older \$100K Stake at GP March 27. She could improve with racing, but is a bit soft on numbers.

RACE APPRAISAL

ANALYSIS: It's going to look like a NY ticker tape parade in the sportsbooks and at the tracks if **Gamine** loses. She'll be a single on most serial tickets and with good reason. She's 6-for-7 lifetime and her only loss came at 9 furlong in the Kentucky Oaks last year. After that loss, she ran an amazing race winning the Grade I B.C. Filly & Mare Sprint by more than 6 lengths Nov 7 and showed she's all set as a 4yo with a daylight win in a Grade III at Santa Anita April 4. We're going to go ahead and make her the HF 2 and will be using her as a 'free space' on all serial tickets. The battle for 2nd could be more competitive. **Bell's The One** and **Estilo**

Talentoso deadheaded for 2nd in a Grade I at Keeneland April 3. **Bell's** finished 3rd to **Gamine** in the Breeders' Cup Nov 7 and seems the most likely to complete a chucky Exacta. **Talentoso** was 50/1 in that April 3 heat, but she's been 1st or 2nd in 10-of-12 starts and has run 2nd in all seven of her dirt sprints. **Sconsin** disappointed in that Grade I April 3, but was 4th in the Breeders Cup behind **Gamine** and **Bell's The One**, and she did win a 3yo Grade II here Sept 4.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Estilo Talentoso :35.6 - Gamine :35.8

HORSE COMMENTS

Estilo Talentoso was 50/1 when deadheading with Bell's The One for 2nd in a Grade I at Keeneland April 3. She was 2nd to Hibiscus Punch in a Grade III at Laurel Feb 20 and has never finished out of the money in 12 starts. Maybe include her underneath in the exotics?

Sconsin won a Grade II for 3yo's here Sept 4, but finished a no threat 4th behind Gamine in the Grade I B.C. Filly & Mare Sprint Nov 7 and really disappointed by a couple of these in a Grade I at Kee April 3. She likes the track, but has some proving to do right now.

Bell's the One won this race last year in September. She finished a no threat 3rd in Gamine in the Grade I B.C. Filly & Mare Sprint Nov 7 and then deadheaded for 2nd with Estilo Talentoso in a Grade I at Keeneland April 3. She certainly could be a factor.

Gamine is an absolute beast having won 6-of-7 starts with her only loss coming in the Kentucky Oaks at 9 furlongs. She dominated the Grade I B.C. Filly & Mare Sprint Nov 7, a race that earned one of the highest ratings (170) we've ever seen. She also tops the charting off her daylight win in a Grade III at Santa Anita April 4. She'll be very tough to beat.

Hibiscus Punch won a bottom-level Allowance Jan 17 and then stepped up and won a Grade III over Estilo Talentoso Feb 20, both at Laurel. That last win earned a strong rating, but we tend to be very leery of big ratings earned at Laurel. Her other ratings are much lower and we'll make her prove herself today.

Unique Factor ran 2nd in a \$150K Stake at Keeneland Nov 6, but faded badly in a Grade III at a mile here Nov 21. She's worked 13 times since Jan 28, but has yet to prove she can handle Graded Stakes company.

For fans of the Pick Six Scramble, simply employ the following strategy with the horses listed on the Quick Pick Page. The requirements are two 'singles' somewhere in the Pick Six. Place your 'singles' in their proper spot and then select three horses in each of the other four races. Label the first three horses 'A,B,C,', the second set as 'D,E,F' the third set as 'G,H,I' and the fourth as 'J,K,L'. Use the following patterns to build your nine \$2 tickets. In this example our 'singles' are in legs 2 (s1) and 4 (s2) of the Pick Six.

RACE APPRAISAL

ANALYSIS: These 1-turn mile races can be tricky. Is it a long sprint or a short route, and does two-turn route form translate? **Jackie's Warrior** is 4-for-4 in one-turn races and earned huge ratings winning Grade I's Sept 7 and Oct 10 in NY. His last two 2-turn races haven't been nearly as good numbers-wise, but he was 4th behind Derby contenders Essential Quality and Hot Rod Charlie in the B.C. Juvenile Nov 6 and 3rd behind Essential Quality in a Grade III in the sloop at Oaklawn Feb 27. He may rebound in a big way shortening back up to one turn and we'll make him the HF 15a. Speaking of Derby company, **Dream Shake** finished 3rd behind Rock Your World and Medina Spirit in the Grade I Sa Derby April 3 and was also 3rd behind Life Is Good (the Derby favorite before he got hurt) and Medina Spirit in a Grade II March 6. He easily won his Maiden sprint debut and might enjoy a mile. **Prevalence** ran midpack in a rather 'blah' Grade II

Wood Memorial April 3, but he dominated his first two 1-turn races and tops the charting off his bottom-level Allowance win at GP March 11. **Whiskey Double**, a barnmate of the top choice, won a bottom-level Allowance sprint in the sloop Feb 28 at Oaklawn and was a good 2nd in a Grade III going 7 furlongs at Aqueduct April 3. He might surprise as the 'other Asmussen'. **Defunded** finished a distant 4th in the SA Derby April 3, but earned a decent rating beating Maidens sprinting March 6. In a race with a lot of speed, he might sit back early and pass tired horses late. Finally, **Noble Reflection** faded in a Grade III in the sloop at Kee April 10, but Maiden sprint win at Oaklawn March 7 earned a strong rating. He might have some longshot appeal, HF 20 style.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Ultimate Badger :25.5 - Prevalence :25.8 - Dream Shake :26.4

HORSE COMMENTS

Three Two Zone easily beat straight Maidens Feb 26 and repeated in a bottom-level Allowance on an off track March 26, both sprints at Aqueduct. He'll be tested for class and his numbers are fairly modest.

Oaklawn and was a solid 2nd in a Grade III sprint at Aqueduct April 3. This is kind of like a long sprint, and his last two races earned decent ratings. He's a barnmate of Jackie's Warrior.

Ultimate Badger finished 2nd in a sloppy track sprint Stake at GP March 6. He finished a distant 3rd in a Grade III sprint Jan 30 and seems like a cut below Graded Stakes quality.

Dream Shake won his sprint debut vs. Maidens Feb 7, but has finished a no threat 3rd in a couple of Graded Stakes routes since, the last the Grade I SA Derby April 3. His numbers are decent and the horses he's lost to would all have been big favorites in this spot.

Jackie's Warrior won his first four starts in impressive fashion and would have dominated the paper race had we plotted his Grade I wins Oct 10 or Sept 7. He finished 4th as the big favorite in the Grade I B.C. Juvenile Nov 6 and finished a distant 3rd in a Grade III in the sloop at Oaklawn Feb 27. He's undefeated in 1-turn races and could wake back up in this spot.

Sittin On Go won a Grade III at a mile here in his second start Sept 5, but it's been all downhill since as he's run poorly in five straight Graded Stakes, including a Grade II at Tampa March 6 and a Grade II at Kee April 3. We'll have to pass.

Defunded beat straight Maidens in his second sprint March 6, but then finished a distant 4th when tried in the Grade I SA Derby at 9 furlongs April 3. The blinkers come off and he's working strongly. Class is a cloud, but we might give him a look at a price given the connections.

Dreamer's Disease won a bottom-level Allowance at Kee Oct 3, but was overmatched in the Grade I B.C. Juvenile Nov 6 and faded as the big favorite in a NY-bred Stake Dec 6. He's worked eight times since Feb 8, but would be a surprise.

Prevalence faltered in a Grade II at 9 furlongs, but he dominated his first two starts around one turn, and tops the charting off his win in a bottom-level Allowance at a mile March 11. He could be a bounce back threat.

Noble Reflection earned a big rating in his daylight win over Maidens sprinting at Oaklawn March 7, but faded badly in a Grade III route in the sloop April 10 at Keeneland. The frontrunner could rebound at a price on a fast track and returning to one turn.

Starrinmydreams was no factor in a couple of Grade II's at Fair Grounds before running 3rd in a Grade III in the sloop at Kee April 10. Two of his three wins have come in the sloop, so we'll pass if the track is dry.

Joe Frazier won a bottom-level Allowance at 7 furlongs April 3 at Keeneland. He had been struggling before that, but that last one earned a solid rating. Maybe he's worth some exotics consideration at a price.

Whiskey Double ran poorly in his only route, a bottom-level Allowance at Fair Grounds Feb 13. He beat that kind sprinting in the sloop Feb 28 at

LAST 10 FIRE: 89, 77, 71, 82, 80

FIRE NUMBER – FIRE stands for Final Race Equation and it's a true velocity rating that accounts for a horse's speed during the 'entire' race, not just his final time. We developed the FIRE number with every tool available to us. The projected FIRE number for each horse can be found in the top section of each race under the column headed FIRE NUM. This is the figure to which the horse is projected to run TODAY! Additionally, we print up to 10 FIRE numbers for each horse in the Data Lines (beginning with the horse's most recent race - look for **LAST 10 FIRE**). First-time starters and foreign horses will be marked with an 'X'; lightly-raced horses who seem better than the FIRE number would suggest will get a '?', read this last symbol as 'capable of improvement'.

RACE APPRAISAL

ANALYSIS: We're not real confident going into this 3yo turf and its likely a race we'll play lightly. **Annex**, **Scarlett Sky** and **Chess's Dream** finished 1-2-3 in a \$100K Stake at GP Feb 27. The race must have had a runaway leader as all three were 20 lengths of the lead at the half. In any event **Annex** came back to win another \$100K Stake March 27 and is now a perfect 3-for-3. He's probably the one to beat and seems the likely favorite. **Scarlett Sky** draws a tough post today, but he was beaten just a head by **Annex** Feb 27 and then came back and won a Grade III at Kee April 2. He also rates a long look. We're not as high on **Chess's Dream** after running 3rd in a State-bred Stake at Tampa March 28, but he did win a Grade III at GP three back. **Royal Prince**, **Dyn O Mite** and **Palazzi** ran 1-2-3 in a minor Stake at Fair Grounds Feb 27. **Prince** came back to

repeat in a Stake at Sam Houston April 3 and was flattered when **Palazzi** came back to just miss to **Scarlett Sky** in that Grade III April 2. **Winfromwithin** easily won a minor Stake at Tampa March 6 and co-tops the charting with **Chess's Dream**. He goes for his third straight win and seems to warrant a look. **Annex** is the obvious play, but won't offer any value. We'll go with **Scarlett Sky** as the modest HF 15a and hope the bad post doesn't hurt him. **Palazzi** has a terrible post, but is a closer in a field with a lot of speed. He might come flying late and is our HF 20. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: **Scarlett Sky** :28.4 - **Palazzi** :28.9 - **Barrister Tom** :29.7 - **Chess's Dream** :29.9

HORSE COMMENTS

Excellent Timing dominated NY-bred Maidens for Baker Dec 10 and did the same in a NY-bred Stake for Brown March 14, both dirt sprints. He's facing a lot tougher and trying turf for the first time

Winfromwithin is 2-for-2 on turf and daylighted a minor Stake at Tampa March 6. He has other speed to deal with, but that last win does co-top the paper race.

Chess's Dream just missed as a heavy favorite in a Fla-bred Stake at Tampa March 28. He was 3rd behind **Annex** and **Scarlett Sky** in a Stake at GP Feb 27 and won a Grade III at GP three back. He co-tops the charting and could be a factor.

Annex is 3-for-3 with wins in \$100K Stakes in his last two starts at GP. He beat **Scarlett Sky** and paper race winner **Chess's Dream** Feb 27, so he's a contender that might be underrated in the paper chase.

Du Jour beat Maidens Feb 19 and easily won a 4-horse bottom-level Allowance March 28, both at SA. He shows a rising numbers pattern, but has other speed to deal with. We'd use him underneath only.

Royal Prince beat **Dyn O Mite** and **Palazzi** winning a minor Stake at FG Feb 27 and beat **Holy Vow** winning a minor Stake at Sam Houston April 3. Both efforts earned strong ratings, so we can't rule him out.

Dyn O Mite lost to **Palazzi** by a neck in a Sam Houston Stake Jan 31 and lost by a nose to **Royal Prince** in a minor Stake at Fair Grounds Feb 27. He faltered in a Grade III on synthetic at Turfway March 27, but could do some rebounding with the return to turf.

Barrister Tom finished 4th behind **Scarlett Sky** and **Palazzi** in a Grade III April 2 at Kee. He won a \$500K Stake at Kentucky Downs Sept 7, but his last three races have been modest at best.

Holy Vow beat bottom-level Allowance foes March 20 and just missed to **Royal Prince** in a minor Stake April 3, both at Sam Houston. He moves barns from Young to Ortiz and has some proving to do at a big track.

Next has not raced since running to long odds in the Grade I B.C. Juvenile on dirt Nov 6. He won a bottom-level Allowance moved to dirt Oct 24 and graduated in a turf sprint three back off a layoff. He's working fast for **Ward** (note the 58.4 drill April 4), but has a lot to prove at this level.

Hidden Enemy (IRE) beat straight Maidens on 'good' turf March 20 at Fair Grounds. We're very skeptical of the high rating he earned that day and will look elsewhere.

Lucky Law (IRE) was no factor in a Grade III on dirt at Tam Feb 6 and finished 4th behind **Annex** in a Stake on turf at GP March 27. Pass.

Scarlett Sky dominated bottom-level Allowance foes at GP Jan 14, just missed to **Annex** in a \$100K Stake at GP Feb 27 and then won a Grade III at Kee April 2. He seems underrated in the charting and could be a big threat if he can overcome the poor post.

Palazzi won a \$200K Stake at Sam Houston Jan 31, was 3rd behind **Royal Prince** and **Dyn O Mite** in a minor Stake at FG Feb 27 and then finished 2nd behind **Scarlett Sky** in a Grade III April 2 at Kee. The post concerns, but he is a closer that could surprise.

Excellent Timing (C.Brown/U.Rispoli = 1 0-0-0)

RACE APPRAISAL

ANALYSIS: This could prove another tricky race. **Whitmore** automatically gets a long look off his upset win in the Grade I B.C. Sprint Nov 7 at Kee. He's finished 2nd in a couple of starts at OP this year and all three races earned strong ratings. He has primarily been a 6F horse and ran poorly the last two times he went farther, so maybe he's vulnerable at this distance. **Flagstaff** lost in a couple of lesser Stakes at 6 furlongs at Oaklawn, but rebounded to win a Grade III at this distance April 3 at Kee. He actually loves the 7 furlong distance, so we'll give him a long look and the HF 15a. **Mind Control** has finished in the money in two straight Graded Stakes, including a Grade I at Aqueduct April 3. He ran poorly the last time he ventured to Kentucky Nov 7, but seems to rate a solid look off his last couple efforts. **Tap It To Win** easily won a State-bred Stake at Tampa March 28. He was 3rd in a 3yo Grade II (Pat Day Mile) on KY Derby day in September last year and might be an up and coming 4yo.

Basin also won his 4yo debut winning a \$100K Stake at GP March 27. He was 2nd in a couple of 3yo Graded Stakes last year and is 2-for-2 at 7 furlongs. **Shashashakemeup** won a mid-level Allowance at OP April 10 and was 2nd in a Grade III at SA Jan 23. He's been a good claim for Miller and might do some surprising, HF 20 style. **Phat Man** earned a solid rating (huge rating in DRF) beating Classified Allowance foes at GP March 28. He was a Graded Stakes type early in 2020 and perhaps that last win is an indication he's back on form. The concern is he didn't run well sans Lasix in two Stakes this year and the Lasix added for that last win has to come back off.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Attachment Rate :35.3 - Flagstaff :35.6 - Shashashakemeup :36.2

HORSE COMMENTS

Phat Man looked overmatched in a couple of Graded Stakes going a mile at GP this year before winning a Classified Allowance sprint March 28. Class seems a cloud, but that last win earned a strong rating. Is he just better on Lasix?

Mind Control finished 3rd in a Grade III Dec 19 and 2nd in a Grade I April 3, the last at Aqueduct. He co-tops the charting off that last effort, so count him a contender.

Basin ran 2nd in a 3yo Grade II in the mud Aug 29 at Saratoga and won his 4yo bow in a \$100K Stake at GP March 27. He charts decently and merits respect.

Flagstaff finished 2nd in a couple of Grade II's Aug 29 and Sept 27 in So Cal and exits a win in a Grade III at Keeneland April 3. The 7yo looks like a contender.

Tap It to Win finished in the money in a couple of 3yo Graded Stakes, including the Grade II Pat Day Mile on Derby day Sept 5. He exits an easy win in a Fla-bred Stake at Tampa March 28 and that win charts well. We're not high on Tampa racing, but we can't rule him out.

Attachment Rate won a Classified Allowance at a mile at GP Feb 27 and was 3rd behind Flagstaff in a Grade III sprint at Keeneland April 3. He's in good form and could be rolling late, but we'd probably use him underneath only.

Shashashakemeup finished 2nd in a Grade II at SA Jan 23 and then won a mid-level Allowance at Oaklawn April 10. He's been 1st or 2nd in four straight and could be up to the challenge on a track he likes.

Get the Prize beat bottom-level Allowance foes Feb 12 and repeated in a mid-level Allowance April 11, both on off tracks. We'll make him prove he can run as well on a fast track.

Whitmore was the upset winner in the Grade I B.C. Sprint Nov 7 at Kee. He's been 2nd in a couple of starts this year at Oaklawn, both times victimized by good one C Z Rocket. He's earned strong ratings in those last three starts and co-tops the charting. Is he purely a 6F horse, though?

Bango finished 4th behind Flagstaff in a Grade III April 3 at Kee. He didn't run well in his other two starts this year, so we'll look elsewhere.

Hog Creek Hustle didn't do much in that Keeneland Grade III won by Flagstaff April 3. He does like CD and won a high-line Allowance here at a mile Nov 27. He's had trouble jumping to Stakes, though.

Endorsed finished 3rd behind Attachment Rate Feb 27 and 2nd behind Phat Man March 28, both Classified Allowance races at GP. We're probably going to look at others.

Lexitonian won a high-line Allowance here last May, but has not run well in his last three starts, including a distant 4th behind Phat Man in a Classified Allowance at GP March 28. Pass.

RACE APPRAISAL

ANALYSIS: Only one of the last dozen winners of this race (when it's been run in May) had finished worse than 2nd in their prior start. That filer would weed out paper-race winner **Ivar (Brz)**, defending champion **Digital Age (Ire)**, and stablemate **Domestic Spending (GB)**, though it should be noted that **'Spending** is a perfect 3-for-3 when running without the benefit of a recent race, so it may pay to bend the rules in his favor. **Colonel Liam** is the definition of a sharp horse, as he is seeking his fourth consecutive win and has already banked nearly \$1M in 2021. He can stay close to whatever pace develops and there really hasn't been any speed signed up. That could benefit tactical-speeder **Smooth Like Strait**. He did go

wire-to-wire to win a race in August and was sitting 2nd early in his last four starts. He may be able to lull this group to sleep and is the first alternative. **Ride a Comet** chased **'Strait** (and **Count Again**) home in the Grade 1 Kilroe Mile, but was only beaten two lengths and he returned to run 2nd in the prestigious Maker's Mark at Keeneland last month. He may have dead aim down the stretch while **Count Again** is sharp and looked very good finishing at Santa Anita March 6. He fits. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Colonel Liam :33.4 - Domestic Spending (GB) and Masteroffxhounds :34.8

HORSE COMMENTS

Masteroffxhounds won the Grade 2 San Marcos going 10 furlongs Feb 6, his first start after knocking out his first Allowance condition. He returned to be a close 3rd in the 12-panel San Luis Rey March 20, but may not be as close to the pace at this shorter trip. He's improving, but figures down the list.

Count Again came flying down the middle of the track in the Kilroe Mile, but came up a couple of heads short. There is not much pace signed up to set up a late charge, but he's on the improve and his Jan 20 flop seems the exception to the rule.

Colonel Liam came flying late to win the Muniz Memorial at the Fair Grounds March 20. That was his third consecutive win (he had won the rich Pegasus World Cup Turf Inv prior to that) and he's the 'now' horse.

Ivar (BRZ) has been off since finishing steadily to complete the Superfecta in the Breeders' Cup Mile Nov 7. He won on this layout in June and has trained steadily for his return. His best race puts him on top.

Domestic Spending (GB) brings a 4-for-5 record into this, with his last win coming in the Hollywood Derby at Del Mar Nov 28. He's tackling older

for the first time and his usual rider is sticking with Colonel Liam, but he's trained steadily and is already 3-for-3 when racing without the benefit of a recent race. Count him 'in', especially since he tops the Charting.

Digital Age (IRE) is out to become the fourth repeat winner of this race in the last 14 years. He rallied gamely to win this race in an upset Sept 5, but failed to fire in the Breeders' Cup Mile and has been off since then. He likes this layout and may be ignored a bit in the wagering.

Smooth Like Strait has been part of the Exacta in seven of his last eight starts and nine of his last 11 races. He edged Count Again (above) for the place in the Kilroe Mile March 6 and he dropped a head-bob to Domestic Spending in the Hollywood Derby. Exacta key horse again? He might be as the pace, or lack thereof, should flatter him.

Cross Border has completed the Exacta or Trifecta in five of his last six starts and deserves a chance to hit the board again.

Ride a Comet was only beaten two lengths in the Kilroe Mile and returned to be second best in the Maker's Mark Mile April 9. That's a popular springboard to success in this race.

RACE APPRAISAL

ANALYSIS: The 2021 Kentucky Derby has seen more defections than a John Le Carre novel. However, the fact remains that the last seven winners (at least first under the wire) of the Kentucky Derby have either set or stalked the pace. They've also exited the Florida, Santa Anita, or Arkansas Derbys. The Arkansas Derby was won by **Super Stock**, but in slow time and it didn't excite anyone. **Known Agenda** rallied from mid-pack to win the Florida Derby, but he's buried on the rail and that is such a tactical disadvantage that he may need a career best just to hit the board. That could leave **Rock Your World** has the one to fear most. Unraced as a 2-yr, he began his career with back-to-back turf wins before proving much the best with a wire-to-wire win in the Santa Anita Derby April 3. He can lay close if need be and is fast enough to get position without costing himself much late energy. **Hot Rod Charlie**, winner of the Louisiana Derby March 20, and **Soup and Sandwich**, the frontrunning runner-up of the Florida Derby, may end up battling early with **World** parked just off of them. **World** gets the HF 15. Of course, Blue Grass winner **Essential Quality** has won all five of his starts, but was all out to wear down **Highly**

Motivated in a race that was not all that fast early. The 2-yr champion will likely try to sit farther back this time and make his run into the stretch. He's the 2/1 morning line favorite and would be no surprise. **Mandaloun** was favored to beat **Charlie** in the Louisiana Derby, but threw in a dud. He may simply have bounced, has trained sharply in the interim and deserves a chance to bounce back. **Sainthood** has looked good training with **Known Agenda** since a hard-luck 2nd in a minor Stakes at Turfway Park. He has enough speed to get early position, is drawn nicely in the five hole (before scratches at least) and is a rather juicy 50/1. Bob Baffert has won this race six times (from just 12 starters). **Medina Spirit** completed the Exacta in the Santa Anita Derby, has never been worse than 2nd and has looked improved in the a.m. Those three and **Sandwich** all have a chance to beat their odds, while **Dynamic One** is improving for Pletcher and may be flying late. Add him to the list of potential exotics horses. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Bourbonic :23.6 – Known Agenda :24.7 – Dynamic One :24.8

HORSE COMMENTS

Known Agenda is much improved since Pletcher added blinkers for a Feb 26 Allowance. He returned to score as the second betting choice in the Florida Derby, has trained steadily since then, and shares the paper race win. However, the last winner from the one-hole came in 1986, as the inside horses tend to be squeezed at the start. **ML 6/1**

Like the King is stuck in the two hole and the last winner from this post was Affirmed in 1978 and 11 horses ran that year. He is a question mark on real dirt, but did rally for the first time when best in a Grade 3 on Tapeta at Turfway March 27. While he won that day, **Sainthood** (below) was best. **ML 50/1**

Brooklyn Strong lacked a rally when making his 2021 return to action in the Wood Memorial April 3. Recency should help, but the Remsen winner seems to be spotting this group a considerable conditioning edge. **ML 50/1**

Keepmeinmind will be tried without the blinkers that he's sported in his last two starts after failing to fire in his first two starts as a 3-yr. The lab techs will be working overtime if this one pops up for Diodoro. **ML 50/1**

Sainthood is a thrice-raced Pletcher runner that had an eventful trip in the Jeff Ruby Steaks at Turfway March 27. Despite encountering all kinds of trouble, he was able to get up for 2nd and get enough points to qualify. He outworked (to this correspondent's eye) **Known Agenda** April 23, has enough tactical speed to get position and draws a historically good post (four winners since 2000). **ML 50/1**

O Besos was 3rd behind **Hot Rod Charlie** in the Louisiana Derby March 20. He finished well at 28/1 that day and is projected at a shorter price today. That's a little odd, but he could land in the Superfecta. **ML 20/1**

Mandaloun was favored to win the Louisiana Derby after winning the Grade 2 Risen Star Feb 13. His first two routes showed marked improvement, but he lacked a rally in the Derby. However, he has been very impressive in the a.m. since then and perhaps he bounced after posting back-to-back career-bests. He has upset potential, especially since he has tracking speed. **ML 15/1**

Medina Spirit has never been worse than 2nd after five starts for Baffert and he seems to be coming into this better than he did the Santa Anita Derby. Getting Baffert, who has won this race six times (an incredible 50% of his Derby starters), at double-digit odds is intriguing. It certainly worked in the Wood Memorial when Pletcher's long-priced runners ran 1-2 and returned a huge Exacta. This one has the right stalking style. **ML 15/1**

Hot Rod Charlie had Rosario up for his last two starts, including his \$7.80 win in the Louisiana Derby March 20. He forced the pace that day and he was close-up in his Maiden win, too. There is not a lot of speed signed up and he figures to be close-up from the bell. His recent work suggests that O'Neill would like to see him sitting 2nd or 3rd early. **ML 8/1**

TWELFTH RACE - CHURCHILL DOWNS

Midnight Bourbon battled with neighbor 'Charlie from the bell in the Louisiana Derby and held on to be a close 3rd. He worked fast April 19 and figures to be one of the first three heading into the clubhouse turn. How long he lasts is anyone's question. **ML 20/1**

Dynamic One was fresh off of a March 7 Maiden win when he was dismissed at 15/1 in the Wood Memorial, but he got first run into the stretch and did everything but win before falling to Pletcher stablemate Bourbonic (below). That marked a big jump from a numbers standpoint, but he appears to be improving per his a.m. form. He has exotics potential. **ML 20/1**

Helium has been off since posting a \$32 win in the Tampa Bay Derby March 6. That was his first start in nearly five months and he's unraced since then. Casse, who inherited a Derby win with a controversial (terrible?) call by the stewards in 2019, is trying to train him up to this. He made a good mid-race move in that last win and may be quick enough to get good position. He has exotics potential. **ML 50/1**

Hidden Stash was slowly gaining on Helium before flattening out near the wire when 2nd March 6, but performed poorly in the Blue Grass April 3. The front-wrapper would be a big surprise. **ML 50/1**

Essential Quality is the 2020 Eclipse winner as the top 2-yr as he began his career with three consecutive wins, including a good win in the Breeders' Cup Juvenile. He earned win #4 with an easy sloppy-track win in the Grade 3 Southwest Feb 27. Brad Cox opted to run him in the Blue Grass a week before the Arkansas Derby and met him back in the winner's circle, but he was all-out to get past Highly Motivated. He arrives with a perfect record and a versatile style, as he's won from mid-pack and when tracking the pace. His recent works have not impressed, but bad works carry less weight than good works. He just doesn't have any good drills. He's understandably the morning line favorite, but also vulnerable. **ML 2/1**

Rock Your World never ran during his 2-yr season, as he debuted in a turf sprint Jan 1 and returned to win the Listed Pasadena Stakes when stretched out to a mile on the grass Feb 27. Sadler says that the Santa Anita was always next on his schedule and he benefited in a big

way when Baffert's Life Is Good was injured. He broke well in the SA Derby and ended up setting the pace when he was able to drop over to the fence. He, too, is undefeated, has trained well at Santa Anita, and shares the paper race win. He offers more value than his neighbor and his Santa Anita Derby produced better Pace Ratings, too. **ML 5/1**

King Fury finished with good interest to win the Grade 3 Lexington April 10 and earned his Maiden win over this main track. He's either won or finished off the board in his six-race career and may be an all-or-nothing proposition. We'd lean toward 'nothing', but he did look good last time. **ML 20/1**

Highly Motivated was shipped to Kentucky for the Blue Grass when his connections had two others in the Wood Memorial. He was racing around two turns for the first time and did everything but win, as he gave Essential Quality a real battle to the wire while finishing well clear of the field. Assuming there are no scratches on his inside, he would be the first winner ever from post 17. However, this will be the second edition of the Derby run without using an auxiliary gate and that might even things out a bit. **ML 10/1**

Super Stock scored a 12/1 win in the low-rated Arkansas Derby. He figures down the list and may have to be used to get position from the outside. That could leave him low on gas when the real running begins. **ML 30/1**

Soup and Sandwich gives Casse (Helium) a second starter. The Florida-bred made his debut Jan 28 and slipped to 2nd after battling with Known Agenda (above) in the Florida Derby. That was his first try around two turns and he may have benefited from it. He still needs to improve, but might hang around for a share. **ML 30/1**

Bourbonic is a former \$50,000 Maiden-Claimer for Pletcher that scored a \$146 win in the Wood Memorial, a race in which he made the last run to tag the tiring speed. He may not get as much help from the leaders this time and these longshot improvers tend to be over played. **ML 30/1**

RACE APPRAISAL

ANALYSIS: Prime Factor looked like he could be a good one when he dominated his Dec 12 sprint debut, but he wound up having no impact on the Gulfstream Park sops Stakes, so he's back sprinting while dropped in with Allowance stock. He seems overrated in the Charting. She same is true for **Wora**. He earned a 137 Final Time Rating when beating Maidens at Gulfstream Park, but earned his usual 122 Final Time Rating when he ran 3rd with this kind April 16. He fits with this group, but is no standout. **One Fast Cat** won from the outside debuting at Turfway, but was buried on the rail when tried with this kind at Keeneland April 3. He did well to rally for 3rd, draws a better post and figures in the hunt. He gets the HF 15a. Baffert sends **Triple Tap** west after he beat almost nothing

debuting at 7F March 13. He may have room to improve, but is a potential underlay, too. Instead, the second HF 15a goes to **Tulane Tryst**, who is well bred and capable of getting decent early position. Watch the scratches, though, as the 2-hole is not good at this trip. That could hurt **Colonel Bowman**, but could impact **Tryst** if that one gets scratched. **Supremacy** may be underrated the most. He looked good winning as a comebacking second-timer March 27 and has enough tactical speed to get position. Count him 'in', too. Finally, Asmussen's **Calibrate** won his 2-yo debut and has trained steadily for his return.
CLOSERS: Fastest in the stretch in recent races at or near this distance have been: One Fast Cat :29.7 - Santa Cruiser :29.8 - Triple Tap :30.5

King's Ovation has not been close in four starts as a winner, but did register his Maiden win at 26/1 here in October.

him east to go after this fat Allowance purse (double a Santa Anita purse). He can improve.

Colonel Bowman went way too fast in career start #2 Jan 30, but returned to win a pace duel and edge clear March 4. He has room to improve for Cox. For whatever reason, the 2-hole has been a deathtrap in dirt sprints.

One Fast Cat won from the outside in press-the-pace fashion debuting at Turfway Feb 4, but drew the rail in a full field of sprinters and found himself shuffled back early April 3 at Keeneland. However, he got off the fence into the stretch and rallied smartly for the show. He was beaten by less than a length, gets a better post and is an obvious contender.

Tulane Tryst is a son of Into Mischief that rallied past neighbor 'Bowman' debuting Jan 30 and returned to daylight Fair Grounds Maidens March 20. His balanced attack should play well again.

Wora tracked a fast pace and held 3rd under these conditions at Keeneland April 16. His March 20 Maiden win was some five lengths faster than any of his other races and we'll take his paper race projection with a grain of salt. Then again, he fits on class and should be well placed throughout.

Prime Factor wins the paper race based on his Dec 12 debut win at Gulfstream Park, but the \$900,000 Pletcher runner was no threat the Holy Bull and Fountain of Youth Stakes, so he's returned to the sprint game and dropped in class. His debut win likely overstates his chances, but better is also likely.

Supremacy scored as a comebacking second-timer at Turfway Park March 27, shows three works since raced and Geroux strings along. He has room to improve.

Calibrate is another that won his debut and disappointed in the Stakes ranks. The Asmussen colt won wire-to-wire debuting at this trip Aug 15, but was very dull in both the Breeders Futurity and the BC Juvenile. He shows two good 5F works over this trip and might show speed again. He may have more room to improve than neighbor 'Factor.

Santa Cruiser has been something of an overloaded sled in four starts as a winner.

Triple Tap pressed the pace before drawing off into the stretch to win his debut going seven furlongs. Of course, he had only three rivals in what was essentially a team work. The runner-up returned to beat Maiden-Claimers, but Baffert has had him in light training since raced and sends

Shadow Matter set a pressured, albeit slow-ish, pace at Keeneland April 3 and lasted to the wire after opening up into the stretch. This race is short on speed and he went faster early in his debut. He can step it up.

A C Expressway got close with NW2 Starter types April 3 at Keeneland, but his three Allowance starts were just OK at best.

METHOD HORSE II

An approach to isolate the contender in each race.

1. Draw a line through all scratched horses in the top section of the Digest race page.
2. Award 10 points to all horses with a COLUMN 4 score that is 10 points higher than the Race level shown in the heading for each race.
3. Note the top 3 high scores in COLUMN 6. Award 8 points for 1st (and ties), 5 points for 2nd (and ties); and 3 points for 3rd (and ties). Be sure to eliminate the scratched horses before awarding points.
4. If there is only one "F" ("Lone F") in PER COLUMN 7, award 5 points.
5. The following Handicapping Factors in COLUMN 8 receive points:
 - HF 2 = 15 pts.
 - HF 15 = 8 pts.
 - HF 15a = 4 pts.
 - HF 20 = 4 pts.
 - HF 21* = 2 pts.
- * - Assign no points for HF 21c, 21d or 21r.
6. Fractional Chart Order of Finish: (First line under each race table).
 - 1st (and ties) = 10 pts.
 - 2nd (and ties) = 6 pts.
 - 3rd (and ties) = 3 pts.
- "Too many unshowns" award no points.

If necessary, refer to the Fractional Time Comparisons page in the front of the Digest for the complete fractional chart order of finish to determine complete point totals.

7. In case of ties, split contenders in this method:
 - A. Prefer the horse with the highest ratings in Col. 6.
 - B. If still tied, prefer the high score in Col. 5.
 - C. If still tied, prefer the contender with the highest number in Col 15.

After tie breakers, the top two horses should be considered solid contenders with the first choice, of course deserving the strongest support. The final betting selection rests with the individual but it is suggested that the novice player stick to the top selection. Although this method will produce a play in every race, advanced handicappers may wish to improvise with additional rules (recency, jockey/trainer, price or weight restrictions, for example). Considerations of this sort will limit action somewhat but should also increase long-term profits.

For fans of the Pick Six Scramble, simply employ the following strategy with the horses listed on the Quick Pick Page. The requirements are two 'singles' somewhere in the Pick Six. Place your 'singles' in their proper spot and then select three horses in each of the other four races. Label the first three horses 'A,B,C,', the second set as 'D,E,F,' the third set as 'G,H,I,' and the fourth as 'J,K,L'. Use the following patterns to build your nine \$2 tickets. In this example our 'singles' are in legs 2 (s1) and 4 (s2) of the Pick Six.

RACE APPRAISAL

ANALYSIS: We end the day with a pair of intriguing, well-connected comebacking second-timers. Bob Baffert put **Happy Hepo** on the plane from Santa Anita where he has been training sharply for his first start since June. He was just 4/1 debuting at Los Al and was done early that day. He has been in and out of training since 2019 and seemed like a 'project horse' when he debuted last June. He brings nine more works into his 2021 return, but he's worked faster this time around and may be ready to go. However, it's worth noting that Baffert hasn't exactly excelled with his non-Stakes runners on the Oaks/Derby weekend and **Hepo** may end up an underlayer. Wesley Ward's **Fu Pegchu** has been off since failing as the

favorite at Belterra Park Sept 19, 2019. He likely could have been safely tried with Maiden-Claimers, but Ward opts for this tough spot. That earns him an HF 20 (longshot) assignment. The HF 15a's land on **Global Appeal** and **Mr Sippi**. The former ran winning races in defeat in his last two starts at Oaklawn park and plots on top, while the latter ran well off the bench March 20 and Irad Ortiz rides him back. Give **Bagboss** and **Mr Annoying** extra points if **Wora** ran well in the 13th Race (see their comments).

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Global Appeal :25.0 – Bagboss :25.1 – K C Rocket :25.3

HORSE COMMENTS

Bagboss finished evenly to be a distant 2nd behind Wora debuting March 20. Wora runs in the 13th race and we've cast a pall on the number he earned that day. That shadow should fall on this one, too, though give this one extra points should Wora fire.

Mr Annoying exits a 'live' Gulfstream Park turf sprint. He chased the pace from the inside and kept to his task despite getting knocked around on the turn. That race has produced three next-out winners (including runner-up Woral), so this one has room to improve.

King's Mischief was a no-threat in his first two starts last summer, but was no threat in his April 3 return. Perhaps he'll improve with racing.

Fu Pegchu is a 5-yo comebacking second-timer for Wesley Ward. He was 6/5 debuting at Belterra Park Sept 19, 2019 and likely could have been entered with Maiden-Claimers and been claimproof. Instead, they shoot for this moon and he's trained steadily. This is a tough group and he may offer some betting value.

Happy Hepo is another well-connected comebacking second-timer, as he was 4/1 debuting at Los Al June 27. He outworked comebacking multiple

Allowance winner Justinian from the gate April 8 and shows two more solid 5f works since then. The \$300,000 2-yo buy seems well meant, but won't offer any value.

Curlin Lane is a \$500,000 yearling and her dam's ninth starter. All but one of his siblings to race is a winner and most managed to earn at least \$100K. The works are nothing special and he may want more furlongs. Prep?

Mr Sippi was second best in both career dirt sprints, most recently when coming off the bench at Keeneland April 3. He gets another good post and Ortiz rides him back. He can improve with recency.

K C Rocket raced evenly to be 3rd in his first two starts, fits on class and may improve with racing.

Global Appeal ran well in defeat in two comeback starts at Oaklawn Park, wins the paper race, and has worked once since raced. Count him 'in'.

Gun Lap chased K C Rocket (above) home when splitting the field April 3. That makes him a class fit, but several others seem to be ahead of him.

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and. FBH indicates a Foreign-bred horses. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old is the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one is the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, FW=front wraps, 4W= four wraps,
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horses last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times 55
- run by horses at today's particular class level.
29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances.
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3rd the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done sprinting or routing over today's surface. We also list the overall record on the surface whether it is sprints or routes.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board"). The "↑" indicates the horse was the post time favorite.
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track pars and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, pars and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).

RACE APPRAISAL

- 29 ANALYSIS:** All six of these plot within less than three lengths at the wire, and they appear about that hard to separate. Looking for a price, we have some interest in **Warrens Stormalert** as a potential improver. He was ambitiously placed in the Snow Chief Stakes April 25, his first as a winner and first route, and, though he faded toward the rear, the effort figures OK with these. Low-profile connections should prompt some decent odds, so he's the HF 20 (longshot).
- 30 CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Green Card James :31.0 - Benezit :31.3 - Troubletimesthree :31.

HORSE COMMENTS

- 31** **Troubletimesthree** has usually run pretty well in five starts at this level, but was favored in three of them and finished farther back than usual April 15. He charts in the hunt, but he seems to have a bit to prove.
NOTES: Outrun April 15. Mild rally March 18. Mild wide rally Feb 19. Lacked racing room entering the stretch Jan 25.
- Warrens Stormalert** is bred to route, but the April 25 jump up to the Snow Chief Stakes for his first try with winners and initial route was pretty ambitious. He tracked a Lone 'F' leader and faded badly. Still, the effort gives him a shot on paper, so he can't be denied a chance on the drop.
NOTES: Wide around the first turn, chased and tired April 25.
