Today's Racing Digest FAQ

What is Today's Racing Digest? For over 47 years Today's Racing Digest has specialized in California racing, producing handicapping information in both a Southern and Northern California issue in print and on-line at www.todaysracingdigest.com. Today's Racing Digest has, and always will be, dedicated to the survival of the horseplayer.

What makes Today's Racing Digest different from other racing publications? The Digest offers many features that cannot be found in other horseracing publications. Features such as track bias, Pace Ratings, which measure early speed, and a "paper race" called the Fractional Charting which compares each horse in today's race based on a representative past performance. A page dedicated entirely to workout analysis has always been a popular feature, along with "Hot & Cold" trainer reports, a Claim Box report for owners and trainers, and our Better-Than-Looked List, which highlights horses exiting troubled or exceptional performances.

What are Data Lines? A horse's Data Lines can be found under the name of each horse on the race page. Often called "running lines" and "past performances", the Digest's Data Lines are unique in that the times for each race are adjusted to today's distance, taking into account track pars and the track variant (the speed of the track). This allows for an accurate and easier comparison when horses are coming together after racing at different distances and/or surfaces. Also listed in the Data Lines are the conditions of the horse's previous races, jockeys, track, track condition, finish position, track bias and morning line (ML) and actual odds (A).

Does the Digest offer performance ratings or speed figures? Today's Racing Digest prides itself in offering numerous performance figures for the handicapper. Pace and Final Time Ratings can be found at the end of each Data Line and are the most popular. The Pace Rating measures early speed, while the Final Time Rating assigns a figure for the final time. The Digest also offers the CPR (Comprehensive Performance Rating) and FIRE Number, ratings which take into account each time recorded in the race and put it all together in one number.

Where can I find a copy of Today's Racing Digest? Today's Racing Digest can be purchased at every major track in California, as well as major satellite facilities. The Digest is also sold at selected retail outlets throughout the state, and is usually available 24 hours before first post. For a location nearest you or for the number of your local distributor, please call (858) 453-0424 or email distribution@todaysracingdigest.com. The Digest, along with a stable full of simulcast handicapping information, can also be purchased on-line at www.todaysracingdigest.com. On our web-site you can purchase all issues of Today's Racing Digest for tracks across the country at a discount in price and selections from our stable of handicappers. There are also numerous "free" areas, such as the Daily Money Plays, Feature Races, and Week In Review, which provides commentary on all the previous week's races. Give it a look. We think you'll like what you see.

CHURCHILL DOWNS FRACTIONAL TIME COMPARISONS

Today's Racing Digest

Shown below is the order of finish that would be likely if each horse repeated a representative race. There are many reasons why this may not happen. Foremost of these is that, like humans, horses have good and bad days. Also, today's race may differ from the representative race due to changes in the post position, weight carried, class, track, surface, pace characteristics etc. Nevertheless, plotting and studying times from previous performances is a basic part of handicapping. If the representative race was not on a normal track, the times shown have been adjusted by the track variant applicable. The underlined fractions indicate the leader(s) at that particular point in the race. Except for the LF = Last Fraction, which indicates the fastest closer(s). X = No recent or available time at or about the distance. The date of the selected, representative race is shown followed by a number indicating how many races back it was.

WORKOUT ANALYSIS FOR HORSES RACING SATURDAY AT CHURCHILL

NAME/ COMMENT	WORK DATE	TRK COND	DIST	WORK	NAME/ COMMENT	WORK DATE	TRK COND	DIST	WORK
2nd RACE						03/31	SA/FT	6F	112.6h
My Boy Jack <i>Looked best out of the gate with stablemate, Passing & V. Garcia trained, MELBO. The trio broke on even terms & matched strides through a 1/2 mile split of 48.2 with MELBO finishing after five eighths in 101.3. Jack beat his stablemate by three widening lengths at the wire to conclude six furlongs.</i>	04/27	SA/FT	6F	114.6hG	Spotted EXPLORER a length leaving the five & was content to track early & dropped at least two lengths back down the backside. Picked up the pace in upper stretch to finish all square at the wire & out an extra furlong.				
American Anthem <i>Looked best out of the gate with stablemate, SPEED PASS, after breaking alertly and going stride for stride for three eighths of a mile & pulling clear approaching the 1/4 pole to win out by at least three lengths.</i>	04/26	SA/FT	5F	101.6hG	Plus Que Parfait <i>working with a partner, the duo went a shade under 24 for the opening quarter before 'Parfait took advantage and finished under his own power in just under 102 and out in 115 and change. Nothing really eye-catching.</i>				
6th RACE						04/27	CD/FT	5F	59.0b
Marley's Freedom <i>Proved much the best over stablemate, NERO, in five panel session. Departed the five almost on even terms & trailed by a length going into the turn. Drew even just past the three eighths pole & took the lead entering the stretch while very wide on the outside & pulled away in the latter stages while her company was under a hold letting her go on to win out by three lengths & gallop out a strong six furlongs in 112.4</i>	04/21	SA/FT	5F	59.6h	Omaha Beach <i>had his work moved back a day because of weather and caught perfect conditions. He broke off four lengths behind a target and was quickly closing ground thru the first quarter in 23.4. He caught up after three furlongs and drew off to hit the wire more than 5 lengths clear in a shade under 59 without being asked. He went out in 112.3 and looked very good.</i>				
<i>Spotted stablemate JUST A SMIDGE a length advantage departing the 5 & was content to track early. Made a nice move in the stretch to make up the deficit & was a length clear at the wire.</i>	03/23	SA/FT	5F	59.8h	04/06 SA/FT 5F 100.6h <i>This drill really suggested this guy is on the improve. Spotted stablemate, KY COLONEL, a length advantage leaving the five. dropped as much as 7 lengths back chasing splits of 12.2, 24.1 & 36.1. Closed the gap about mid turn & finished up strong to prove much the best winning out by four lengths & galloping out strong in 113.1.</i>				
Emboldened <i>With DABSTER & traveled stride for stride, but still appeared second best as the duo covered the final 1/4 in a very average 26.0 flat.</i>	03/29	SA/FT	5F	101.4h	Maximum Security <i>was officially timed a half mile in a slow 53.4 at his home base, but he continues to work a mile prior to his 'official drill' and came home quickly when finally asked the final 1/8th. His works have been purely for fitness.</i>				
7th RACE						04/21	PMM/FT	3F	42.0b
Raven's Lady (GB) <i>Looked good in solo five eighth's drill while coasting through splits of 12.2, 24.3 & 37.1. Traveled well through the stretch, the final 1/4 in 24.1.</i>	04/24	SA/FT	5F	101.4h	<i>is being kept at home at Palm Meadows in Florida to train and had perfect conditions. He was officially timed in 42 for three furlongs, but reportedly broke off at the half mile pole and turned in a decent mile drill in 157.0 and out another furlong in 210.0.</i>				
<i>First try in this country & has looked good in the morning. She left the five as a solo & opened with a 23.4 split. Maintained a good pace for the remainder of the drill finishing off the final three eighth's of a mile in 36.2</i>	03/21	SA/FT	5F	101.8h	Long Range Toddy <i>worked a half mile in 47.4 with splits of 24 and 23.4 and went out in 101 and change. He looked good in maintenance drill over a track playing fast.</i>				
11th RACE						04/22	CD/FT	5F	102.6b
Prime Attraction <i>Typical mid range maintenance mode maneuver for veteran connections that rarely ask for much speed in the morning hours. Finished up better than the drill began to negotiate the final 1/4 in 24.3.</i>	04/24	SA/FT	5F	102.2h	<i>turned in an easy five-furlong drill. Splits of 25.1, 36.4 and 102.4 before finishing out in 116.2. Just a typical maintenance work.</i>				
12nd RACE						04/28	CD/FT	5F	100.6b
Win Win Win <i>worked with barnmate and had to deal with 5-furlong workers Tacitus and Country House coming up on their inside when they broke off at the 1/2 mile mark. Win Win Win was eased back while wide on the turn, but responded when asked in the stretch and passed the two Mott horses near the wire before galloping out with those two in 100.2 and 113.2. The competitive juices got flowing in an impromptu mini-race.</i>	04/28	CD/FT	4F	47.6b	Improbable <i>worked without blinkers and broke off a couple of lengths behind a barnmate. He went a shade over 24 for the opening quarter and was swung wide on the turn and finished a length clear in 100.3. He looked strong galloping out in just under 113 and 126. Strong drill.</i>				
War of Will <i>broke off three lengths behind a partner at the half-mile pole and went the first quarter in 23.4 before being taken very wide on the turn and won by about four lengths getting the final quarter in 23.3. He continued out full of run in 59.4 and 113.4. He looked very good.</i>	04/27	CD/FT	4F	47.6b	04/22 CD/FT 4F 48.0b <i>did not wear his usual blinkers for this drill. He broke off quickly going 23.1 and 48.1 before galloping out in 101.4 and gearing down six furlongs in just under 117. By all accounts, this was just a leg stretcher.</i>				
Tax <i>broke off four lengths behind a barnmate and went a quick first quarter in 23.3. He caught his stablemate at the top of the stretch and hit the wire over two lengths to the good in 47.4 before galloping out 101.1 and just over 114. Solid work.</i>	04/25	BEL/FT	4F	47.8b	Game Winner <i>Began the drill a length in front of SHOW ME DA LUTE leaving the five eighth's pole. Recorded splits of 12.2, 24.2 & 36.2. Finished up on even terms at the wire as he continued to roll past the seven eighth's pole to the six furlong marker to post seven eighth's time.</i>				
Tacitus <i>worked as a team with Country House going three furlongs in a shade over 35 and finishing 5 furlongs in just over a minute. Country House had his head in front at the wire, but might have been asked just a bit more. Both galloped out well in 113 and 125.4.</i>	04/28	CD/FT	5F	100.0b	03/26 SA/FT 4F 48.8h <i>Found company in the form of THERE AND BACK. Left the five with a length advantage & led most of the way to the wire as the pair went out an extra furlong while this guy appeared best in the final furlong.</i>				
<i>galloped once around the track before beginning his drill. He reportedly isn't a good work horse which might be why he worked in company. Working on the inside, the duo went 25.4 and 50.1 with Tacitus holding a slight edge to the wire. He did gallop out well in just under 103 and 116.1.</i>	04/22	CD/FT	4F	50.0b	Cutting Humor <i>worked solo at Palm Beach Downs going a half mile in 48 flat and galloping out in 101 and 114.1. Reportedly, had plenty left finishing out.</i>				
Spinoff <i>worked inside of his regular work partner going five furlongs 100.3 and galloped out 113.4 and 141 and change for the mile. Reportedly, this wasn't a great drill and his barnmate might have been best today.</i>	04/26	PBD/FT	5F	100.8b	Country House <i>worked as a team with Tacitus going the first three furlongs in just over 35 and 5 furlongs in a minute. He had his head in front at the wire, but might have been asked just a bit more. Both galloped out well in 113 and 125.4.</i>				
Roadster <i>Left on even terms with ONCE ON WHISKEY. Held a 1/2 length advantage going into turn & on even terms entering the stretch. Pulled clear near the wire to win by two lengths & was clear by six as he reached the seven eighth's. Early splits of 25.0 & 49.2. Final 1/4 in a strong 24.1.</i>	04/26	SA/FT	6F	113.8h	Code of Honor <i>was ready to go right from the start going four furlongs in 23.1 and 46.4 doing it all on his own. He continued out strongly in 59.3 and 113.4.</i>				
					By My Standards <i>worked a half in 24.1 and 48.2, but then looked very good galloping out in 100.4 and 113. He wanted to do more as the jock tried to ease him up in 127. It was an eye-catching move, especially the gallop out.</i>				
					04/22 CD/FT 6F 112.8b <i>broke off at the 5/8ths pole full of run and had to be held thru early splits of 24.3 and 36.1 before hitting the wire in a shade over a minute. He finished out in a solid 112.4 and galloped out seven furlongs just under 126. He looked strong with good energy.</i>				

VIDEO NOTEBOOKS FOR HORSES RACING TODAY

10th RACE

Instagrاند was hustled right to the front, set a pressured pace and held on OK through the stretch in a race that he may have needed. He can move forward.

12nd RACE

Plus Que Parfait didn't do any running in the Risen Star at the Fair Grounds, but was shipped to Dubai for the UAE Derby. That was certainly a 'what is he doing here?' kind of move and he rewarded his connections with a rich victory. He saved ground until the stretch when he was able to shift out to search for racing room. He split horses with a quick move with 100 meters to go and got up to win a three-horse photo. This does not seem like the type of race that will translate to Kentucky, though.

Vekoma won the Blue Grass as Omaha Beach would win the Arkansas Derby the following week, but didn't look nearly as good. He pressed the pace from the outside and made the lead into the stretch, but immediately began to lug-in badly and he's a bit of a paddler, too. Castellano was able to get him straightened out to a degree late, but it's hard to imagine him lasting for 10 furlongs on what is often a hot Derby pace.

By My Standards was coming off of an impressive and much-improved Maiden win and was given a chance in the Louisiana Derby. He saved ground early while able lay mid-pack. He came out for racing room as the field bunched into the stretch, split horses and won a stretch duel from the inside. It was a solid win, but one has to wonder how this translate to the first Saturday in May. Oh, that's our job? The 1-2 finishers from the Risen Star both ran poorly and this field may seem suspect going forward.

Tacitus was roughed up early in the Wood Memorial as his heels appeared to be clipped in the first 100 yards and then he was in tight and forced out into the first turn. He settled nicely in 4th after that though, benefited from a hot pace with dueling leaders. He tracked Tax from the 4th and picked it up nicely when Tax was asked to go after the dueling leaders. He made up 2 or 3 lengths to engage Tax into the stretch and wore that one down. Solid win, especially given the early issues.

Tax broke well from the inside, was able to get a perfect trip tracking the dueling leaders before making his run on the far turn. He made it to the front as the field hit the stretch, but was unable to keep Tacitus at bay and was clearly second best.

Omaha Beach was very patient in the gate as it seemed to take forever to load the horses. He broke sharply and Mike Smith was able to angle him to the good outside into the first turn. He quickly moved up to challenge the pacesetter around the first turn once he found himself in the clear and took over into the far turn. He gamely held off a troubled Improbable the length of the stretch as that one was never going to get by Omaha Beach, but he did have excuses.

Improbable drew the rail and was the first in the gate in the 11-horse field. It took another 2 minutes for them to load the other 10 runners and Improbable was anxious after 15 seconds, really acted up after 50 seconds and then backed himself out of the gate just as the Starter was set to spring the latch. They took another minute to get him loaded, but he managed to break OK. He was not real quick into stride, but he was able to get to the good outside on the first run and moved to challenge Omaha Beach entering the far turn. Those took over and proceeded to fight it out the wire. Improbable was never going to get past the winner, but had excuses and may have needed the race, too. Both seemed to handle the sloppy going reasonably well, too.

Game Winner came up short in the SA Derby after tracking the leaders from the outside. He moved up to engage the pacesetter Instagrاند as the field headed into the far turn and made it to the front as the field hit the lane. However, the whip was out and he was pretty much was giving all he had. This may be the best that he can do.

Maximum Security is a perfect 4-for-4 and looked very good winning the Florida Derby in his first try around two turns. He went right to the front and was allowed to dictate a very slow early pace. His third quarter was quicker than the first two and he was able to draw off on the far turn and his four quarter was quicker still. That suggests that he may be able to stretch his speed 10 furlongs, a remarkable feat for a horse that began his career with \$16,000 Maiden-Claimers. Jason Servis dominated the trainer standings (by win percentage) at Gulfstream Park this winter and this was easily his best horse. He'll no doubt be tested early, but he may be up to the task.

Roadster the SA Derby and looked very, very good doing it. He was able to save ground while sitting 5th of six early. He was one length behind stalemated Game Winner after a half-mile, but was allowed to sit, sit, it as he was six back of 'Winner after six furlongs. He quickly changed gears on the turn to rally wide and easily made up the ground. It was a very impressive win and one that suggested that 10 furlongs would be no problem.

War of Will had won the first two big soph Stakes this winter, but lacked the needed rally after making a little move between horses around the far turn. He was blocked into the stretch, took a lot of dirt and just didn't fire for Casse.

RACE APPRAISAL

ANALYSIS: Curate has won three of five starts, including a win vs. mid-level Allowance foes at Oaklawn in his first start of the year Feb 28. He then just missed with this kind in the mud at Keeneland April 12. He's facing some 'salty' old-timers, but tops the charting and will take down HF 15a honors to kick off the 'Derby' card. The one minor concern is that his only so-so effort to date came in his only race here at Churchill Nov 10. Mr. Crow was also entered May 3 (10th). He was a Stakes type last year and finished 2nd in a Grade I at Belmont when last seen Sept 29. It's a concern that he shows just three works since March 27, the last on turf, but his barn has a decent record with comebackers. He at least merits

tote and post parade checks. **Control Stake** finished 2nd in ungraded Stakes Jan 19 and Feb 9 at Fair Grounds and Oaklawn, respectively. He was a no threat 4th in his last Stake at Oaklawn March 9, but the 7-year-old in for the tag could do some rebounding and be a threat at this level. **Kowboy Karma** has been no threat in his last two Stakes starts and has been freshened since Jan 19. He did beat mid-level Allowance foes here three back and charts well off that effort. He's worked four times since March 14 and is our mid-priced HF 20. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Kowboy Karma :23.1 - Curate :23.9 - Control Stake :24.0

For fans of the Pick Six Scramble, simply employ the following strategy with the horses listed on the Quick Pick Page. The requirements are two 'singles' somewhere in the Pick Six. Place your 'singles' in their proper spot and then select three horses in each of the other four races. Label the first three horses 'A,B,C,', the second set as 'D,E,F' the third set as 'G,H,I' and the fourth as 'J,K,L'. Use the following patterns to build your nine \$2 tickets. In this example our 'singles' are in legs 2 (s1) and 4 (s2) of the Pick Six.

RACE APPRAISAL

ANALYSIS: American Anthem hasn't raced since July, but the conditions of this race are perfect for trying a sprinter in a one-turn mile. He's a multiple Graded Stakes winning sprinter, including a seven-furlong Grade II at Santa Anita June 23. He's worked seven times since March 17 and, oh by the way, he just missed in a Grade III at a mile in the slop in 2017. We're going to make him a solid HF 15 in this spot despite the layoff.

King Zachary hasn't raced since September when in the Dale Romans barn. He's worked 11 times since Feb 15 for Motion and is 2-for-2 routing at Churchill, including an Allowance in the slop last Derby day and a Grade

III on 'fast' June 16. He could be a threat off the bench. **My Boy Jack** hasn't raced since a poor effort in the Grade I on turf at Belmont July 7. He finished 5th in last year's Ky Derby on a sloppy track and won a Grade III on dirt at Keeneland three back. He's worked eight times since March 5 and is another that has to be respected despite the layoff. Overall, this isn't a race we'd get too involved in, and might just key **American Anthem** in the early serials and leave at that.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: By Boy Jack :24.5 - King Zachary :25.1 - War Giant :26.7

RACE APPRAISAL

ANALYSIS: There's no reason to card an older Maiden sprint on the Kentucky Derby card. We're under the opinion they run too many races as it is on big days, and really the horses (and their owners) should 'earn' a spot on a big day. Back to this race. **Saddle Bar** is a rookie that has worked 16 times since Dec 28 with a sharp gate drill at Keeneland April 10. It's possible he was entered here so the owners would get guaranteed seating for the big day. Otherwise, maybe he can really run and they want to 'cash in' on the large betting pools. In a race we'd otherwise probably pass on, we'll make him a gambling HF 20. **Surooj** finished a good 2nd debuting with similar at Oaklawn April 20. He charts well off that debut and could be a threat if he can build on it. **Young Phillip** and **He's Stylish** are coupled in the wagering and both could be threats. **Young**

Phillip finished 3rd debuting with this kind in the slop at Santa Anita Feb 2 and picks up one of the barn's main riders. **He's Stylish** has been off since August, but finished in the money in three of four starts with this kind and tops the charting off his June 9 effort. He'll add blinkers and has worked seven times since March 1. **Palmer's Way** ran 2nd in his debut with this kind, but that was way back in 2017. He moves from Miller to Lynch and has been gelded for his belated second start. He's worked 12 times since Jan 5, but is a big unknown coming off such a long layoff. Watch the betting for more clues.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Awesome Tracker :23.9 - He's Stylish :24.8 - Surooj :24.9

RACE APPRAISAL

ANALYSIS: High Crime daylighted straight Maidens at Gulfstream Park Jan 12. He ran Ok when 4th in a Grade III Feb 2 and then just missed with this kind in a route April 5 at Keeneland. He tops the charting off his sprint win three back and is the best morning line price of the three horses we think are the top contenders. He's the value HF 15a. **Hidden Scroll** may have gotten discouraged being held early in a race that was slow early and he also might not have wanted the nine furlongs when finishing midpack in a Grade I March 30 at Gulfstream. He set the pace and finished 4th in a Grade II route there March 2, and he beat straight Maidens in a one-turn mile by 14 lengths in the slop Jan 26. It's possible he just loves an off track (which he could easily get today), but it also might be that he's better around one turn. **Fortin Hill** was a \$575,000 2-year-old purchase that looked the part daylighting straight Maidens at Belmont in his only start

Oct 12. He earned a big rating that day, especially considering it was a 2-year-old race, and he's likely matured in the time off. He's worked 10 times since Feb 25 and could be very dangerous if he's a bigger and stronger 3-year-old as one might expect. **Borracho** has finished in the money in three of his last four with this kind on three different tracks. He doesn't have the potential of the above three, but could make his presence felt at a price. We'll make him the HF 20, but probably more to spice up the exotics underneath. **Youvesaidtall** finished 2nd with this kind in the slop in his second start April 13 at Oaklawn. He also could impact the exotics.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Borracho :36.5 - High Crime :36.6 - Fortin Hill :36.7 - Milfontown :36.8

*** DIGEST POINTERS ***

Common Handicapping Factors (HF's) used in Today's Racing Digest

While picking winners is everybody's #1 goal, not everyone likes to spend the entire day pouring over a bunch of stats and figures that are about as easy to understand as a calculus exam. So, how exactly can you get a decent grasp of who the main contenders are in each race, and still have time to down a few refreshments and catch some rays? We here at Today's Racing Digest just may have the answer, as we identify both the contenders and the pretenders with what we refer to as Handicapping Factors. Listed below are the most common

HF's that you will find in the Digest, and if you have trouble finding where these figures are listed, just look up at the top of each racing page and you'll locate them in Column 8, which appropriately enough is entitled 'Handicapping Factors'. Good luck, and if you win, just consider it dinner on us.

HF 2: This is a horse that we feel is about as close as you can get to a 'sure thing'. The price likely won't be great, but if you just want a winner, this is the number to look for.

HF 15: This number goes to horses that look like a winner, and are extremely likely to hit the board (i.e. run first, second or third). More often than not, horses with a 15 designation will earn you enough money for a hot dog, but if you happen to see a 15 attached to a horse that is 3/1 or better on the tote board, then he's a pretty good 'value' bet as well.

HF 15a: The most common of the Digest 'push' factors, this number basically means that the handicapper likes this horse, but not as much as an HF 2 or HF 15. Basically, the horse has a good chance to win, but please don't bet your rent money on the win end.

HF 20: The longshot play. This popular number designates a runner we feel may be ready for a winning effort at odds that are likely to be 6-1 or higher. It's not as high a percentage of a play as the other HF factors, but the reward more than justifies the risk when they win.

HF 19: We use this number to point out horses who should show improvement in today's race.

HF 21: Certain horses entered in a race may have run well under similar conditions. When you see a 21, that means the horse seems to fit well in that race.

SIRE TURF, SYNTHETIC and MUD STATS for every horse

For years we have included the win percentages of each sire's first time starters. These stats have helped isolate early winners. The Digest also includes the win percentages for each sire's turf and mud starters. The stats appear after the sire's name in the Breeding line of each horse's comment. In the example below, Deputy Minister's offspring have won 20% of their turf starts, 11% of their synthetic track starts and 17% of their mud starts. For this study, mud is considered any dirt race where the track condition

was not 'Fast'. The turf win percentage is followed by the letter code 'T' and the mud win percentage is followed by the letter code 'M'. If a horse shows just a single stat, or no statistic, it means that the sire had no corresponding statistic in our turf and/or mud sire studies. In this example (below), Lahib had no Mud Starters and his Turf Starters were winless. Our Turf and Mud studies cover over 10 years of racing, beginning Aug 1, 1989.

RACE APPRAISAL

ANALYSIS: **Gold Standard** was a \$1.2 million 2-year-old purchase that rallied to just miss with this kind at Fair Grounds March 23. She draws a poor post, but tops the charting and might fall back early and then be the one to fear late if this race stays on the turf. She's our HF 15a. **Brie's Lucky Charm** and **Zurlin** finished 2-3 with this kind at Fair Grounds March 7. **Charm** has finished 2nd in three of her first four and could be a good exotics key that would be no surprise. **Zurlin** certainly perked up in her second start when moved to the grass and could offer value on the tote, HF 20 style. **Silver Kitten** has finished in the money in two of her last three on the turf with this kind, most recently just missing at Gulfstream March 30. She charts well and merits contender status. **She's Got**

Moves added blinkers and finished 3rd with this kind April 6 at Keeneland. That was her second start and first route, so she could be moving the right direction. **Live Young** ran 2nd with this kind in a race moved to the mud at Gulfstream Park March 28. She may deserve a long look if this race ends up on the main track. She's also coupled in the wagering with **Sugar Love**, who is entered for main track only. **Temperit** is entered main track only and has run 2nd in two straight on the dirt with similar. She also could be a factor if she gets a chance to run.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Choate Bridge :29.6 - Hungry Kitten :30.4 - Silver Kitten :30.6 - Live Young :30.9

TRAINER STATISTIC ABBREVIATIONS

To save space and quicken production, we use abbreviations to denote the various trainer statistics covered on a regular basis in the Digest. The stats listed below are all based on a 3-year time frame. We update the stats nightly.

MCL 1st	Maiden-Claiming (MDC) first-timers.	90+	Horses away 90+ days (comebackers).
MSW 1st	Straight Maiden (MDN) first-timers.	2nd 90+	Horses making 2nd start after 90+ layoff.
MDN 2nd	MSW/MDC making their 2nd start	3rd 90+	Horses making 3rd start after 90+ layoff.
1st CLM	Horses making their first start off a claim	30+	Horses who have been off 30 to 59 days
2nd CLM	Horses making their second start off a claim.	60+	Horses who have been off 60 to 89 days
S/R	Sprint-to-Route moves	B Off	Blinkers off
R/S	Route-to-Sprint moves.	B On	Blinkers on
D/T	Dirt-to-Turf moves	Last 15	Trainers' record with last 15 starters
T/D	Turf-to-Dirt moves	Foreign	Foreign-raced horses making U.S. bow.
Lasix on	Horse getting Lasix for the first time		

The following stats are based on a 1-year timeframe

Down	Horses moving down in class (10d in Column 8)
Up	Horses moving up in class (10c in Column 8)
Dirt Spr, Turf Spr, Synth Rte	Trainer's Record in Dirt Sprints, Turf Sprints, Synthetic Routes etc.

UNDERSTANDING THE HF 2, 15, 15a and 20

The Handicapping Factors (HF's) 2, 15, 15a and 20 are used by our writers for selection purposes and each HF should be viewed a bit differently. The HF 2 is our strongest endorsement. A Digest writer will assign the HF 2 when he feels a horse is an absolute standout in a race. Usually the favorite, this horse will most often be below 2-to-1. HF 2's can be used as strong singles in the Pick-3 and Pick-6 or as 'keys' in the Exacta and Trifecta. (NOTE: A horse receiving an HF 2 will also automatically get an HF 15). A horse receiving an HF 15 is also considered a strong play and can be used in all exotics wagering. The HF 15a is a bit more complicated as this designation is the writer indicating he likes the horse's chances, but the race is competitive. In a wide-open race when the HF 15a is below 3-to-1, refer to the race analysis for the other contenders or the main threats on our Quick Picks Page. Often times one or two of these contenders will offer more value at the windows and thus represent a better play. Finally, the HF 20 is our longshot. HF 20's go to horses who might not be the most-likely winner, but have a chance and likely will be overlooked by the betting public. Including the HF 20 in the exotics can often lead to a 'Big Payoff'.

BEATEN LENGTHS

The beaten lengths shown in the data lines have been converted to decimal form. To help make them more understandable, here are our equivalents:

Nose = .05	½ length = .50
Head = .10	¾ length = .75
Neck = .25	

FIRE NUMBER – FIRE stands for Final Race Equation and it's a true velocity rating that accounts for a horse's speed during the 'entire' race, not just his final time. We developed the FIRE number with every tool available to us. The projected FIRE number for each horse can be found in the top section of each race under the column headed FIRE NUM. This is the figure to which the horse is projected to run TODAY! Additionally, we print up to 10 FIRE numbers for each horse in the Data Lines (beginning with the horse's most recent race - look for **LAST 10 FIRE**). First-time starters and foreign horses will be marked with an 'X'; lightly-raced horses who seem better than the FIRE number would suggest will get a '?', read this last symbol as 'capable of improvement'.

RACE APPRAISAL

ANALYSIS: Mitole has now won five straight when he beat Grade 3 foes at Oaklawn April 13. He plots well, he can handle the slop and Santana Jr. is back to ride. Mitole is the HF 15a. Promises Fulfilled finished 4th in Dubai in a Grade 1 March 30. He was a Grade 1 winner last year, he owns a sprint win over this track and Saez strings along. Limousine Liberal is back to defend his title and he is reunited with J. Ortiz after his comeback when 3rd in a Grade 3 at Keeneland April 6. That was likely a prep, he loves the mud and he could be one to fear late. Whitmore last for the first time in eight Oaklawn sprints when 2nd to our top choice April

13. He was 2nd over this track in the Breeders' Cup Sprint Nov 3, Castellano takes over and maybe he can turn the tables. Do Share tops the charting off his big win in a Grade 3 March 9. The pace was hot that day, but it could be hot in this affair as well and Ortiz Jr. is in the iron. Bobby's Wicked One pulled off the hat trick in that April 6 affair at Keeneland. He figures to add the pace and Mena is back to ride. CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Limousine Liberal :35.4 - Bobby's Wicked One :35.6 - Warrior's Club :35.8

HF EXPLANATION		
(Column 8 on each race page contains the following numbers that refer to these factors.)		
1	FIRST TIME STARTER - Horses with some racing experience, even when limited, often perform better than first-time starters even though the latter may have greater potential.	15a IN-THE-MONEY - This horse appears to have most of the elements suitable for an in-the-money performance.
2	LIVE HORSE - It appears this horse is ready for a top performance.	16 LONG LAYOFF or RECENCY - Horse is coming off a layup of more than 90 days and the lack of racing is a potential negative.
3	DISTANCE CAPABILITY - This distance may present a problem for this horse.	17 LEG WRAPS - A horse racing with leg wraps may have some physical trouble or suspected weakness, and this horse has been wearing them.
4	EQUIPMENT CHANGE - Any equipment change may affect a horse's performance, and this horse is scheduled for a change today.	18 AGE - The age of this horse is not consistent with that of his competition. A young horse against mature horse or a particularly old horse against younger horses may be at a disadvantage.
5	TROUBLE PRONE - Certain horses encounter trouble frequently, often being self-caused, such as not running straight, starting slowly etc. This one seems to be that type.	19 IMPROVING - This horse seems to be improving or should improve in this field.
7	INSIDE POST POSITION - This inside post position may cause a problem for this horse at this distance.	20 LONGSHOT - Some indicators that are present when horses surprise with a good performance at high odds are noted.
8	OUTSIDE POST POSITION - This outside post position may cause a problem for this horse at this distance.	21 FITS RACE - This horse seems to fit this race.
9	PACE - The probable pace or speed in the early part of this race may not be suitable to the racing characteristic of this horse.	21c FITS RACE - This horse seems to fit this race except for class.
10c	HIGHER CLASS - This horse is being tried at a higher level.	21d FITS RACE - This horse seems to fit this race except for the distance.
10d	LOWER CLASS - This horse is being tried at a lower level.	21r FITS RACE - This horse seems to fit this race except for a lack of recency.
11	FEMALE vs. MALE - Since it usually takes a better-than-average female to beat an average male, there could be a problem here.	22 CONDITIONS HORSE - The conditions for eligibility are ideal for this horse.
12	FOREIGN RACES - Previous races for this horse were out of this country. It is difficult to appraise them.	23 WORK READY - Previous patterns and/or special circumstances make recent works very important here.
13	RELEASED FROM CLAIMING JAIL - This horse could be dangerous. He is out of Jail and back to a lower level. (See Glossary under 'Jail').	24 SURFACE - The type surface for this race may not suit the horse.
15	IN-THE-MONEY - This horse appears to have all the elements suitable for an in-the-money performance.	25 BETTING - If the betting on this horse is heavier than expected contention is likely.
		86 VETO - There is no justification for a win to be expected

RATING PERFORMANCE

A horse's performance can be rated in any number of methods, from final time to pace. The Digest offers four performance ratings: The FIRE number, our newest rating, the Pace and Final Time Ratings, found in each horse's Data Lines; and the CPR, our original performance figure. For all of these ratings, the higher the rating, the faster the horse is. Here's a quick rundown on what each rating figure means:

FIRE: The FIRE number is a figure based on a horse's speed through the whole race. This number is based on a 100 par, where our other figures are based off a 150 par.

CPR: The CPR is based on a horse's final time rating, as well as his relative early position in the race. The CPR, with its pace Component built in, tends to favor horses with a good mix of speed and stamina. If, a frontrunner and pace-presser were to deadheat for the win, the pace-presser would likely earn the better figure. And, since pace-pressers tend to win more than their fair share locally, this bias works well in California.

PACE RATING: The pace rating measures early speed by comparing each horse's early fractions against our track pars. This is a good separator when judging the likely pace of a race.

FINAL TIME RATING: This measures a horse's final time against our track pars, with the daily track variant factored in. A horse equaling the track par for the distance would earn a 150 Final Time Rating. Three points are deducted for each length slower than par.

RACE APPRAISAL

ANALYSIS: Last Judgment appears to be improving with racing and he passed his route debut vs. NW1 Optional Claimers at Oaklawn March 16. He plots for a share, Johnny V. strings along and he might not be done improving. Judgment is the HF 15a. Global Campaign won his first two starts at Gulfstream and was 5th in a Grade 2 route March 2. That was not a bad effort, he has worked fast since raced and Saez strings along. We'll give him a long look if a starter. Instagrاند was dominant as a 2-

year-old, but he has finished 3rd in his two starts this year at and above this level. He would top the charting off either one, though, and it would be no surprise if he has his picture taken this afternoon.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Manny Wah :24.7 - Frolic More and Last Judgment :25.0 - Durkin's Call, Captain Von Trapp and Everfast :25.2

RACE APPRAISAL

ANALYSIS: A full field of 20 is likely to go over a fast track in this year's Kentucky Derby (it's spring and rain in the forecast, but let's assume that the track will be fast). Mike Smith rode *Justify* to victory for Bob Baffert last year and it was assumed that they would pair up again after Smith turned in a sharp Santa Anita Derby win with Baffert's **Roadster**. However, Smith rode Richard Mandella's **Omaha Beach** in Arkansas a week later and Smith chose to string along with Mandella's runner after guiding **Beach** home to a game win over Baffert's **Improbable**. **Omaha Beach**, like *Justify*, can set or press the pace and has more tactical speed than **Roadster**. That undoubtedly influenced the decision. Both **Omaha Beach** and **Roadster** have drawn posts that have been very unproductive. **Beach** gets the 12-hole, a post that hasn't seen a winner since 1971, while no horse from the 17-hole has ever won. **Improbable** had a number of excuses when 2nd to **Omaha Beach** last time. The blinkers that he wore that day come right back off and he seems capable of turning that tables while **Maximum Security** is the 'x' factor. He is a perfect 4-for-4 and looked strong winning the Florida Derby in a slow-early affair March

23. That was his first route and he finished faster than he started. His third quarter was faster than the first two and the next quarter was faster still. He may be able to adapt to what figures to be a faster early pace and he seems very dangerous at 10/1. He's potentially a win-or-toss type. **War of Will** and **Tax** are likely to be compromised by inside posts, while **By My Standards** looked good beating **Spinoff** when upsetting the field in the Louisiana Derby. He's trained well since raced and may be up to the task. **Improbable** could not get past **Omaha Beach** in the Arkansas Derby, but had plenty of excuses and will race without the blinkers that were tried that day. He gets a very handy post (#5) and may be able to turn the tables and do it at good odds. Baffert's **Game Winner** is 2 0-2-0 in 2019 after winning the Breeders' Cup Juvenile over this layout. The return to Churchill Downs may serve him well. **Beach** gets the HF 15a, but insist on at least 7/2. **Tacitus**, **Country House**, and **Code Of Honor**, and **Plus Que Parfait** are eligible to run on for a share. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Maximum Security :23.9 – Roadster :24.3 – Bodexpress :24.4

HORSE COMMENTS

War of Will had his three-race winning streak snapped when he struggled home as the odds-on favorite in the Louisiana Derby March 23. He found himself back in the pack following an awkward start and never recovered. This rail draw may give him similar issues.

Tax tracked the pace and finished evenly to complete the Exacta in the Grade 2 Wood Memorial April 6. He loomed up entering the stretch, but flattened out as if this longer trip may not help. He's another that may get shuffled back early or forced to run too fast too soon to get position.

By My Standards upset War of Will when he tracked the pace and split horses late to win the Grade 2 Louisiana Derby March 23. That was his first start as a winner and his numbers have improved sharply over his last two starts. He didn't figure too far back on paper last time and may be the 'now' horse. He rallied over a sloppy track here when 2nd in his sprint debut.

Gray Magician is a So Cal miler for Peter Miller. He adds speed to the race, but this would seem to be a very difficult hurdle for him to clear. He went to Dubai and ran 2nd to Plus Que Parfait March 30.

Improbable was stuck in the gate for 2 minutes in the Arkansas Derby before he acted up and back out of his stall. He was quickly re-loaded, broke awkwardly and did well to chase Omaha Beach home. He was never getting by the winner that day, but had excuses and the blinkers that he wore that day come right back off. He owns a win over this main track and he's eligible to move forward again.

Vekoma pressed the pace to win the Blue Grass April 6, but lugged-in badly once he made the lead. He's lightly-raced and eligible to improve with racing, but several others have the same running style. That said, he fits with this group.

Maximum Security is arguably the biggest 'x' factor in the lineup. He has won all four starts, but his career began with \$16,000 Maiden-Claimers Dec 20. He's won by an average of about 9-1/2 lengths and the sprinter was able to dictate the pace in the slow-early Florida Derby. He was able to run the third and fourth quarters of that race faster than the first two and was striding out gamely to the end. He tracked the pace to win his second start and may not need the lead to be dangerous at this trip.

Tacitus turned the hat trick when best in the Wood Memorial April 6. He made a strong run into the stretch in his last two wins and may be moving with Roadster when the field hits the stretch. He'll benefit if the pace is fast.

Plus Que Parfait ran well over a sloppy Churchill Downs strip when 2nd in the Kentucky Jockey Club here Nov 24, but he disappointed in two starts at the Fair Grounds. His connections skipped the Louisiana Derby and shipped him to Dubai for the UAE Derby March 30 and he split horses late to proven narrowly best. That seemed like a very confident move and he may well be very underrated on paper. Beware.

TWELFTH RACE - CHURCHILL DOWNS

Cutting Humor is one of just two Pletcher representatives in the lineup. He was shipped to New Mexico and won the Sunland Derby after making a good move into the stretch. He gamely held to the wire in that March 24 affair and deserves an outside look.

Haikal is another off-pace runner. He had his three-race winning streak snapped in the Wood Memorial when he rallied way too late behind Tacitus. He may benefit if the pace is fast and he might pass some tired horses.

Omaha Beach is 2-for-2 under Mike Smith, who opted to ride this one over Roadster. Like a few of these, 'Beach can press the pace or set it and he's 2-for-2 over sloppy tracks. Mandella thought that he was a turf horse as a son of War Front, but he's much improved since being moved to the main track. He has the speed to get perfect position, though the 12-hole has not produced a winner since 1971.

Code of Honor really had no chance the way that the Florida Derby unfolded as he was simply too far back of the slow early pace. He was one-paced to the wire when a distant 3rd behind Maximum Security and can improve with a more-realistic pace likely.

Win Win Win was far back early in both of his routes, but ran on to hit the board in both, most recently when 2nd in the Bluegrass April 6. He's another that could pass some tired horses. Horses in the 14-hole often get hammered by one of the horses coming out of the auxiliary gate, too.

Master Fancer is a Japanese Allowance winner that was second best in the rich Fukurya Stakes March 31. He can get the trip, but will essentially be running fresh off the plane and would be a big surprise.

Game Winner was the champion 2-yo after he won the Breeders' Cup Juvenile to cap a three-race winning streak. He's come up short in his first two starts in 2019, most recently when outfinished by stablemate Roadster April 6. He lost a headbob to Omaha Beach March 16 and may well be 'right there' approaching the stretch.

Roadster was allowed to sit when stablemate Game Winner made his move entering the far turn in the Santa Anita Derby April 6. He dropped back some five lengths before Mike Smith shifted him outside and let out a notch. Roadster made a strong around the turn and into the stretch and won as best without being asked for his best. He's 2-for-2 around two turns in 2019 and was very impressive. His odds figure to be higher than they would have been had Smith strung along rather than choosing Omaha Beach. Also, this one draws the 17-hole, the only post of 20 to have never produced a winner.

Long Range Toddy was done early in the Arkansas Derby April 13, but his March 16 upset win in a division of the Rebel Stakes puts him close. That race may overstate his real chances, though.

Spinoff was outfinished late when 2nd to By My Standards in the Louisiana Derby March 23. That was just his second start on the comeback trail and he likely needed the race. He seems to be the better Pletcher runner. He has upset potential.

Country House has yet to beat winners, is stuck on the far outside and seems unlikely to make a real dent.

Bodexpress chased Maximum Security from 2nd in the Florida Derby, but would seem to have far less room to improve

RACE APPRAISAL

ANALYSIS: It would not be too surprising if the winner of this race earned a start in the Preakness in two weeks, as there seems to be some promise. **Get the Prize** won his sprint debut in wire-to-wire fashion Feb 16, but Mena was asked to put him under a hold when **Prize** was stretched out vs. this kind at Keeneland April 5. He pulled early and lacked the needed rally to split the field, but may show to better advantage the second time around. **Aquadini** went wire-to-wire to beat four other Maidens around two turns March 2, but drew the outside box when tried in the Blue Grass Stakes April 6 and was never a factor. That race seems like a throw-out and much better is possible. **Great Success** is stretched

out following two sprints. He ran 2nd in his first start as a winner and should get a good stalking trip. **Bandon Woods** made a big move en route to a daylight win over Maidens when stretched out at Keeneland April 7. He goes for Chad Brown and may have the most potential. **Hoffa's Union** earned a big number beating Laurel Maidens in his Feb 28 debut, but regressed when tried on Lasix April 6. That was the Grade 2 Wood Memorial and he was just 6/1. He deserves a chance to bounce back and will share HF 15a status with **Woods**.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Bandon Woods :30.8 – Tapit Wise :31.2 – Hoffa's Union :31.5

RACE APPRAISAL

ANALYSIS: Let's focus on the top five in the paper race (or Fractional Charting to new readers). **Rotation** draws the rail after running 2nd in three of his four dirt routes. He handled the slop well enough April 13 and seems overdue for a win. **Ranger Up** has never been worse than 3rd after four starts and both of his two-turners have been decent. **Morning Social** will be routing on dirt for the first time, but was a good 2nd going a mile on the grass March 24 and has sprinted decently on dirt. He fits. **Tony Small**

was second best debuting around two turns March 23 at the Fair Grounds. Three horses from that race have already returned to win and the paper race gives this one a fighting chance to be the fourth. He gets the HF 15a. **Thetrashmanscoming** has finished in the money in six of his 10 career dirt route losses and is a Tri-only type. **CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Ranger Up :37.8 - Parade Field :38.0 - Rotation :38.3

TODAY'S RACING DIGEST is designed to simplify the handicapper's job by evaluating past performances and relating them to today's race. To that end, the Digest provides the following on each page:

1. **Distance** – This is the distance of this particular race. If this was a turf race, we'd also note that here.
2. **Conditions** – We list the race conditions here. This particular race is a Starter Allowance.
3. **Track Profile** – This feature gives you an idea of what kind of running styles (e.g., frontrunners, pressers, etc.) have been winning at the race's distance. We list the number of races included in our study (22, in this case), then list the type of running style and the win-percentage. For example, Frontrunners ("F") have won 22.7% of the 22 races at this distance while Late-Runners ("R") have won just 4.5%. (F=frontrunner, P=pressers, M=midpackers, R=Late-Runners.)
4. **Race level** – The Digest assigns a number to each type or class of race. In this case, the race is a 130 on our class scale. This number allows you to compare races of different types to determine which races are stronger, the same class or weaker. Five points equals one class level.
5. **Race Conditions** – This is an abbreviation of the Conditions of the race.
6. **Purse** – This is how much money is up for grabs for this race. In most cases, the winner usually receives about 55 percent of the purse.
7. **AFTL** – The acronym stands for Average For The Level and are "par" times for the class. In other words, this class of animal should run these times over a normal surface. Compare the horse's times listed in their Data Lines (past performances) to the AFTL to see which horses have come close to running to par for this class.
8. **Favorites** – We list the percentages for winning favorites and favorites in the money under these class, age, surface, and distance conditions. Believe it or not, certain races produce more upsets than others and we try to give you the heads up by providing these stats.
9. **Horse** – We list the horses' names here, in post-position order. Also, sometimes you'll see a symbol after the name and this indicates the horse is having some type of equipment change. For instance, a "#" indicates the addition of blinkers, a "@" indicates blinkers are coming off and, FBH indicates a Foreign-bred horse. We also note betting entries by a letter ("A" or "B") before the name.
10. **Jockey** – This lists the jockey for each horse. When you see a dot (".") after the jockey's name, it means this jockey is replacing the jockey used from the previous race. An "x" after the jockey's names indicates he is an apprentice.
11. **Fire Number** – This is the horse's FIRE Number, a speed figure that takes into account each and every time recorded by the horse during the running of a race. The higher the number, the faster the horse.
12. **Weight & Change** – We list how much weight the horse is expected to carry here, as well as the difference between today's weight and the weight carried in its last race.
13. **Age/Sex** – How old is the horse, you say? We list that here, along with the horse's sex. (c=colt, g=gelding, r=ridgling, f=filly, m=mare)
14. **RRL** - Recent Race Level. This is the Race level of the horse's last race. Compare this number to the Race level in the Race Header to quickly determine whether the horse is up or down in class.
15. **RCL** - Recent Competitive Level. We list the Race level where the horse has recently been competitive. An "x" in this column indicates a horse hasn't been competitive at any level recently.
16. **CPR** - Comprehensive Performance Rating. Another Digest speed figure, this one is the oldest of the Digest's speed numbers. Once again, the higher the number, the faster the horse.
17. **Total** – This column is the total of RCL + CPR. It gives you a class and speed figure all in one.
18. **PER** - Performance Early in Race. We list the running styles for each horse. Just as we list in the Track Profile feature, F=frontrunner, P=presser, M=midpacker, R=late-runner
19. **Handicapping Factors** – Each horse usually receives certain Handicapping Factors (HF), which serve as a type of shorthand for us to communicate certain things about a horse to you. Most important in this column is our "push" factors. When we like a horse we'll use a 2 (love the horse), 15 (really like), 15a (like) or 20 (longshot).
20. **Equipment** – This is the equipment the horse has been or is scheduled to wear. B=blinkers, FW=front wraps, 4W= four wraps,
21. **Trouble** – If the horse was in trouble in any of its races, we list that here. A "1" indicates a horse's last race, a "2" a race back, etc. If the number is in parentheses (e.g., (2)), that means it was self-caused trouble.
22. **Off Track** – If the horse is proven over an off track, we list the Track Variant for that day here.
23. **Best Prev Sur Dis** - Best Previous CPR on the surface or distance. Pretty self explanatory. Whatever the distance or surface of today's race, we note the best CPR he's earned.
24. **Past Class** - Whatever the horse's highest proven Race level, it's listed here. This let's you know how classy a horse once was.
25. **Average RCL** – This is an average of the horse's recent Race levels where it has been competitive.
26. **Last CPR** – Simple, it's the CPR (remember, the CPR is a speed figure) from the horse's last race.
27. **Fractional Chart Order of Finish** – Lists the top finishers according to the Digest's popular Fractional Charting (a projected race using representative performances from each participant in today's race).
28. **Average Times** – The times listed on the ET (Expected Times) row are those expected from today's field based on previous performances (these are the best times at each call in the Fractional Charting). The AT (Average Times) are based on the times high class horses run at the distance/surface. The AFTL (Average For The Level) times are the "par times" for today's class of runners. In other words, they are the average times run by horses at today's particular class level.
29. **Analysis** – In this section, Digest handicappers provide their assessments of today's race, emphasizing pace and class and highlighting contenders and top plays.
30. **Closers** – Which horses finish fastest? We provide the top finishers here. This information is compiled from the Fractional Charting.
31. **Horse Comments** – Digest provide information about each horse and assess their chances.
32. **Horse name** – Simply put, this is the horse's name. Just so you know, a horse's name is limited to 18 characters and spaces...that's the rules.
33. **Trainer/Jockey** – The horse's trainer and today's rider are listed, along with their record (starts, wins, 2nds, 3rds) when teaming up over the past three months. In this instance, trainer Powell and jockey Rosario have had 10 starters together, with two wins, no 2nds and one 3rd the past three months.
34. **Age/Breeding** – The first number is the horse's age, followed by his sex. After the dash (-), the horse's sire is listed. In parentheses is the sire's offspring's win percentage on turf (T), synthetic (S), and in the mud (M). This is followed by the horse's dam, which is then followed by the dam's sire (a.k.a. - the mom's dad).
35. **Trainer Stats** – We list all the pertinent trainer stats in this section, such as the trainer's record from his last 15 starters (LAST 15) and how the trainer does with any moves the horse may be making today (i.e., going from dirt to turf (D/T), route to sprint (R/S), etc.).
36. **Notes** – What trouble has the horse encountered and when? The Digest lists this in abbreviated fashion.
37. **Course Records** – Shows how the horse has done sprinting or routing over today's surface. We also list the overall record on the surface whether it is sprints or routes.
38. **Works** – Recent workouts are shown here. The info includes the track, the date, the time of the work, the condition of the surface and how the work ranked relative to other times recorded that day.
39. **Last 10 FIRE** – These are the last 10 FIRE numbers earned for the horse, just for convenience.
40. **Track** – Indicates at what track the horse's race occurred.
41. **Date & Race** – Lists the date (MM/DD/YY) and the race number (after the dash) of the horse's race.
42. **Distance/Surface** – This is the distance, as well as the surface of the race. "T" indicates the race was a turf race. Sprints (under one mile) are noted in furlongs, whereas routes (one mile and over) are noted in miles, plus additional distance.
43. **Post Position & Key Race Winners** – The first number is the horse's post position for the race, followed by the total number of all the horses in the field. The numeral after the dash indicates how many horses returned from the particular race to win their next starts. Theoretically, the higher the number, the stronger that particular race.
44. **Weight** – This is the weight carried by the horse.
45. **Trainer/Jockey** – The horse's trainer and jockey for the particular race is noted here.
46. **Track Condition** – Was the track fast, muddy or sloppy? Was the turf firm or good? We note that in abbreviated form here. (FM = firm, FT = fast, GD = good, etc.)
47. **Track Bias** – A tremendous Digest feature. This column displays any bias that was in effect during the horse's race. We note the type of bias (O = outside, I = inside, F = speed bias, L = late-runner bias) as well as the strength of the bias on a scale of 1 to 3, with 1 being a mild bias and 3 being a dominant bias.
48. **Race Type** – Lists the type of race in abbreviated format.
49. **Race Conditions** – These are the conditions of the Race Type.
50. **RCL** – Race Competition Level. The level represents the strength of the race on the Digest's class scale. Comparing these numbers to one another allows the handicapper to see if the horse was moving up or down in class from race to race.
51. **CPR** – The number is one of the many Digest speed figures. This is the horse's CPR for each race.
52. **Finish Position & Beaten Lengths** – The first number is position the horse finished the race, followed by how many lengths he was beaten (or won by if the first number is a "1") crossing the wire.
53. **Odds** – The Digest lists both the horse's Morning Line odds and the Actual Odds at post time. This gives you an idea if the horse was bet (perhaps he was "live") or not ("dead on the board"). The "↑" indicates the horse was the post time favorite.
54. **Track Variant** – Sometimes surfaces can be slower or faster than normal for various reasons, usually due to weather or track maintenance. The variant adjusts the surface speed to account for these variances, and we list it here just because we believe in transparency.
55. **Position at Each Call & Beaten Lengths** – The first number is the horse's position at each call followed by his/her time at those calls (these are not the leaders times, they are this horse's particular times for the race). All times are adjusted to today's distance and surface, taking into account differences in track pars and variants (routes are adjusted to route and sprints to sprints, but not routes to sprints or vice versa). This allows for easy comparison among different distances and between tracks. In essence, the Digest does all the work so you don't have to.
56. **Last Fraction** – The final fraction the horse earned in the race. The final fraction has also been adjusted to account for differences in tracks, surfaces, pars and variants.
57. **Pace & Final Time Ratings** – Under the first column is the Pace Rating earned, a number which takes into account the speed the horse displayed through the first two calls. The second column lists the Final Time Rating, a speed figure that takes into account only the final time of the horse.
58. **Equipment** – All the equipment worn by the horse for its race is listed here. (L=Lasix, b=blinkers, 4=four wraps, F=front wraps, C=the horse was claimed out of the race).

RACE APPRAISAL

- 29 ANALYSIS:** All six of these plot within less than three lengths at the wire, and they appear about that hard to separate. Looking for a price, we have some interest in **Warrens Stormalert** as a potential improver. He was ambitiously placed in the Snow Chief Stakes April 25, his first as a winner and first route, and, though he faded toward the rear, the effort figures OK with these. Low-profile connections should prompt some decent odds, so he's the HF 20 (longshot).
- 30 CLOSERS:** Fastest in the stretch in recent races at or near this distance have been: Green Card James :31.0 - Benezit :31.3 - Troubletimesthree :31.

HORSE COMMENTS

- 31** **Troubletimesthree** has usually run pretty well in five starts at this level, but was favored in three of them and finished farther back than usual April 15. He charts in the hunt, but he seems to have a bit to prove.
NOTES: Outrun April 15. Mild rally March 18. Mild wide rally Feb 19. Lacked racing room entering the stretch Jan 25.
- Warrens Stormalert** is bred to route, but the April 25 jump up to the Snow Chief Stakes for his first try with winners and initial route was pretty ambitious. He tracked a Lone 'F' leader and faded badly. Still, the effort gives him a shot on paper, so he can't be denied a chance on the drop.
NOTES: Wide around the first turn, chased and tired April 25.
