RACE APPRAISAL

ANALYSIS: There doesn't appear to be a lot of early speed lined up and maybe **Stormquist** can take advantage. He was last of seven last time out vs. NW2L \$25,000 claimers July 12. However, he was 2nd in his previous two dirt sprints and he was claimed by Kantarmaci that day. Franco takes over and the class drop can only help. Stormquist is the HF 15a. Heard On Thestreet was 2nd vs. this kind after a pressing trip June 29. He was claimed by Rice out of that one and Ortiz Jr. takes over. His numbers are going the right way and we'll give him a look. Venge tops the

charting off his big win vs. \$20,000 Maiden-Claimers May 25. Off since, he is now in the Ferraro barn and they rarely wins with comebackers. However, the gelding seems properly-spotted for his return and we'll tab the tote for clues as to his readiness.

CLOSERS: Fastest in the stretch in recent races at or near this distance have been: Manny Penny :37.8 - Paschal Moon and Midnight Express :38.2

HORSE COMMENTS

Heard On Thestreet tracked the pace and held 2nd vs. this kind June 29. He shows a rising numbers pattern, he was claimed by Rice that day and Ortiz Jr. takes the call. The gelding charts well and we'll give him a look. **October Bliss** never threatened vs. similar routers July 25. He is unproven sprinting on dirt and he appears to be an outsider. Paschal Moon has finished 6th in his last two starts including off the claim by Morley vs. NW2L \$25,000 sprinters Aug 7. The class drop might help and Cancel is back to ride, but we'll look elsewhere for the winner. Bonne Chance finished 3rd in a like event July 20. He makes his third

start off the bench, but he charts in the middle and another minor award may be his limit. Solo in Paris finished 6th in that July 20 event. His form prior to that

wasn't much either and he would be a surprise winner. **Giant's Fire** was claimed by Abreu out of his 9th vs. NW2L \$25,000 sprinters Aug 7. He was a distant 2nd vs. that kind prior to that one and

10 Η

Vazquez takes over. However, he doesn't seem to be improving and we'll pass on the win end.

Midnight Express has had his chances at this level and was 4th at one mile Aug 21. He was 2nd in his last sprint July 20 and Rosario is back to ride, but he may be more pretender than win contender.

Venge has been off since his big win vs. \$20,000 Maiden-Claimers May 25. Now in the Ferraro barn, they rarely win with comebackers. However, the gelding plots well and he may be properly-spotted at this level. Watch the betting.

Stormquist was a pace factor only vs. NW2L \$25,000 sprinters July 12. He was claimed by Kantarmaci out of that one and Franco takes over. He earned solid ratings in his previous two sprints and maybe he can find more stick vs. this group.

Manny Penny has been beaten double digits in his four starts as a winner and is trouble prone. This will be his first start vs. restricted claimers, but he still seems like an outsider.
